# Modern East Asia Essays In Interpretation

**Joseph Ferguson**

## **Modern East Asia Essays In Interpretation:**

**Modern East Asia: Essays in Interpretation** Frederic E. Wakeman, 1970      **Historical Perspectives on Contemporary East Asia** Merle Goldman, Andrew Gordon, 2000-08-15 In these original essays distinguished scholars of modern East Asia distill from long years of research interpretive accounts of late nineteenth and twentieth century China Japan and Korea All of the contributors describe particular features of the modern experience of East Asian countries while also addressing common themes      **Modern East Asia**, 1970      Myopic Grandeur John E. Dreifort, 1991 France's effort to maintain its presence as a great world power is the subject of *Myopic Grandeur* a study of French foreign policy initiatives in the Far East from World War I until the conclusion of World War II      **Japanese Perceptions of China in the Nineteenth Century** Sushila Narsimhan, 1999      The United States and China, 4th Revised and Enlarged Edition John King FAIRBANK, John King Fairbank, 2009-06-30 For generations scholars and the general public have looked to John King Fairbank for knowledge and insights about China In four editions of this work he has provided these Reviews of this book An indispensable book for thoughtful people DD New York Times Book Review Fairbank provides a miraculously concise account of Chinese civilization from its foundations to the present day Maps photographs and an 80 page bibliography make this an invaluable reference work DD New Republic As useful and timely as when it first appeared in 1948 Written by America's foremost China scholar John Fairbank the book addresses a popular not the academic audience It offers a sweeping view of the Chinese polity from ancient times up to the recent convoluted period of Western contact spiced by the wit and insight into detail of a geographer who drew the maps himself Yet the book offers much to the specialist as well as the layman To the historian a state of the art review of the latest historical analysis of modern China To the student a cogent guide to the field For the diplomat and businessman the work explores that most intangible but also most influential area of human feeling between the two countries that has launched ventures and derailed them DD China Business Review The best general introduction to the Chinese political system A book of love and great learning DD Kirkus Reviews Still flashes with brilliance in its latest fourth incarnation With this latest edition of what is arguably the best guide to China in any language American and other non Chinese readers may finally catch a glimpse of the very complex Chinese way of life DD Asiaweek Literary Review Fairbank's ability to transcend the academic to write a highly readable authoritative information packed perceptive and analytical account of the Chinese is unsurpassed This is must reading for all Asiaphiles DD Asia Mail      **Modernization of Japan** Gbingba Gbosoe, 2006-09 The Japanese are a diligent people constantly working to ensure institutional success The Japanese have an innate ability to copy foreigners In their effort to build a strong country the Japanese sought knowledge from abroad and perfected these learnings in order to effect rapid national development In their quest for progress the Japanese have cherished the trait of national self reliance Until the Meiji Restoration Japan had pursued a national policy of seclusion that forbade almost all contact with the outside world The nineteenth century was one of exploration and

imperialism for most of the world The Japanese would not be left alone merely because they wanted to pursue a national policy of autarchy European powers began establishing commercial relations with Japan In 1953 a commodore in the US Navy visited Japan with the aim of opening trade contacts After years of negotiations treaties were signed authorizing an opening of a few ports to foreign trade Simultaneously Japan embarked on a policy of expansion in China and Korea due to its need for fertile soil and natural resources This policy led to war with China in and with Russia War and National Reinvention Frederick R. Dickinson, 2020-03-23 For Japan as one of the victorious allies World War I meant territorial gains in China and the Pacific At the end of the war however Japan discovered that in modeling itself on imperial Germany since the nineteenth century it had perhaps been imitating the wrong national example Japanese policy debates during World War I particularly the clash between proponents of greater democratization and those who argued for military expansion thus became part of the ongoing discussion of national identity among Japanese elites This study links two sets of concerns the focus of recent studies of the nation on language culture education and race and the emphasis of diplomatic history on international developments to show how political diplomatic and cultural concerns work together to shape national identity

