Performing Women and Modern Literary Culture in Latin America Vicky Unruh, 2009-06-03 Women have always been the muses who inspire the creativity of men but how do women become the creators of art themselves This was the challenge faced by Latin American women who aspired to write in the 1920s and 1930s Though women's roles were opening up during this time women writers were not automatically welcomed by the Latin American literary avant gardes whose male members viewed women's participation in tertulias literary gatherings and publications as uncommon and even forbidding How did Latin American women writers celebrated by male writers as the New Eve but distrusted as fellow creators find their intellectual homes and fashion their artistic missions In this innovative book Vicky Unruh explores how women writers of the vanguard period often gained access to literary life as public performers Using a novel interdisciplinary synthesis of performance theory she shows how Latin American women's work in theatre poetry declamation song dance oration witty display and bold journalistic self portraiture helped them craft their public personas as writers and shaped their singular forms of analytical thought cultural critique and literary style Concentrating on eleven writers from Argentina Brazil Cuba Mexico Peru and Venezuela Unruh demonstrates that as these women identified themselves as instigators of change rather than as passive muses they unleashed penetrating critiques of projects for social and artistic modernization in Latin America

Representing the Barrios Rebecca Jarman, 2023-05-09 Against a backdrop of rapid urbanization and the growth of a global economy powered by carbon Rebecca Jarman argues that in Venezuela urban poverty has become one of the most important resources in national culture and statecraft Attracting the attentions of writers artists filmmakers and musicians from within and beyond the limits of Caracas the barrios are fetishized in the cultural domain as sites of rampant sex crime revolution disease and violence The appeal of the urban poor in entertainment is replicated in the policies of autocratic leaders who operating within an extractivist matrix that prizes the acquisition of land and capital have sought to expand their reach into these densely populated territories Sometimes yielding to commodification the barrios also have resisted exploitation by exceeding the terms of their representation in hegemonic culture and politics Whether troubling the narratives that profit from poverty or undermining class based stereotypes with experimental aesthetics the barrio as a shifting set of coordinates consistently evades appropriations of disenfranchisement Mapping the recurrent tensions anxieties conflicts aspirations and blind spots that characterize depictions of the barrios Rebecca Jarman elaborates a dynamic cultural analysis of the history of poverty in the Venezuelan capital
