Comparative Politics Daniele Caramani, 2017 With an unparalleled amount of empirical material this is the most comprehensive introduction to comparative politics written by the leading experts in the field

The Political Economy of Caribbean Development M. Bishop, 2013-09-12 Studies of the global political economy have rarely engaged with development in the Caribbean the thought of its indigenous intellectuals or the non sovereign territories of the region Matthew Bishop compares the development of the independent English speaking islands of St Lucia and St Vincent and their non sovereign French neighbours Martinique and Guadeloupe By explaining how distinctive patterns of British and French colonialism and decolonisation came to bear on them he

investigates how very different patterns of development have subsequently ensued often with startling consequences in this era of globalization and crisis By engaging with the empirical reality of the Caribbean his study sheds light on a range of wider debates relating to development indigenous thought post colonial sovereignty small states and the contemporary evolution of the global political economy **Global Political Economy** John Ravenhill,2011-01-13 Featuring carefully edited contributions from an impressive line up of international scholars Global Political Economy Third Edition is an authoritative introduction that combines coverage of history and theoretical approaches with contemporary issues and debates The expert contributors offer a diverse range of perspectives and insights into the relevance of global political economy within international relations Fully up to date the third edition features substantially revised chapters that reflect the latest developments in global political economy particularly the events and outcomes of the 2008 financial crisis The text is enhanced by pedagogical features and a two color design A Companion Website offers resources for students a flashcard glossary a timeline and links and instructors PowerPoint based slides case studies and figures and tables from the book

Encyclopedia of International Relations and Global Politics Martin Griffiths,2013-11-26 The study of international relations has changed rapidly in recent years Firstly as a consequence of major political and economic change the end of the cold war and the fall of communism the resurgence of nationalism terrorism and forms of fundamentalism globalization and secondly linked with these developments because of the vitality of the discipline with ongoing debates on the fundamental paradigms for the understanding of international relations and the emergence of the perspectives of feminism postmodernism constructivism and critical theory The Routledge Encyclopedia of International Relations and Global Politics provides a unique reference source for students and academics covering all aspects of global international relations and the contemporary discipline across IR s major subject divisions of diplomacy military affairs international political economy and theory Written by a distinguished group of international scholars the Encyclopedia is largely comprised of substantial entries of more than 1 000 words with fifty major entries of 5 000 words on core contemporary topics Each entry is fully cross referenced and followed by a listing of complementary entries and a short bibliography for further reading The whole is comprehensively indexed There is no other resource of its kind and the Encyclopedia of International Relations and Global Politics will be an extremely valuable addition to all libraries supporting teaching and research in the social sciences

Dictionary of the Modern Politics of Japan Prof J A A Stockwin,J. A. A. Stockwin,2003-08-27 An accessible work of reference bringing together information and authoritative analysis on all aspects of the politics of Japan and the Japanese political system **Toward Better Governance in China** Baogang Guo,Dennis V. Hickey,2009-11-12 Toward Better Governance in China takes a fresh look at the latest efforts made by Chinese leaders to promote governance based reform It asserts that the improvement of governance has now become one of the breakthrough points of the much anticipated political reform Although the Chinese government continues to play down expectations about political reform many small scale reform

experiments have been quietly undertaken by Chinese leaders at various levels in recent years including the new round of administrative reform centered on the creation of super ministries the enlargement of inner party democracy within the Chinese Communist Party CCP the strengthening of local legislative bodies and judicial reform designed to promote judicial independence and rule of law This strategy calls for strengthening governing capacity and changing government functions One of the advantages in placing the improvement of governance first is that it is less risky than embarking upon a full scaled electoral reform Electoral democracy is undoubtedly an important element in a functional democracy But equally important is the effectiveness transparency accountability and openness of the governing process Better governance implies greater transparency open deliberation and participation and less adversarial political confrontation and conflict If constructed properly China may become the sort of democratic administration or administrative democracy that Robert Dahl discussed in 1947 Clearly political reform of this kind does not follow the conventional wisdom of a democratic transition which places heavy emphasis on electoral reform or the precedence of the electoral reform to the government reform This book is intended to shed some new light on the ongoing debate about the direction of China's political development

The Political Economy: Readings in the Politics and Economics of American Public Policy Thomas Ferguson, Joel Rogers, 2021-02-14 The Political Economy is ideally suited as a supplementary text for courses in American government and politics policy studies business government relations and economic issues and policy making It integrates selections from the very finest new and classical works of political and economic analysis by distinguished scholars into a comprehensive overview of the American political system

[The Effects of Rebel Parties on Governance, Democracy and Stability after Civil Wars](#) John Ishiyama, Gyda M. Sindre, 2022-11-30 This book provides a systematic overview and in depth analysis of the effects of rebel group inclusion on democracy following the end of conflict across the globe It examines different types of rebel groups addressing the subject matter through the lens of three dimensions democracy stability and governance which structure the book and the individual chapters As such it affords a rare opportunity to bring together two heretofore separate research traditions conflict studies and political parties This book will be of key interest to scholars and students of political parties and party theory civil wars and peacebuilding democratization studies and state building and more broadly to comparative politics development studies and security studies