**Power and Charity** Elizabeth Sinn, 2003-10-01 Through the history of a charitable institution the Tung Wah Hospital Elizabeth Sinn reshapes and greatly deepens our understanding of the evolving interactions between the Chinese community in Hong Kong and the colonial rulers She traces the rise to power of the Chinese merchants who organized and operated the Hospital and the complex relationships that the Hospital developed with the colonial regime Mainland Chinese officials and the Chinese people of Hong Kong As the first organized merchant elite recognized by the colonial government the Tung Wah Hospital Committee played a crucial political role in nineteenth century Hong Kong mediating between ordinary Chinese and the colonial administration Elizabeth Sinn's classic and pioneering study shows the great extent to which the Hospital's history is the history of Hong Kong itself The author highlights the problems encountered by the Hong Kong government in managing a foreign population and the role of the Chinese local elite in a colonial situation while also exploring the complex but fascinating relations between the Chinese residents in Hong Kong and Chinese officials on the Mainland and between Hong Kong and other Chinese communities Based on primary source materials this is an original and refreshing contribution to the study of Hong Kong and modern Chinese history which reveals and discusses many fundamental issues that are entirely relevant today In a new preface to this paperback edition Dr Sinn reconsiders her work in the light of subsequent research on Hong Kong's history and connects it to recent developments in international scholarly work especially with respect to the study of philanthropy and to ideas of world history An excellent blend of history and ethnography **Power and Charity** is one of the best books available on the everyday practice of colonialism in British Hong Kong Sinn provides unique insights into a system that is fast becoming a distant memory This book is required reading for anyone interested in colonialism medical history or urban anthropology James L Watson Professor of Anthropology Harvard University Dr Sinn's

book is essential reading for anyone wishing to understand Hong Kong society and politics in the nineteenth century Ian Scott Journal of the Hong Kong Branch of the Royal Asiatic Society Dr Sinn's book is a fascinating and awesomely researched account of the Chinese community's efforts to hold its own in a foreign dominated enclave Philip Snow Far Eastern Economic Review **Foreign Affairs Research Papers Available** Foreign Affairs Research Documentation Center, 1970 **States and Social Revolutions** Theda Skocpol, 2015-09-29 State structures international forces and class relations Theda Skocpol shows how all three combine to explain the origins and accomplishments of social revolutionary transformations Social revolutions have been rare but undeniably of enormous importance in modern world history States and Social Revolutions provides a new frame of reference for analyzing the causes the conflicts and the outcomes of such revolutions It develops a rigorous comparative historical analysis of three major cases the French Revolution of 1787 through the early 1800s the Russian Revolution of 1917 through the 1930s and the Chinese Revolution of 1911 through the 1960s Believing that existing theories of revolution both Marxist and non Marxist are inadequate to explain the actual historical patterns of revolutions Skocpol urges us to adopt fresh perspectives Above all she maintains that states conceived as administrative and coercive organizations potentially autonomous from class controls and interests must be made central to explanations of revolutions

Japan Milton W. Meyer, 2012-08-09 The emergence of Japan as a political and economic global power has been one of the most remarkable success stories of modern history Though small in geographic area the archipelago is the tenth most populous country with 128 million inhabitants crowded into an area the size of Montana Its natural resources are almost nonexistent yet today it ranks only second after the much larger United States as the most affluent and economically productive nation in the world Its rich cultural heritage and high tech society are equally vibrant For all readers wanting to better understand this dynamic country this popular and accessible introduction offers an authoritative yet concise overview of two thousand years of Japanese history Now fully updated to the present this edition also includes an array of photographs and illustrations The first half of the book explores the pre Meiji era up to 1868 The second half traces domestic changes and relevant foreign issues in the modernizing era launched by the Meiji Restoration Highlighting key historical events Milton W Meyer also includes cultural artistic and religious milestones Summaries and datelines at the end of each chapter as well as a glossary offer additional essential reference points With its clear explanations of Japanese traditions religion history economics politics and relations with the West this book provides an invaluable guide for understanding contemporary Japan

The War Against Japan, 1941-1945 John J. Sbrega, 2015-06-12 With over 5 200 entries this volume remains one of the most extensive annotated bibliographies on the USA's fight against Japan in the Second World War Including books articles and declassified documents up to the end of 1987 the book is organized into six categories Part 1 presents reference works including encyclopedias pictorial accounts military histories East Asian histories historiographies Part 2 covers diplomatic political aspects of the war against Japan Part 3 contains sources on the economic and legal aspects of the war against Japan

