of women's studies *The Undergraduate's Companion to Women Poets of the World and Their Web Sites* Katharine A. Dean, 2004-03-30 Devoted exclusively to women poets this volume in the Undergraduate Companion Series presents students with an abundance of important resources necessary for 21st century literary research The most authoritative informative and useful Web sites and print resources have carefully been selected and compiled in a bibliographic guide to the introductory works of 221 women poets who write in English or have works available in English translation Representing more than 25 nationalities worldwide the women included in this volume have each contributed significantly to the genre of poetry For each author you will find concise lists of the best Web sites and printed sources including biographies criticisms dictionaries handbooks indexes concordances journals and bibliographies **Spanish Women Writers and Spain's Civil War** Maryellen Bieder, Roberta Johnson, 2016-12-01 The Spanish Civil War 1936-1939 pitted conservative forces including the army the Church the Falange fascist party landowners and industrial capitalists against the Republic installed in 1931 and supported by intellectuals the petite bourgeoisie many campesinos farm laborers and the urban proletariat Provoking heated passions on both sides the Civil War soon became an international phenomenon that inspired a number of literary works reflecting the impact of the war on foreign and national writers While the literature of the period has been the subject of scholarship women's literary production has not been studied as a body of work in the same way that literature by men has been and its unique features have not been examined Addressing this lacuna in literary studies this volume provides fresh perspectives on well known women writers as well as less studied ones whose works take the Spanish Civil War as a theme The authors represented in this collection reflect a wide range of political positions Writers such as Maria Zambrano Merc Rodoreda and Josefina Aldecoa were clearly aligned with the Republic whereas others including Mercedes Salisachs and Liberata Masoliver sympathized with the Nationalists Most however are situated in a more ambiguous political space although the ethics and character portraits that emerge in their works might suggest Republican sympathies Taken together the essays are an important contribution to scholarship on literature inspired by this pivotal point in Spanish history *In Her Words* Margaret H. Persin, 2011-04-29 During her lifetime Gloria Fuertes achieved the status of a controversial cultural icon both through her poetry for adults and through her poetry recorded readings and television programs for juveniles This collection of lively essays by authors who specialize in contemporary Spanish poetry approaches the works of Gloria Fuertes from various theoretical and critical perspectives *In Her Words* speaks to the inherent complexity of Gloria Fuertes poetry as manifested in its ultimate indeterminacy and indecision yet attests to this poet's abiding value as the voice of the marginalized women the poor children all the invisible members of society who were silenced during the years of Spanish dictatorship under Franco This book manifests the prescience of Fuertes stands on a variety of social and cultural issues from women's changing roles in society gender and sexuality identity within a society held captive by a dictatorial regime to more universal themes such as love justice ethics nature and obsolete societal norms *In Her Words* decisively addresses and

ultimately rejects the Spanish cultural elite's inclination to disavow Fuertes' influence and reveals how her voice has shaped succeeding generations of Spanish poets and underscored the ubiquity of her verse in contemporary Spanish literature and culture. The subtlety and diversity of the essays included in this volume attest to the power of Gloria Fuertes' poetic creativity, her ability to appeal to a wide audience both in Spain and abroad, and her place in the contemporary Spanish poetic canon.

Mapping the Fiction of Cristina Fernández Cubas Kathleen Mary Glenn, Janet Pérez, 2005 Cristina Fernandez Cubas is without question one of the most important of the Spanish writers who have begun to publish since the end of the Franco dictatorship. Credited with playing a major role in the renaissance of the short story in Spain, she has won national and international acclaim for her fiction. Works by her have been translated into eight languages and have become a staple of university courses on contemporary Peninsular literature. Fernandez Cubas has created a remarkably coherent narrative world nourished by a core of fundamental concerns. The eleven essays of *Mapping the Fiction of Cristina Fernandez Cubas* examine the intellectual preoccupations, narrative strategies, and rhetorical devices that distinguish the four volumes of short stories, two novels, the play, and the book of memoirs that she has published to date.