Comparative Government and Politics John McCormick, Rod Hague, Martin Harrop, 2025-01-11 What are the markers of authoritarian and democratic states and all those that fall somewhere in between How do principles institutions and political processes differ from state to state And what can we learn from political comparison on a global scale Comparative Government and Politics offers a compelling and accessible introduction to the subject This book will help you to understand the wide range of institutions and political cultures across the world including the common essential elements and levers of a state how democratic and authoritarian regimes operate internally and on the global stage and the relationship between a population and a polity An essential text for courses on

Comparative Politics Comparative Government Introduction to Politics and Introduction to Political Science This Thirteenth Edition includes An increased focus on themes of democratic reversal and declining trust Coverage of contemporary topics with new and extended coverage of LGBTQ issues identity politics and populism New and updated country spotlights reflecting the changing state of democracy across the world An accessible design for students of all levels with maps diagrams and tables discussion questions and further reading suggestions A companion website with features to support continued learning bloomsbury pub comparative government and politics 13e

The Technocratic Challenge to Democracy Eri Bertso, Daniele Caramani, 2020-03-09 This book represents the first comprehensive study of how technocracy currently challenges representative democracy and asks how technocratic politics undermines democratic legitimacy How strong is its challenge to democratic institutions The book offers a solid theory and conceptualization of technocratic politics and the technocratic challenge is analyzed empirically at all levels of the national and supra national institutions and actors such as cabinets parties the EU independent bodies central banks and direct democratic campaigns in a comparative and policy perspective It takes an in depth analysis addressing elitism meritocracy de politicization efficiency neutrality reliance on science and distrust toward party politics and ideologies and their impact when pitched against democratic responsiveness accountability citizens input and pluralist competition In the current crisis of democracy this book assesses the effects of the technocratic critique against representative institutions which are perceived to be unable to deal with complex and global problems It analyzes demands for competent and responsible policy making in combination with the simultaneous populist resistance to experts The book will be of key interest to scholars and students of comparative politics political theory policy analysis multi level governance as well as practitioners working in bureaucracies media think tanks and policy making

Conceptual Economics: The Liaising Role In Politics And Social Sciences Kui-wai Li, 2021-01-18 Given that there is no shortage of economic theories while economic problems are growing periodically Conceptual Economics boldly attempts to initiate a new approach by employing conceptual and intuitive tools to examine the intra relationship between microeconomics and macroeconomics as well as the inter relationship between economic analysis and other social science studies especially the relationship with political science The few intuitive ideas include the separation between ex ante situations and ex post outcomes the difference between endowment differences and unequal outcomes and the role of economics as a vehicle in the delivery of numerous social and political activities The discussion extends to cover an analysis on human values and concludes with a recommendation on the functionality of civic capitalism With intuition and analytical reasoning within economics and with other social sciences Conceptual Economics can become a new branch in economic study where scholars analysts and intellectuals could think outside the box by liaising a wider economic perspective and or amalgamating non economic aspects into their analysis This shall provide a new dimension to solving human economic problems and possibly area of intellectuality

The Oxford Companion to Politics of the World Joel

Krieger,2001-08-02 The world has seen dramatic changes since the publication of the first edition of The Oxford Companion to Politics of the World in 1993 In the post Cold War world globalization now offers wealth and opportunities on a broader scale as well as greater international harmony but threatens to reinforce the advantage gap between wealthy and poor regions and intensify environmental degradation Conflict and squalor expressed in brutal brushfire wars epidemics and chronic underdevelopment vie with equally dramatic accounts of growth and democracy associated with a liberal political order and the global diffusion of trade investment and communications Drawing on the breadth of the first edition this updated edition reflects the changing world with a reassessment of many of the core themes of the Companion and new articles on the people concepts and events that have shaped the world since 1993 The second edition includes biographies of Kofi Annan Tony Blair Bill Clinton and Gerhard Schröder articles on events such as the Rwandan Genocide and the war in Kosovo and coverage of international trade developments such as NAFTA and the World Trade Organization Eighty seven of the 672 articles in the Second Edition are completely new most others are thoroughly revised This edition also features a substantial new set of articles a dozen essays on critical issues written by influential figures Recognizing the importance of including varying viewpoints the editors have commissioned these essays to provide an informed and often passionate debate on controversial topics Discussions include Lani Guinier and Glenn Loury on Affirmative Action Francis Fukuyama and Milton Fisk on the Limits of Liberal Democracy and Lloyd Axworthy and John Bolton on the United Nations The contributors discuss nearly every nation in the world including extensive information on institutions political parties leaders and the sources of political mobilization and conflict The volume also includes biographies of more than seventy five political leaders and thinkers who have shaped the contemporary political world Articles include detailed discussions of critical historical developments and events concepts international law and organizations The Oxford Companion to Politics of the World Second Edition is an accessible timely thought provoking and comprehensive reference that captures the complexity and vitality of contemporary world affairs