Part 4 presents sources on the military aspects of the war embracing land air and sea forces Religious aspects of the war are covered in Part 5 and Part 6 deals with the social and cultural aspects including substantial sections on the treatment of Japanese minorities in the USA Hawaii Canada and Peru **Japanese-Russian Relations, 1907-2007** Joseph Ferguson, 2008-04-03 This book presents a comprehensive survey of Japanese Russian relations from the end of the Russo Japanese War until the present Based on extensive original research in Japanese and Russian sources it shows how the hopeful period of the late 1990s when acrimonious relations between the two briefly ceased was not in fact unique

*Buddhism In Late Ch'ing Political Thought* Sin-wai Chan, 2019-03-05 This book is a revised version of the doctoral thesis I presented to the School of Oriental and African Studies University of London in 1977 It is basically an attempt to study the religious cultural and political significance of Buddhism in late Ch'ing intellectual thought through an examination of the writings of a few influential figures like Liang Ch'i-ch'ao Kang Yu-wei Chang Ping-lin and particularly T'an Ssu-t'ung My findings reveal that Buddhism came to play a part in these reformers' thought as a result of several factors the rekindled interest in Buddhism brought about through the efforts of laymen such as Yang Wen-hui the need to find a counter balance to Christianity the search for a new unifying ideology for China as Confucianism crumbled before the challenge from the West and the immense potentiality of Buddhism to cater for the intellectuals diverse cultural and political purposes The masterpiece of T'an Ssu-t'ung entitled *An Exposition of Benevolence* Jen-hsiieh is chosen here to exemplify the use of Buddhism in late Ch'ing political thought Buddhism not only served as the all embracing school of his eclectic synthesis it also formed the foundation of the major concepts in the treatise and was closely related to his radical thinking **A Path**

**Twice Traveled** Paul A. Cohen, 2021-02-01 In this memoir Paul A. Cohen one of the West's preeminent historians of China traces the development of his work from its inception in the early 1960s to the present offering fresh perspectives that consistently challenge us to think more deeply about China and the historical craft in general A memoir of course is itself a form of history But for a historian writing a memoir on one's career is quite different from the creation of that career in the first place This is what Cohen alludes to in the title *A Path Twice Traveled* The title highlights the important disparity between the past as originally experienced and the past as later reconstructed by which point both the historian and the world have undergone extensive change This distinction which conveys nicely the double meaning of the word history is very much on Cohen's mind throughout the book He returns to it explicitly in the memoir's final chapter appropriately titled *Then and Now The Two Histories* Japan faces the World, 1925-1952 Mary L. Hanneman, 2013-11-14 By 1925 the process of

Japan's transition to a modern industrialised westernised state was pretty much complete Not only had the imperial tradition been restored with the Meiji Restoration in 1868 but some forms of democratic parliamentary institutions had been set up However during the years that followed the so called imperial democracy came under pressure as the Japanese sought to impose tight control over not only their own people but their neighbours as well This impressive survey looks at

developments at home Japan s aggressive foreign policy particularly in China during the 1930s and 1940s and her role in the Second World War Finally the post war reconstruction orchestrated by the Americans is examined The cut off point is 1952 the date when Allied Occupation formally came to an end and Japan once again became independent

**Discovering History in China** Paul A. Cohen,2010 Originally published New York Columbia University Press 1984 **Antiquity and Anachronism in Japanese History** Jeffrey P. Mass,1992 This collection of essays is built around a major but previously unstudied theme in Japanese history the extent to which the exaggeration of antiquity has distorted historical understanding

Contending Approaches to the Political Economy of Taiwan Edwin A. Winckler,Susan Greenhalgh,2016-09-16 This work compares IT parks in China India Malaysia Singapore Taiwan and Hawaii in search of strategies that policy makers can employ to reduce the Global Digital Divide advance distributional equity and soften some of the negative effects of economic globalization

Eventually, you will definitely discover a other experience and feat by spending more cash. still when? attain you say yes that you require to get those all needs as soon as having significantly cash?
