Envisioning Brazil is a comprehensive and sweeping assessment of Brazilian studies in the United States Focusing on synthesis and interpretation and assessing trends and perspectives this reference work provides an overview of the writings on Brazil by United States scholars since 1945 The Development of Brazilian Studies in the United States provides an overview of Brazilian Studies in North American universities Perspectives from the Disciplines surveys the various academic disciplines that cultivate Brazilian studies Portuguese language studies Brazilian literature art music history anthropology Amazonian ethnology economics politics and sociology Counterpoints Brazilian Studies in Britain and France places the contributions of U S scholars in an international perspective Bibliographic and Reference Sources offers a chronology of key publications an essay on the impact of the digital age on Brazilian sources and a selective bibliography Modern Portuguese Portuguese Language Development Group, Richard Barrutia, Rachel de Queiroz, 1966 **National Union Catalog** , 1973 Includes entries for maps and atlases **Publications of the Modern Language Association of America** , 1965-03 Vols for 1921 1969 include annual bibliography called 1921 1955 American bibliography 1956 1963 Annual bibliography 1964 1968 MLA international bibliography **Creoles, Their Substrates, and Language Typology** Claire Lefebvre, 2011-01-01 Since creole languages draw their properties from both their substrate and superstrate sources the typological classification of creoles has long been a major issue for creolists typologists and linguists in general Several contradictory proposals have been put forward in the literature For example creole languages typologically pair with their superstrate languages Chaudenson 2003 with their substrate languages Lefebvre 1998 or even creole languages are alike Bickerton 1984 such that they constitute a definable typological class McWhorter 1998 This book contains 25 chapters bearing on detailed comparisons of some 30 creoles and their substrate languages As the substrate languages of these creoles are typologically different the detailed investigation of substrate features in the creoles leads to a particular answer to the question of how creoles should be classified typologically The bulk of the data show that creoles reproduce the typological features of their substrate languages This argues that creoles cannot be claimed to constitute a definable typological class *Analyzing Grammar* Paul R. Kroeger, 2005-05-05 Analyzing Grammar is a clear introductory textbook on grammatical analysis designed for students beginning to study the discipline Covering both syntax the structure of phrases and sentences and morphology the structure of words it equips them with the tools and methods needed to analyze grammatical patterns in any language Students are shown how to use standard notational devices such as phrase structure trees and word formation rules as well as prose descriptions Emphasis is placed on comparing the different grammatical systems of the world s languages and students are encouraged to practice the analyses through a diverse range of problem

sets and exercises Topics covered include word order constituency case agreement tense gender pronoun systems inflection derivation argument structure and grammatical relations and a useful glossary provides a clear explanation of each term Accessibly written and comprehensive Analyzing Grammar is set to become a key text for all courses in grammatical analysis
