Mujeres Madres:

Mujeres madres Lucía Ruz, 2024-06-06 Nadie dijo que ser madre fuera fácil Por fin un libro que nos habla de la maternidad sin tapujos Muchas de nosotras hemos crecido en un modelo tradicional donde las mujeres criaban y se encargaban de la casa Pero también oímos ya sobre empoderamiento femenino e igualdad de género Y ahora llega la maternidad y te encuentras tratando de equilibrar pañales y diplomas extraescolares y trabajo De repente ya no solo puedes adjudicarte el título de madre sino que ahora también eres malabarista en el circo de la vida Y te enfrentas a la dualidad de querer criar mientras mantienes tu independencia y tu identidad como mujer Casi nada *Mujeres madres* de Lucía Ruz no es solo un libro es un espejo en el que todas las madres de hoy pueden mirarse y decir Esa soy yo Porque definitivamente la maternidad moderna es demasiado Y no viene mal una guía para ayudarnos a manejarla lo mejor que podamos *Mujeres madres*, *Mujeres ignorantes: madres culpables* Irene Palacio, Irene Palacio Lis, 2003 Este libro aborda por un lado al colectivo femenino como sujeto histórico no desde la dialéctica abierta con el otro sexo en la búsqueda de una creciente liberación o emancipación sino desde el plano de la privacidad de la función materna que nos sirve como eje y objeto de estudio De otro lado siendo el ámbito de trabajo la historia de la educación se centra en el influjo o la intervención educativa sobre las mujeres como madres o futuras madres desde contextos fundamentalmente no formales durante la primera mitad del siglo XX **Mujeres madres en prisión en América Central** María Noel Rodríguez, 2005 Madres y democratización de la familia en la Argentina contemporánea Beatriz Schmukler, Graciela Di Marco, 1997 **Historias de madres, historias con madre** Alicia Caldera, 2020-08-20 Es posible que el lector de este libro sobre experiencias y percepciones de un grupo de mujeres madres sobre la maternidad o su maternidad se sorprenda de que esté prologado por un varón o un cabrón como dijera aquel colega Para nuestro sentido común no existe un libro de y sobre mujeres deber a contener únicamente reflexiones vivencias y perspectivas de mujeres Más allá de las apariencias a nosotros estamos anclados en la estereotipada concepción según la cual las mujeres deben ocuparse de las cosas de mujeres y así los hombres En el libro que tenemos entre manos un grupo de mujeres madres narran el lento y acelerado gozoso y angustiante proceso por el que aprendieron a convertirse en madres Hay muchos puntos de encuentro entre las narraciones pero cada una es particular Todas son madres pero hay tantas formas de ser madre como hay mujeres que lo son La maternidad es una y múltiple **Surviving in the Field of International Arbitration: War Stories and Lessons Learned** José María de la Jara, Carolina Arroyo, Álvaro Awad, 2020-09-29 For young lawyers and students contemplating a career in international arbitration understanding what it takes to be successful in the field can seem hidden and mysterious Here is a book that in a thoroughly engaging way unlocks the black box and democratizes access to advice and information via short personal chapters by leading practitioners Each chapter appears in both English and Spanish Over forty of the most renowned names in arbitration worldwide offer reflections on life as an arbitration practitioner highlighting such career opportunities and potential stumbling blocks as the following balancing

work and life managing coexistence challenges in firms e g the rat race bullying burnout discrimination preparing for a job interview promoting disruptive innovation arbitrating for the State participating in deliberations writing arbitral awards handling dissenting opinions and developing a personal brand The authors exploration of everything from academic work and practical experiences to how they have managed personal pressures will be greatly appreciated by all who seek to thrive in the arbitration market whether in practice or academia As an extraordinary compilation about what happens behind the scenes in the international arbitration world this book will quickly become an essential consultation resource illuminating what it takes to succeed in the field and how best to achieve a meaningful and rewarding career Its personal success stories reveal what practice in this area of law actually looks like and brilliantly demonstrate ways to foster career development

Achieving Education for All through Public-Private Partnerships? Pauline Rose, 2013-09-13 Concern for achieving Millennium Development Goals MDGs by 2015 has led to a focus on the role that non state providers NSPs can offer in extending access and improving quality of basic services While NSPs can help to fill a gap in provision to those excluded from state provision recent growth in both for profit and not for profit providers in developing countries has sometimes resulted in fragmentation of service delivery To address this attention is increasingly given in the education sector to developing partnerships between governments and NSPs Partnerships are further driven by the expectation that the state has the moral social and legal responsibility for overall education service delivery and so should play a role in facilitating and regulating NSPs Even where the ultimate aim of both non state providers and the state is to provide education of acceptable quality to all children this book provides evidence from diverse contexts across Africa South Asia and Latin America to highlight the challenges in them partnering to achieve this This book was published as a special issue of *Development in Practice*

