probation caseloads why is it that so many are in the criminal justice system and continue to be at rates that continuously plague American communities How about the aspects of historical trauma and improper identity paradigms How about the fact that criminality has become normality How about the old biblical adage that as a man thinks so is he There is a cultural identity crisis in many that frequent the criminal justice system and amid the various efforts to correct and change behavior address therapeutic measures and ensure that the criminal justice system yields evidence based practices and strength based treatment modalities The system sadly lacks the cultural competence that would change The New Jim Crow and the face of crime in America As much as activism and advocacy have rightfully focused on the racist aspects of a criminal justice system that has improperly and historically overloaded the system the movement must be more thorough after generations of minorities were incarcerated and overwhelmed by the collateral consequences of imprisonment There must be a more in depth focus on keeping minorities out of the system breaking a historical trauma that has grown over centuries The system must incorporate ethnocentric treatment components focused on changing identity paradigms What would that mean and why is this important

**Resources in Education** ,2000-10 **African Youth in Contemporary Literature and Popular Culture** Vivian Yenika-Agbaw,Lindah Mhando,2014-01-21 This book explores how African youth are depicted in contemporary literature and popular culture and discusses the different ways by which they attempt to construct personal and cultural identities through popular culture and social media outlets The contributors approach the subject from an interdisciplinary perspective looking at images in children s and adolescent literature from Africa and the African diaspora from Nollywood and Hollywood movies from popular magazines and from youth cultures encountered directly through field experiences The findings reveal that there are many stereotypes about Africa African youth and black cultures and that African youth are aware of these Since they juggle multiple identities shaped by their ethnicities race and religion it is often a challenge for them to define themselves As they also share a global youth culture that transcends these

cultural markers some take advantage of media outlets to voice their concerns and participate in political struggles Others simply use these to promote their personal interests Contributors ponder the challenges involved in constructing unique identities offering ideas on how African youth are doing so successfully or not in different parts of the continent and the African diaspora and thus offer new possibilities for youth studies
