**An Ethical Turn in Governance** Pearson A. Broome,2021-04-09 The recurring image throughout the developing world is one of the disintegration of civil order debilitating leaders into a crisis of governance Not a day goes by without extensive media coverage of some form of corruption perceived or real concerning the lack of productivity and or increasing incidences of fraud and unethical behavior An Ethical Turn in Governance The Call for a New Development Narrative posits that the intensification of this crisis is compatible with the root cause of capitalist modernization with its rapid and disorientating changes To mitigate the accompanying effects a call is made for re conceptualization of the search for a solution through incorporating and strengthening the value of an ethical consciousness in our thinking and policies of governance The idea is an urgent possibility perhaps even a controversial and ambitious proposal for countries to begin imagining how it might be brought about and what it would look like The central aim and objective is to move toward a framework for continued theory development and empirical research thereby offering a new narrative on governance and by extension development Recognizing that the inclusion of an ethical turn in governance is fraught with difficulty because of the different opinions the

relativism of different value systems and options identified often derived from the perspectives of various stakeholders a call is made for an interactive discourse in the public sphere The argument advanced is that a body politic with sensible social values germane to the policy process is the best way in which human conduct is ordered guided and appraised in order to live together in well functioning societies critical for the success of any democracy Three Plays of Maureen Hunter Hunter, Maureen,2003 Book is clean and tight No writing in text Like New Perspectives on Contemporary Ethnic Conflict Santosh C. Saha,2006-01-01 The existing traditions of inquiry into ethnic conflict can be classified into four categories essentialism instrumentalism constructivism and institutionalism All four traditions have a distinguished lineage but none can really account for the worldwide spread of ethnic violence We need to move from the local to the macro or global This book using methodology from sociology history and politics will present the complexities of ethnic conflict in terms of linguistics religion territory and tribes in various regions These brilliant essays look at some of the most conflicted sites in the world where ethnic violence has been created and played out Burma Indonesia Rwanda Burundi Nigeria the Sudan Mexico and Guyana Divided into two parts Perspectives on Contemporary Ethnic Conflict is a rich text for scholars of conflict studies focusing on the sources and dynamics of ethnic violence and providing descriptions of ethnic conflict across the globe

Financial Crises, Poverty and Environmental Sustainability: Challenges in the Context of the SDGs and Covid-19 Recovery Andreas Antoniadis,Alexander S. Antonarakis,Isabell Kempf,2022-01-03 This volume advances the state of the art in the study of the interplay among financial crises poverty dynamics and environmental sustainability It offers timely and unique contributions to the immediate global challenge of sustainable development Developing a new evidence base the volume offers concrete recommendations for policy action needed in advancing the Sustainable Development Goals SDGs in relation to environment and poverty during the current conditions of financial distress The approach taken is inductive and evidence driven Most analysis is based on in depth case studies that aim to offer a detailed and dynamic picture on how poverty and environmental sustainability interact in specific social contexts and financial crises In this way the volume aims to generate a wealth of new and concrete evidence that offer a solid foundation to understand the multiple channels through which social and environmental factors interact and the ways in which this interaction can and should be managed in order to achieve the needed global transition to sustainability Broader dynamics that are covered and analysed include the historical legacies of structural adjustment and colonialism the current debt wave experienced in developing countries the role of inequality the significant impact that climate change has on livelihoods and on meeting the SDGs the new challenge presented by the Covid 19 pandemic for the SDGs the challenge of sustainable funding for SDGs and the need for a new eco social contract Case studies examined include Cambodia Ethiopia India Indonesia Zambia and subregions such as the Caribbean sub Saharan Africa and Lower Mekong Countries The volume is part of a joint initiative by the Sussex Sustainability Research Programme SSRP of the University of Sussex the UNDP UNEP Poverty Environment Action for

Sustainable Development Goals and the United Nations Research Institute for Social Development UNRISD The overall aim is to advance a new research programme and foster a better understanding of the multiple complex and often opposing ways through which the punctuated economic slowdown of financial crises poverty dynamics and environmental sustainability interact It also makes novel recommendations into how poverty reduction and environment can work in synergy rather than being antagonistic especially during financial distress leading into recommendations directly geared towards achieving the SDGs and beyond