Contemporary Spanish Women's Narrative and the Publishing Industry Christine Henseler, 2003 As in other countries, the effects of commercialization in Spain are changing the direction of publishing. Arguing that women face a particularly complex situation because the inclusion of their work is still considered a novelty in a male-dominated field, Christine Henseler examines the strategies of Spanish women authors in the face of market forces. In a consumer economy that places books in supermarkets and mega bookstores and in which novels are promoted and read more for entertainment than for their literary merit, women's books tend to be more highly regarded when they cater to feminist, erotic, or commercial niche markets. Henseler examines the visual creation of the seductive female body inside and outside the texts and the verbal application of this female figure on a narrative level in the works of authors including Paloma Díaz Mas, Lourdes Ortiz, Cristina Peri Rossi, Esther Tusquets, Almudena Grandes, and Lucía Etxebarria. She looks at novels of seduction, award-winning novels, and novels sold on the basis of an author's prior reputation, as well as advertisements, literary prizes, and reviews. She also draws on interviews with authors to provide insider views of contemporary Spanish publishing.

Contemporary Spanish Women's Narrative and the Publishing Industry reveals the ways women writers are reacting both textually and promotionally to the changing demands of the publishing industry and the construction of a literary canon.

Moveable Margins Kathleen Mary Glenn, Mirella D'Ambrosio Servodidio, Mary Seale Vázquez, 1999 The second section contains ten critical essays that apply widely varying critical approaches that range from feminist, psychoanalytical, formalist, poststructuralist, new historical, and intertextual to postmodern and postcolonial. The volume also features Riera's hitherto unpublished play in the Catalan original and in English translation. This book will appeal to those interested in twentieth-century Peninsular literature, comparative literature, feminist criticism, gender studies, and cultural studies.

Ophelia Sharon Keefe Ugalde, 2020-05-15 The study emphasizes

the role of the arts and humanities in the re plotting of gender and also links cultural production to political circumstances specifically to the end of the Franco dictatorship and the transitional to a new democracy in Spain The inclusion of both the visual art of Marina N nez and art photographs as well as literary authors and dramatists offers views of overarching motifs in the cultural production of Spain The book includes an historical component with an analysis of works by major nineteenth and early twentieth century Spanish poets including Espronceda B cquer Villaspesas Lorca and the pioneer female author Blanca de los Rios The list of writers from the 1970s forward includes both highly recognized figures Clara Jan s Mar a Victoria Atencia Eduardo Quiles and an extensive group of important writers less recognized beyond among critics

Petersen, 2015-12-24 *Espectros* is a compilation of original scholarly studies that presents the first volume length exploration of the spectral in literature film and photography of Latin America Spain and the Latino diaspora In recent decades scholarship in deconstructionist hauntology trauma studies affect in image theory and a renewed interest in the Gothic genre has given rise to a Spectral Studies approach to the study of narrative Haunting the spectral and the effects of the unseen carry a special weight in contemporary Latin American and Spanish cultures referred to in the book as Transhispanic cultures due to the ominous legacy of authoritarian governments and civil wars as well as the

imposition of the unseen yet tangible effects of global economics and neoliberal policies Ribas and Petersen's detailed introductory analysis grounds haunting as a theoretical tool for literary and cultural criticism in the Transhispanic world with an emphasis on the contemporary period from the end of the Cold War to the present The chapters in this volume explore haunting from a diversity of perspectives in particular engaging haunting as a manifestation of trauma absence and mourning The editors carefully distinguish the collective cultural dimension of historical trauma from the individual psychological experience of the aftermath of a violent history always taking into account unresolved social justice issues The volume also addresses the association of the spectral photographic image with the concept of haunting because of the photograph's ability to reveal a presence that is traditionally absent or has been excluded from hegemonic representations of society The volume concludes with a series of studies that address the unseen effects and progressive deterioration of the social fabric as a result of a globalized economy and neoliberal policies from the modernization of the nation state to present
