**Hungering for America** Hasia R. Diner,2003-04-30 This book tells the stories of three groups and their unique culinary dramas Italian immigrants transformed the food of their upper classes and of sacred days into a generic Italian food Irish immigrants diminished food as a marker of ethnicity And East European Jews found that dietary restrictions jarred with America s boundless choices

**The Revolutionary Mystique and Terrorism in Contemporary Italy** Richard Drake,2021-03-02 What drives terrorists to glorify violence In The Revolutionary Mystique and Terrorism in Contemporary Italy Richard Drake seeks to explain the origins of Italian terrorism and the role that intellectuals played in valorizing the use of violence for political or social ends Drake argues that a combination of socioeconomic factors and the influence of intellectual elites led to a sanctioning of violence by revolutionary political groups in Italy between 1969 and 1988 Drake explores what motivated Italian terrorists on both the Left and the Right during some of the most violent decades in modern Italian history and how these terrorists perceived the modern world as something to be destroyed rather than reformed In 1989 The Revolutionary Mystique and Terrorism in Contemporary Italy received the Howard R Marraro

Prize from the Society for Italian Historical Studies It was awarded for the best book that year on Italian history The book is reissued now with a new introduction for the light it might shed on current terrorist challenges The Italians had success in combating terrorism We might learn something from their example The section of the book dealing with the Italian superfascist philosopher Julius Evola holds special interest today Drake s original work takes on new significance in the light of Evola s recent surge of popularity for members of America s alt right movement      **Postmodern Ethics** Elizabeth Wren-Owens,2009-05-05 Postmodern Ethics offers a new perspective on debates surrounding the role of the intellectual in Italian society and provides an original reading of two important Italian contemporary writers Leonardo Sciascia and Antonio Tabucchi It examines the ways in which the two writers use literature to engage with their socio political environment in a climate informed by the doubts and scepticism of postmodernism after traditional forms of *impegno* had been abandoned Postmodern Ethics explores ways in which Tabucchi and Sciascia further their engagement through embracing the very factors which problematized traditional committed writing such as the absence of fixed truths the inability of language to fully communicate ideas and intertextuality Postmodern Ethics provides an innovative new reading of Tabucchi s works It challenges the standard view in critical literature that his writing may be divided into engaged texts which dialogue with society and postmodern texts which focus on literary interiority suggesting instead that socio political engagement underpins all of his works It also offers a new lens on Sciascia s writing unpacking why Sciascia unlike his contemporaries is able to maintain a belief in literature as a means of dialoguing with society Postmodern Ethics explores the ways in which Tabucchi and Sciascia approach issues of terrorism justice the anti mafia movement immigration and the value of reading in connected yet distinct ways suggesting that a close genealogy may be drawn between these two key intellectual figures      The Spectator ,1922 A weekly review of politics literature theology and art      **The Bookman's Index** ,1923      **Gendering Commitment** Alex Standen,2015-10-05 Notions of engagement commitment and *impegno* continue to provoke debate amongst academics researching contemporary Italian culture and yet be it by accident or by more conscious selection critical work has tended to posit these concepts as a predominantly male and often heteronormative domain This collection of essays challenges this assumption and analyses more closely the fluid and fragmented nature of commitment and the work of Italian intellectuals and cultural practitioners associated with it The volume s contributors engage with those who have typically been excluded from such debates not only female writers and artists but also males whose work has been denied the designation of *impegnato* The chapters all focus on individuals who insist on the need to question interrogate and denounce social realities Employing a range of theoretical perspectives and bringing into dialogue individuals not typically associated with terms such as engagement and commitment this volume offers an original and distinctive contribution to a discussion that persists in Italian studies
