## Modern Britain 1885 1955:

Modern Britain, 1885-1955 Henry Pelling, 1960      Modern Britain, 1885-1955 Henry Pelling, 2009-07 This scarce antiquarian book is a facsimile reprint of the original. Due to its age it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving and promoting the world's literature in affordable, high-quality modern editions that are true to the original work.      *Modern Britain* John A. R. Marriott, 1967      *A History of England: Modern Britain, 1885-1955* Christopher Nugent Lawrence Brooke, Denis Mack Smith,      *Modern England, 1901-1984* Alfred F. Havighurst, 2004-07-08 The most comprehensive bibliography of printed books, articles and standard texts on twentieth-century England.      *Modern Britain, 1885-1955* Henry Pelling, 1965      **Longman Handbook to Modern British History 1714 - 2001** Chris Cook, John Stevenson, 2014-07-10 This compact and accessible reference work provides all the essential facts and figures about major aspects of modern British history from the death of Queen Anne to the end of the 1990s. The Longman Handbook of Modern British History has been extended to include a fully revised bibliography reflecting the wealth of newly published material in recent years, the new statistics on social and economic history and an expanded glossary of terms. The political chronologies have been revised to include the electoral defeat of John Major and the record of New Labour in office. Designed for the student and general reader, this highly successful handbook provides a wealth of varied data within the confines of a single volume.      *Late Victorian Britain 1875-1901* J.F.C. Harrison, 2013-06-17 Drawing heavily on the recollections and literature of the people themselves, Harrison places late Victorian Britain firmly in its social and political context.      **Victorian England 1837-1901** Josef Lewis Altholz, J. L. Altholz, 2002-08-22 This book contains 2,500 bibliographical entries covering most aspects of the history of Victorian England.      **Orwell** Ian Slater, 2003 In Moulmein in Lower Burma I was hated by large numbers of people. So begins one of Orwell's most famous essays. In *Orwell: The Road to Airstrip One*, Ian Slater explains why Orwell was hated in Moulmein and takes us on a fascinating intellectual journey that traces the development of Orwell's political and social criticism. Using a uniquely thematic approach, Slater also examines Orwell's self-criticism and finally the hidden and corrosive dangers of state and self-imposed censorship in a security-obsessed world. Slater's tour de force is critically acclaimed by those on both the left and the right. It moves from Orwell's schooldays in England and his time as a policeman in Burma through his years as a struggling poet, dishwasher, tramp in Paris and tutor, schoolmaster and bookshop assistant in London to his critical experiences during the Spanish Civil War. Slater takes us beyond the events of Orwell's life to the bitter satire of the Russian Revolution in *Animal Farm* and the horrifying terror of Room 101 in 1984, Orwell's final novel, and shows that 1984 is as much a warning about the state of mind we call totalitarianism as it is a prophecy of an actual political state. As the war on terrorism continues and governments demand ever-increasing power over the individual in order to combat terrorism, *Orwell: The Road to Airstrip One* is reissued during

Orwell's centenary warns us that he who fights with monsters should be careful lest he thereby become a monster

**The Progressive Alliance and the Rise of Labour, 1903-1922** Samantha Wolstencroft, 2018-05-14 This book provides a detailed study of the politics of the Progressive Alliance at the constituency level from its inception in 1903 to collapse during the First World War. It evaluates the character, development and difficulties of progressive co-operation and considers the long-term viability of an electoral alliance between the Liberal and Labour parties. Samantha Wolstencroft provides an exhaustive analysis of political change in two of Britain's major industrial centres, Manchester and Stoke-on-Trent, during a period that witnessed the decline of the Liberal Party and rise of Labour. She evaluates the difficulties faced by the early Labour Party in its attempt to attain a foothold within the political landscape, examines the impact of the experience of the First World War upon the political parties and demonstrates the power of issues and the role of candidates in the transformation of electoral politics in Britain in the immediate aftermath of war.

