Miracles: An Exercise in Comparative Philosophy of Religion Karen R. Zwier, David L. Weddle, Timothy D. Knepper, 2022-11-03 This volume provides a comparative philosophical investigation into a particular concept from a variety of angles in this case the concept of miracle The text covers deeply philosophical questions around the miracle with a multiplicity of answers Each chapter brings its own focus to this multifaceted effort The volume rejects the primarily western focus that typically dominates philosophy of religion and is filled with particular examples of miracle narratives community responses and polemical scenarios across widely varying religious contexts and historical periods Some of these examples defy religious categorization and some papers challenge the applicability of the concept miracle which is of western and monotheistic origin By examining miracles thru a wide comparative context this text presents a range of descriptive content and analysis with attention to the audience to the subjective experiences being communicated and to the flavor of the narratives that come to surround miracles This book appeals to students and researchers working in philosophy of religion and science as well those in comparative religion It represents in written form some of the perspectives and dialogue achieved in The Comparison Project s 2017 2019 lecture

series on miracles The Comparison Project is an enterprise in comparing a variety of religious voices allowing them to stand in dialogue Miracles and the Venerable Bede William David McCready, Pontifical Institute of Mediaeval Studies, 1994 The subject of this book is the concept of miracles in the thought of the Venerable Bede Its specific focus is Bede s understanding of the miracles of modern saints miracles of the sort that he himself describes for us in his Ecclesiastical History **The Rationalization of Miracles** Paolo Parigi, 2012-05-14 Chronicles the emergence of modern sainthood analyzing how the Catholic Church legitimized miracles during the Counter Reformation in southern Europe *Saintly Miracles* Nakoa Rainfall, AI, 2025-02-27 Saintly Miracles explores the captivating world of Christian miracles attributed to saints and their profound impact on religious history and devotion The book examines these miracles not to verify their authenticity but to understand their reception interpretation and influence on believers throughout time One intriguing aspect is how miracles whether seen as divine acts or through a sociological lens have shaped religious practices and theological doctrines Another is the role of canonization the process by which the Church recognizes individuals as saints often based on reported miracles The book traces the evolution of sainthood and miracles from the early Church to the present day considering societal changes theological debates and political landscapes this historical context allows readers to see how these concepts are shaped Approaching the topic with accessibility in mind the book is divided into three sections introducing core concepts examining historical periods with case studies and exploring the lasting impact on religious devotion and popular culture The analysis draws on hagiographies historical chronicles and other sources to show the power dynamics inherent in miraculous narratives Modern Miracles of Healing Francis Schlatter, 1903 *The Miracle of Life* Jan de Vries, 2011-06-10 In this controversial book Jan de Vries considers modern miracles as well as the miracle of Lourdes He discusses witch doctors and what he has personally witnessed in the Far East He warns against exorcism and talks of the many possessed people he has treated He also shares with his readers some of the mysterious ways that alternative medicine has worked miracles for thousands of patients *God, Evidences, and Creation: Who God Is and Reasons for Believing* David Pratte, 2019-12-25 A study of Bible teaching about the nature of God evidences for God Jesus and the Bible including a careful study of creation vs evolution Topics studied are God s power wisdom love and holiness The providence of God The number of individuals in the Godhead The Deity of Jesus The Holy Spirit and spiritual gifts Fulfilled prophecy miracles and the resurrection The significance of the Bible doctrine of creation The consequences of evolution Humanism compared to the Bible The length of the days of creation **A Dictionary of Miracles** Ebenezer Cobham Brewer, 1884 REBUILDING A LOST FAITH BY AN AMERICAN AGNOSTIC JOHN L.
