adopted his method of painting from drawings Drawing became the activity by which Sickert extracted what he called the visual facts enabling him to paint from drawings in the studio Sickert investigated the visible world making innumerable notes on any scrap of paper he also made detailed drawings as studies for his paintings It is these drawings which are the subject of this book drawings that are directly connected to some of his most important paintings some of which are also reproduced The text is in two parts The Artist s Progress through the eyes of his contemporaries and The Painter s Eye which examines Sickert s lifelong quest to find the best way to use oil paint and how drawings were made as blueprints for the paintings As Sickert has written widely about drawing the book contains a series of relevant passages from his critical writings The author Lou Klepac has had a long interest in Sickert s work He organised a large Sickert Retrospective for the 1968 Adelaide Festival and in 1979 an exhibition of Sickert Drawings at the Art Gallery of Western Australia which was also shown in other State Galleries **Sickert** Walter Sickert,Arts Council of Great Britain,1977