**A Starter on Support-Bargaining and Money-Bargaining in Twenty-Eight Digestible Bites** Patrick Spread, 2018-12-29 This book provides an introduction to the theory of support bargaining and money bargaining. Support bargaining arises from the propensity of all individuals to seek the support of those around them and is the underlying mechanism of democratic societies. It is also the underlying mechanism of theory formation. Intellectual support bargaining is the process by which support is assembled for ideas and theories. Mainstream economic theory or neoclassical theory can be seen as formulated to advance individual interest. It is mainstream because it has assembled sufficient support to give it ascendancy in academia. It reconciles private and public interest in a mathematical account of resource allocation. Money bargaining, in contrast, explains the process of economic exchange. Transactions are based on information so that the character of information itself influences the conduct of exchange. This volume provides a radically new explanation of the functioning of human societies that will be recognised as entirely consistent with common observation and experience.

*British Theatre Since the War* Dominic Shellard, 2008-10-01 British theatre of the past fifty years has been brilliant, varied and controversial, encompassing invigorating indigenous drama, politically didactic writing, the formation of such institutions as the National Theatre, the exporting of musicals worldwide from the West End and much more. This entertaining and authoritative book is the first comprehensive account of British theatre in this period. Dominic Shellard moves chronologically through the half-century, discussing important plays, performers, directors, playwrights, critics, censors and agents, as well as the social, political and financial developments that influenced the theatre world. Drawing on previously unseen material such as the Kenneth Tynan archives, first-hand testimony and detailed research, Shellard tackles several long-held assumptions about drama of the period. He questions the dominance of *Look Back in Anger* in the 1950s, arguing that much of the theatre of the ten years prior to its premiere in 1956 was vibrant and worthwhile. He suggests that theatre criticism, theatre producers and such institutions as the National Theatre and the Royal Shakespeare Company have played key roles in the evolution of recent drama. And he takes a fresh look at the

work of Terence Rattigan Harold Pinter Joe Orton Alan Ayckbourn Timberlake Wertenbaker and other significant playwrights of the modern era The book will be a valuable resource not only for students of theatre history but also for any theatre enthusiast

**Pitmen Preachers and Politics** Robert Samuel Moore, Robert Moore, 1974-07-11 A study of four Durham mining villages in the period 1870 to 1926 which examines the effects of Methodism on the political life of the villages during an especially important phase of trade union and political history Professor Moore's research is both vivid and scholarly He lived in the community he can report first hand on the villagers he talked with and at the same time he produces an ambitious contribution to the social sciences

*Measuring the Mosaic* Rick Helmes-Hayes, 2010-01-28 Measuring the Mosaic is a comprehensive intellectual biography of John Porter 1921-1979 author of *The Vertical Mosaic* 1965 preeminent Canadian sociologist of his time and one of Canada's most celebrated scholars In the first biography of this important figure Rick Helmes Hayes provides a detailed account of Porter's life and an in depth assessment of his extensive writings on class power educational opportunity social mobility and democracy While assessing Porter's place in the historical development of Canadian social science Helmes Hayes also examines the economic social political and scholarly circumstances including the Depression World War II post war reconstruction the baby boom and the growth of universities that contoured Porter's political and academic views Using extensive archival research correspondence and over fifty original interviews with family colleagues and friends Measuring the Mosaic stresses Porter's remarkable contributions as a scholar academic statesman senior administrator at Carleton University and engaged practical public intellectual