Frontera Madre(hood) Cynthia Bejarano, Maria Cristina Morales, 2024 Reflecting on the concept of frontera madre hood as both a methodological and theoretical framework this collection embodies the challenges and resiliency of mothering along both sides of the U S Mexico border More than thirty contributors examine how mothering is shaped by the geopolitics of border zones which also transcends biological sociological or cultural and gendered tropes regarding ideas of motherhood who can mother and what mothering personifies *Madres que trabajan* María Cecilia Betancur, 2014-08-01 Un libro para la madre de hoy que debe balancear su tiempo entre su vida profesional y su hogar Ser madre es un trabajo de tiempo completo 24 horas al d a 7 d as a la semana 365 d as al a o exige toda la atenci n el amor el esfuerzo y los recursos disponibles para darles lo mejor a los hijos Sin embargo muchas madres tienen tambi n trabajos profesionales y necesitan invertir talento tiempo y energ a en su carrera Los dos campos maternidad y profesi n no son excluyentes pero en ocasiones cuando la preparaci n de una reuni n determinante en la oficina coincide con el llanto de un hijo febril el reto parece descomunal C mo balancear el hogar y la vida laboral Este libro es una gu a pr ctica para ayudar a las madres que trabajan a resolver las cuestiones m s importantes que entra a su condici n la crianza y el tiempo de calidad con los ni os las labores del hogar la

humanos y transformación política en contextos de violencia DANIEL VAZQUEZ; ARIADNA ESTEVEZ., Daniel Vázquez, 2021 Análisis crítico con un enfoque multidisciplinario nuevo hasta ahora en México de las oportunidades y desafíos de los derechos humanos Los autores aquí reunidos analizan los derechos humanos como una práctica social que se realiza en medio de relaciones asimétricas de poder en el marco del ya convulsionado siglo xxi Pensados como un discurso que se convierte en práctica social y en campo de disputa para la definición de significados los derechos humanos pueden generar marcos de oportunidad para la transformación política social pero también pueden constituir un obstáculo para el cambio y la construcción de subjetividades emancipadas **Language, Borders and Bordering Practices / Lenguaje, fronteras y**

prácticas de fronterización Yvette Bürki, Alba Nalleli García Agüero, 2025-07-21 Las fronteras no son solo líneas físicas en un mapa sino divisiones y procesos sociales y simbólicos que se configuran continuamente a través del lenguaje y la interacción cotidiana Este volumen bilingüe desafía las nociones estáticas y binarias de las fronteras revelando cómo se construyen y se mantienen pero también se desafían y se reinventan mediante prácticas comunicativas concretas Desde diversas perspectivas teóricas y metodológicas los y las autoras analizan fronteras nacionales transnacionales simbólicas y de género en Europa África y las Américas abordando cuestiones de urgente actualidad como la migración la identidad el racismo la discriminación de género y otras formas de exclusión mediadas por el lenguaje El volumen ofrece claves críticas para comprender cómo el lenguaje moldea las fronteras de nuestro mundo una contribución que invita a reflexionar sobre las formas sutiles y manifiestas en que el lenguaje participa en la construcción de las divisiones sociales Borders are not just physical lines on a map they are

social and symbolic divisions and processes continuously shaped through language and everyday interaction This bilingual volume challenges static binary notions of borders revealing how they are constructed and maintained but also resisted and reimagined through specific communicative practices Bringing together diverse theoretical and methodological perspectives the contributors examine national transnational symbolic and gendered borders in Europe Africa and the Americas engaging with pressing issues such as migration identity racism gender discrimination and other forms of exclusion mediated by language This volume offers critical insights into how language shapes the borders of our contemporary world a thought provoking contribution that invites readers to critically engage with the subtle and overt ways language participates in the un making of social divides

Madre Isabel Valverde Vírveda,2023-02-27 Bajo la premisa de que todo lo que se puede hacer se hace esta novela nos avanza un experimento científico relacionado con la fecundación humana fuera del útero materno Esta es la historia de una ectogénesis llevada a cabo por una bióloga pero ante todo es el estudio en profundidad de la discrepancia entre su mente y su conciencia No es ciencia ficción La novela se desarrolla en la década del 2030 momento en el cual estas prácticas posiblemente puedan llevarse a cabo en beneficio de las mujeres que opten por ser madres sin padecer los dolores y las molestias de la gestación y el parto Una mirada feminista liberadora e igualitaria impregna estas páginas **Procesos de verdad, justicia y reparación a las víctimas de desaparición forzada en el Sahara Occidental** María López
