Multicultural Literature for Children and Young Adults Mingshui Cai,2002-10-30 There is much discussion of multiculturalism in education This is especially true of multicultural literature for children and young adults The rise of multicultural literature is a political rather than a literary movement it is a movement to claim space in literature and in education for historically marginalized social groups rather than one to renovate the craft of literature itself Multicultural literature has been closely bound with the cause of multiculturalism in general and thus has been confronted with resistance from conservatives This book discusses many of the controversial issues surrounding multicultural literature for children and young adults The volume begins with a look at some of the foundational and theoretical issues related to multicultural literature The second part of the book addresses issues related to the creation and critique of multicultural literature including the authorship of such works and the role of the reader in determining whether or not a work is multicultural The third looks at the place of multicultural literature in the education of children and young adults Throughout its discussion the book makes extensive references to a large body of multicultural fiction and provides a thorough review of research on this important topic

Know?" R. Deborah Davis, Arcenia London, Barbara Beyerbach, 2009 Teacher education programs are charged with educating teachers to teach all students preparing them to teach multiethnic multiracial multilingual and differently abled students in an increasingly global inter dependent world This book takes as its starting point the assumption that pre service teacher candidates primarily white and middle class come to college to pursue a teaching degree having little if any experience of a social nature with persons not like themselves Rooted in areas of theory and practice and based around the Schools and Society and Culturally Relevant Teaching courses required by the Teacher Education Program social justice conceptual framework How Do We Know They Know is a conversation about ways to assess these pre service teachers growth and movement as they progress from naivet to awareness about the realities of culture in schools