**Race and Class in the Colonial Bahamas, 1880-1960** Gail Saunders, 2017-10-16 Saunders resoundingly affirms the relevance of island history Scholars will appreciate the detail and insights Choice Deftly unravels the complex historical interrelationships of race color class economics and environment in the Colonial Bahamas An invaluable study for scholars who conduct comparative research on the British Caribbean Rosalyn Howard author of *Black Seminoles in the Bahamas* Saunders is to be commended for a scholarly study that prominently features the non white majority in the Bahamas a group which usually has been overlooked Whittington B Johnson author of *Post Emancipation Race Relations in The Bahamas* In this one of a kind study of race and class in the Bahamas Gail Saunders shows how racial tensions were not necessarily parallel to those across other British West Indian colonies but instead mirrored the inflexible color line of the United States Proximity to the U S and geographic isolation from other British colonies created a uniquely Bahamian interaction among racial groups Focusing on the post emancipation period from the 1880s to the 1960s Saunders considers the entrenched though extra legal segregation prevalent in most spheres of life that lasted well into the 1950s Saunders traces early black nationalist and pan Africanism movements as well as the influence of Garveyism and Prohibition during World War I She examines the economic depression of the 1930s and the subsequent boom in the tourism industry which boosted the economy but worsened racial tensions proponents of integration predicted disaster if white tourists ceased traveling to the islands Despite some upward mobility of

mixed race and black Bahamians the economy continued to be dominated by the white elite and trade unions and labor based parties came late to the Bahamas Secondary education although limited to those who could afford it was the route to a better life for nonwhite Bahamians and led to mixed race and black persons studying in professional fields which ultimately brought about a rising political consciousness Training her lens on the nature of relationships among the various racial and social groups in the Bahamas Saunders tells the story of how discrimination persisted until at last squarely challenged by the majority of Bahamians

**Victorious Century** David Cannadine, 2018-02-20 A sweeping history of nineteenth century Britain by one of the world's most respected historians An evocative account Cannadine tells his own story persuasively and exceedingly well The Wall Street Journal To live in nineteenth century Britain was to experience an astonishing and unprecedented series of changes Cities grew vast there were revolutions in transportation communication science and work all while a growing religious skepticism rendered the intellectual landscape increasingly unrecognizable It was an exhilarating time and as a result most of the countries in the world that experienced these changes were racked by political and social unrest Britain however maintained a stable polity at home and as a result it quickly found itself in a position of global leadership In this major new work leading historian David Cannadine has created a bold fascinating new interpretation of nineteenth century Britain Britain was a country that saw itself at the summit of the world and by some measures this was indeed true It had become the largest empire in history its political stability positioned it as the leader of the new global economy and allowed it to construct the largest navy ever built And yet it was also a society permeated with doubt fear and introspection Repeatedly politicians and writers felt themselves to be staring into the abyss and what is seen as an era of irritating self belief was in fact obsessed with its own fragility whether as a great power or as a moral force Victorious Century is a comprehensive and extraordinarily stimulating history its author catches the relish humor and staginess of the age but also the dilemmas faced by Britain's citizens ones we remain familiar with today

Popular Politics and Society in Late Victorian Britain NA NA, 2016-02-09

Men In The Public Eye Jeff Hearn, 2006-05-11 Men in the Public Eye reveals why men's domination in and of the public sphere is a vital feature of gender relations in patriarchy It also shows how public domains dominate private domains contributing to the intensification of public patriarchies Jeff Hearn explores these important issues by focusing on the period 1870 1920 when there was massive growth and transformation in the power of the public domains He demonstrates that these historical debates and dilemmas are still relevant today as men search for new postmodern forms of masculinities

**Handbook for History Teachers** W. Burston dec'd, Cyril Green, E Nicholas, A Dickinson, D Thompson, 2021-12-24 First published in 1972 Handbook for History Teachers is intended to be a general and comprehensive work of reference for teachers of history in primary and secondary schools of all kinds The book covers all aspects of teaching history among them are the use of sources world history art and history principles of constructing a syllabus and the psychological aspects of history teaching The bibliographical sections are arranged on three parts school

textbooks a section on audio visual aids and finally books for the teacher and possibly for the sixth form It thoroughly investigates and critiques the various methods employed in teaching history within classrooms and suggests alternatives wherever applicable Diligently curated by the Standing Sub Committee in History University of London Institute of Education the book still holds immense value in the understanding of pedagogy
