Handbook for Pharmacy Educators Noel Wilkin, 2000-08-01 Use cutting edge techniques such as active learning and Web based education to teach more successfully Tell me and I forget Show me and I remember Involve me and I understand This proverb encapsulates the exciting new spirit of abilities based education which has reached into the fast changing field of pharmacy The Handbook for Pharmacy Educators teaches you to harness the powerful techniques of abilities based education such as active learning outcomes assessment and Web based education in order to convey not just the nuts and bolts of dispensing prescriptions but all the essential tasks a caring capable pharmacist must address This exciting volume brings together theories suggestions and case studies to help you take advantage of new teaching techniques in pharmacy education Instead of long dull lectures abilities based education brings together multiple techniques to develop skills attitude and knowledge Students are grounded in facts and figures then taught how to use them in their professional lives By setting clear learning objectives and assessing the results you can help students integrate and use the information you present The Handbook for Pharmacy Educators offers fresh ideas to reinvigorate your teaching such as varying exercises to keep students attention handling problems in small group dynamics setting learning objectives and assessing outcomes effectively using visual information in a presentation creating successful handouts tapping the Web as a 24 hour classroom The Handbook for Pharmacy Educators will help you become a more effective teacher This guide will help you design implement and assess a pharmacy program based on identifying the abilities you want students to acquire The Handbook for Pharmacy Educators will help you implement new teaching methods and rethink old ones to successfully face questions and challenges in the dynamic field of pharmacy

Promoting Civility in Pharmacy Education Bruce A. Berger, 2003-09-24 Why can't we all just get along Incivility is a growing problem within all aspects of pharmaceutical education and indeed across the spectrum of higher education Promoting Civility in Pharmacy Education describes the issues involved and provides practical solutions With this book you will learn which teaching characteristics lead to more less incivility in the classroom how to make your expectations known in a nonconfrontational manner and how to respond to incivilities from students administrators and faculty Promoting Civility in Pharmacy Education examines ways to deal with incivility in large classroom settings with a discussion of honor codes and a sample syllabus small classroom small group settings including discussion of the role of the group in controlling and preventing incivilities and of the negative effect of incivility on group learning clinical settings with a focus on insubordination missed deadlines sloppy incomplete work and unprofessional conduct Some of the problems this book will help you address include passive incivilities such as inattention lateness asking for extensions on assignments and making excuses as well as mild disruptions such as cell phone conversations during class time overt or active incivilities including vulgar language insulting comments direct challenges to the teacher's authority and physical threats The book also

explores the incivilities brought on by prejudice and racism incivilities that occur between graduate students and their teachers the important relationship between professionalism and civility and issues that new faculty face as they adjust to new teaching positions Because it is packed with practical solutions to a large number of problems Promoting Civility in Pharmacy Education is a must have for anyone involved with pharmacy education Make it a part of your professional collection today

Handbook for Pharmacy Educators Shane Desselle, Dana P Hammer, 2002-08-22 What can senior pharmacy faculty do to help their junior colleagues succeed The Handbook for Pharmacy Educators Getting Adjusted as a New Pharmacy Faculty Member gives voice to junior pharmacy faculty members who present their personal accounts of their experiences on the job These six junior faculty representing the basic administrative and clinical sciences share their lessons learned give advice on what to do and what NOT to do as a new faculty member and relate the triumphs and challenges they met along the way For balance a senior faculty member with experience in both teaching and research environments shares his thoughts on what the other authors have to say From the editors Despite the existence of a couple of excellent references in this area there has not been any previous work that takes this approach that is of allowing junior faculty representing both teaching and research institutions to share memoirs of their own unique experiences We hope that this approach will ease the way for new faculty members and provide senior faculty deans and administrators who are long removed from new faculty status a better understanding of the hurdles that new faculty must clear today In gaining this understanding they may become even better advisors mentors and administrators The Handbook for Pharmacy Educators Getting Adjusted as a New Pharmacy Faculty Member will help new faculty address the questions that start with how like How can I be sure to start my teaching out on the right foot figure out which teaching strategies are most appropriate establish and develop good rapport with my students begin to establish mutually beneficial relationships with my colleagues socialize and make new friends in my new environment gain support for my research agenda learn what resources are available to me find out about performance appraisals and rewards handle or appreciate the extra pressures facing faculty who don't happen to be white males
