Multiple Victimization Of Children

**Robin Vanderlaan, Kathleen Coulborn
Faller**

Multiple Victimization Of Children:

Multiple Victimization of Children B. B. Robbie Rossman, Mindy Susan Rosenberg, 1998 Seventeen contributions examine the conditions of interactions of physical psychical and sexual maltreatment in children as well as their conceptual and treatment implications The papers include conceptual models from child development stress and trauma perspectives as well as a combination of views from both theoreticians and practitioners Also published as Journals of Aggression Maltreatment and Trauma v 2 no 1 3 1998 Annotation copyrighted by Book News Inc Portland OR Children and Interparental Violence B. B. Robbie Rossman, Honore M. Hughes, Mindy S. Rosenberg, 2013-06-17 The past decade has seen a burgeoning of research and conceptualization on the implications of parental violence exposure on children's development and well being Meanwhile seemingly daily accounts of violent tragedies committed by our youth brings to our attention the urgency of conveying this information With these ideas in mind Children and Interparental Violence focuses on children's exposure to violence between their caretakers and the subsequent effects on child development To this end the authors review current theories research and treatment strategies of the 1990s paying specific attention to families ethnic backgrounds parents sexual orientation and forensic and legal issues all factors affecting the nature and severity of impact Prevention and intervention models including great detail on risk and protective factors techniques and programs are discussed as well as research evaluating their usefulness Keeping in mind the goal of integrating practice and policy with current violence and developmental research and theory numerous case examples take the reader from the lab and classroom into the session room and courtroom **The Effects of Intimate Partner Violence on Children** Robert Geffner, Robyn Spurling Igelman, Jennifer Zellner, 2014-03-18 Learn how to help children cope with domestic violence The Effects of Intimate Partner Violence on Children examines the short and long term developmental issues facing children exposed to violence in their own homes The book addresses the growing concern for children at risk of suffering psychological behavioral social and educational problems and for the effects childhood maltreatment may have on their adult lives An interdisciplinary panel of researchers academicians attorneys clinicians and practitioners discuss treatment programs theoretical perspectives research and methodological issues assessment and intervention and forensic issues including child custody The Effects of Intimate Partner Violence on Children addresses the emotional and behavioral disturbances children can suffer after being exposed to violence between their parents It examines methodological and theoretical challenges pilot programs for treatment intervention models therapeutic curricula and family law Practitioners and academics review dozens of studies representative samples probability samples and research findings relating to children's internalizing and externalizing behaviors adjustment difficulties coping strategies The book also examines the association between emotional regulation and emotionality and marital and parent child conflict in terms of children's adjustment and physical health how the experience of mothers in low income families suffering severe physical abuse relates

to children's behavior problems how father to mother aggression reduces children's affinity with their parents problems of service delivery for battered mothers Canadian legislation involving wife abuse and child custody the well being of families accessing treatment group interventions implemented in family agency and school settings how to develop interagency protocols and much more The Effects of Intimate Partner Violence on Children is an essential resource for professionals advocates and practitioners who work with abused children and maltreating families

Evaluation of the Sexually Abused Child Astrid M. Heger, S. Jean Emans, David Muram, 2000-09-07 Written by a group of nationally recognized physicians Evaluation of the Sexually Abused Child 2E is a comprehensive and authoritative resource that provides a step by step discussion of how to interview and clinically evaluate suspected child sexual abuse cases The contributors draw on their extensive experience to provide sensitive and practical guidance on psychological aspects of abuse conducting the medical interview and physical exam to make a diagnosis sexually transmitted disease and the role of the physician in court This new edition includes updated information on lab techniques revised protocols for intervention programs and a host of new data from several recently released longitudinal studies that followed abused children into adolescence and adulthood A key feature of the first edition a photographic atlas documenting and classifying ambiguous signs of abuse has been expanded by more than 40% to incorporate new photos on the sexual abuse of adolescents patterns of healing trauma and additional examples of normal variations and medical conditions

