United States Air Force Academy Class of 74 James S. Tomes, 2014-08-15 Imagine flying into Iran to rescue the American embassy employees being held hostage What would it be like to be a pilot of a military refueling aircraft loaded with jet fuel and passengers accelerating to takeoff speed then having to do a high speed abort because of an aircraft malfunction Put yourself in an aircraft that crashes onto a remote airstrip during a blizzard How would you react to being a young man who has it all being a military pilot and newly married but you learn that you have leukemia You are then told about a new medical procedure called a bone marrow transplant but half the people who have tried that have died What would it be like to be a member of the United States military training to defend your nation against the Soviet Empire during the Cold War when your government tells you that you are going on a mission to establish Christian organizations in the Soviet military These are all real world stories from graduates of the Class of 74 of the United States Air Force Academy
