This title was first published in 2002 To date studies explaining decorative practice in the early modernist period have largely overlooked the work of women artists For the most part studies have focused on the denigration of decorative work by leading male artists frequently dismissed as fashionably feminine With few exceptions women have been cast as consumers rather than producers The first book to examine the decorative strategies of late nineteenth and early twentieth century women artists *Women Artists and the Decorative Arts* concentrates in particular on women artists who turned to fashion interior design and artisanal production as ways of critically engaging various aspects of modernity Women artists and designers played a vital role in developing a broad spectrum of modernist forms In these essays new light is shed on the practice of such well known women artists as May Morris Clarice Cliff Natacha Rambova Eileen Gray and Florine Stettheimer whose decorative practices are linked with a number of fascinating but lesser known figures such as Phoebe Traquair Mary Watts Gluck and Laura Nagy *Reading between Designs* Piers D. Britton, Simon J. Barker, 2010-01-01 From the alien worlds of Star Trek to the realistic operating room of ER the design of sets and costumes contributes not only to the look and mood of television shows but even more importantly to the creation of memorable characters Yet until now this crucial aspect of television creativity has received little critical attention despite the ongoing interest in production design within the closely allied discipline of film studies In this book Piers Britton and Simon Barker offer a first analytical study of scenic and costume design for television drama series They focus on three enduringly popular series of the 1960s *The Avengers* *The Prisoner* and *Doctor Who* and discuss such topics as the sartorial image of Steed in *The Avengers* the juxtaposition of picturesque and fascistic architecture in *The Prisoner* and the evolution of the high tech interior of *Doctor Who* s TARDIS Interviews with the series original designers and reproductions of their original drawings complement the authors analysis which sheds new light on a variety of issues from the discourse of fashion to that of the heritage industry notions of Pop and retro and the cultural preoccupation with realism and virtual reality **Subject Guide to Books in Print** ,1975 *AB Bookman's Weekly* ,1998