Encyclopedia of Victimology and Crime Prevention Bonnie S. Fisher, Steven P. Lab, 2010-02-02 Victimology and crime prevention are growing interrelated areas cutting across several disciplines Victimology examines victims of all sorts of criminal activity from domestic abuse to street violence to victims in the workplace who lose jobs and pensions due to malfeasance by corporate executives Crime prevention is an important companion to victimology because it offers insight and techniques to prevent situations that lead to crime and attempts to offer ideas and means for mitigating or minimizing the potential for victimization In many ways the two fields have developed along parallel yet separate paths and the literature on both has been scattered across disciplines as varied as sociology law and criminology public health and medicine political science and public policy economics psychology and human services and more The Encyclopedia of Victimology and Crime Prevention provides a comprehensive reference work bringing together such dispersed knowledge as it outlines and discusses the status of victims within the criminal justice system and topics of deterring and preventing victimization in the first place and responding to victims needs Two volumes containing approximately 375 signed entries provide users with the most authoritative and comprehensive reference resource available on victimology and crime prevention both in terms of breadth and depth of coverage In addition to standard entries leading scholars in the field have contributed Anchor Essays that in broad strokes provide starting points for investigating the more salient victimology and crime prevention topics A representative sampling of general topic areas covered includes interpersonal and domestic violence child maltreatment and elder abuse street violence hate crimes and terrorism treatment

of victims by the media courts police and politicians community response to crime victims physical design for crime prevention victims of nonviolent crimes deterrence and prevention helping and counseling crime victims international and comparative perspectives and more **Introduction to Criminology** Anthony Walsh, Craig Hemmens, 2008-03-07

Combining the didactic approach of a textbook with well edited critical research articles Introduction to Criminology provides the best of both worlds offering a unique new spin on the core textbook format Organized like a more traditional introductory criminology text this Text Reader is divided into 14 sections that contain all the usual topics taught in an introduction to criminology course After a comprehensive overview each section has an introductory mini chapter that provides engaging coverage of key concepts developments controversial issues and research in the field These authored introductions are followed by carefully selected and edited original research articles The readings were written by criminology experts and often have a policy orientation that will help address student interest in the so what application of theory Key Features and Benefits Features the unique How to Read a Research Article tied to the first reading in the book to guide students in understanding and learning from the edited articles that appear throughout the text Boasts extensive and innovative coverage of the field of criminology with special emphasis on the modern psychosocial and biosocial theories and concepts and integrating them with traditional sociological theories Utilizes unique summary tables at the ends of all theory chapters to allow students to quickly observe differences and similarities between competing theories Concludes all theory chapters with a distinctive section that presents policy and prevention implications to describe how the theories can be applied to social and criminal Future Work in Clinical Child and Adolescent Psychology Mitchell J. Prinstein, 2018-10-18

Preeminent clinical child and adolescent psychological scientists offer an agenda for future research in this compendium of thought pieces On a wide range of topics including ADHD depression self injury emotion regulation conduct problems addictions clinical assessment and therapy and many more scientists review the current state of the literature and offer specific recommendations for what investigators next need to tackle to reduce mental illness among youth Chapters include a discussion of theories and methods in clinical child and adolescent psychology current funding priorities and the intersection of traditional clinical psychology research with the burgeoning field of psychological neuroscience This book is an essential resource for classes on clinical child and adolescent psychopathology and treatment It also provides a unique guide for undergraduate and early graduate students who are determining how to start their research careers in the field All of the chapters in this book were originally published as articles in the Journal of Clinical Child and Adolescent Psychology

Handbook of Child Psychology, Social, Emotional, and Personality Development William Damon, Richard M. Lerner, Nancy Eisenberg, 2006-06-12 Part of the authoritative four volume reference that spans the entire field of child development and has set the standard against which all other scholarly references are compared Updated and revised to reflect the new developments in the field the Handbook of Child Psychology Sixth Edition contains new chapters on such

topics as spirituality social understanding and non verbal communication Volume 3 Social Emotional and Personality Development edited by Nancy Eisenberg Arizona State University covers mechanisms of socialization and personality development including parent child relationships peer relationships emotional development gender role acquisition pro social and anti social development motivation achievement social cognition and moral reasoning plus a new chapter on adolescent development

Maltreatment in Early Childhood Robin Vanderlaan, Kathleen Coulborn Faller, 2021-02-25 Detect and put a stop to child abuse For mental health professionals social workers legal professionals and policy makers Maltreatment in Early Childhood Tools for Research Based Intervention examines strategies and ideas for professional training in child protection in the United States Derived from presentations at the San Diego Conference Responding to Child Maltreatment this book addresses current assessment issues the intersection of child maltreatment and other social problems the history of child protection and the intricacies of courtroom testimonies and provides guidance for case management Through insight into research and case studies Maltreatment in Early Childhood explores effective approaches to child friendly services multivictim cases therapy and victim recantation to help you assist sexually abused children or children who have witnessed domestic abuse Addressing a variety of challenges that face all those involved with youth in need of assistance due to abuse this informative book examines why children of different racial identities may display different secret keeping behavior and presents a variety of approaches that encourage clients to talk about their situation Maltreatment in Early Childhood explores child abuse from a historical and political context and discusses key issues relating to all facets of this social problem including understanding the pros and cons of asking children to recall their experiences through specific types of questions such as invitational questions and less preferred questions which may or may not reveal true answers deciding if the Validity Checklist the second part of the Analysis procedure is able to determine truthfulness of allegations in child sexual abuse cases testing the efficacy of the model designed at the National Children s Advocacy Center NCAC which may be used to validate abuse and determine if children s statements are accurate overcoming difficulties in the child protection system including the probability of multiple interviews and potential contamination of children s narratives by a variety of sources to produce fair evaluations and successful prosecutions With tables and charts that will help you easily explore research findings Maltreatment in Early Childhood provides you with the information you need in order to determine the truth of children s statements how to present statements in court and how to affect changes that will protect and assist victims of childhood sexual abuse

