Sevig, 1999-07-28 Fukuyama and Sevig have compiled a significant volume that underscores the importance of counselors addressing clients spiritual values and experiences in the context of providing culturally competent services One of the primary strengths of this book is that it is reader friendly as the authors are quite skillful in blending scholarly and personal perspectives throughout I would highly recommend this book to counselors supervisors academicians researchers and students who wish to expand their understanding of the impact of spiritual issues in the lives of culturally diverse clients Madonna G Constantine Columbia University Finally A book that examines the interface between spirituality and multiculturalism Mary Fukuyama and Todd Sevig have created a timely masterpiece that provides a holistic view of multiculturalism one that integrates spirituality into its fabric The authors appropriately cover less known spiritual paths such as Native American and Afrocentric perspectives The chapter on developmental models of the spiritual journey is especially useful to counselors and other helping professionals The authors also tackle the challenging question of positive and negative expressions of spirituality The self awareness questions in each chapter prompt readers to examine their own spiritual and multicultural experiences and beliefs Numerous case examples stimulate helping professionals to grapple with realistic and multifaceted issues that their clients face The integration of materials from diverse spiritual and multicultural perspectives makes this book a unique reference for anyone who is interested in this topic As Fukuyama and Sevig note spirituality is highly subjective and dynamic their goal is to identify and explore good questions rather than propose definitive answers The authors have succeeded in their goal I highly recommend