Developmental Psychopathology, Theory and Method Dante Cicchetti, 2016-02-29 The seminal reference for the latest research in developmental psychopathology Developmental Psychopathology is a four volume compendium of the most complete and current research on every aspect of the field Volume One Theory and Method focuses on the theoretical and empirical work that has contributed to dramatic advancements in understanding of child and adult development including findings in the areas of genetics and neurobiology as well as social and contextual factors Now in its

third edition this comprehensive reference has been fully updated to reflect the current state of the field and its increasingly multilevel and interdisciplinary nature and the increasing importance of translational research Contributions from expert researchers and clinicians provide insight into how multiple levels of analysis may influence individual differences the continuity or discontinuity of patterns and the pathways by which the same developmental outcomes may be achieved Advances in developmental psychopathology have burgeoned since the 2006 publication of the second edition ten years ago and keeping up on the latest findings in multiple avenues of investigation can be burdensome to the busy professional and researcher from psychology and related fields This reference solves the problem by collecting the best of the best as edited by Dante Cicchetti a recognized leader in the field into one place with a logical organization designed for easy reference Get up to date on the latest research from the field Explore new models emerging theory and innovative approaches Learn new technical analysis and research design methods Understand the impact of life stage on mental health The complexity of a field as diverse as developmental psychopathology deepens with each emerging theory and new area of study as made obvious by the exciting findings coming out of institutions and clinics around the world Developmental Psychopathology Volume One Theory and Method brings these findings together into a cohesive broad reaching reference

Teacher-parent Collaboration Louise Porter, 2008 This important new book is a practical guide for teachers who want to improve relationships with the parents of their students It empowers them with the skills and confidence necessary for productive collaboration and addresses a range of issues that affect children s functioning and achievement Teacher Parent Collaboration presents jargon free and solution based approaches to collaboration which draw on the inherent strengths that all individuals have no matter how bleak their personal situation

Fieldwork Experiences in Criminology and Security Studies Antonio M. Díaz-Fernández, Cristina Del-Real, Lorena Molnar, 2023-12-19 This book compiles the fieldwork experiences of 55 researchers addressing the challenges ethical considerations and methodologies employed to study 30 diverse populations and phenomena within Criminology and Security Studies This volume contributes to filling a gap in academic literature by highlighting the often unspoken realities and intricacies of fieldwork The book is systematically structured into five thematic sections The Powerful The Invisible The Vulnerable The Violent and The Cyber These categories encompass various aspects and dimensions of fieldwork including managing emotional distress negotiating access through gatekeepers ensuring the protection of informants and exercising discretion in navigating sensitive issues As a scholarly resource this book is invaluable for academics practitioners and students involved in criminology security studies anthropology sociology and political science By offering in depth reflections and insights this volume enhances the reader s understanding of the nuances of fieldwork and informs the development of robust and ethical research practices Chapters 2 9 and 11 are available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com)

The DeShaney Case Lynne Curry, 2007 Joshua s story Child protection in the nineteenth and twentieth centuries The

crime of child abuse DeShaney v Winnebago County in the lower courts DeShaney v Winnebago County in the U S Supreme Court Poor Joshua DeShaney v Winnebago County in the court of public opinion **Handbook of Anger, Aggression, and Violence** Colin R. Martin, Victor R. Preedy, Vinood B. Patel, 2023-08-24 This handbook provides a detailed overview of the emotional physical and social implications of anger aggression and violence The book covers the recognition diagnosis and evaluation of these areas aiming to understand the aetiology of these behavioral features to assist with prevention and cure The book is divided into eight sections Placing Aggression Anger Aggression and Violence In Context Causes and Precipitation of Anger Aggression and Violence Features of Anger Aggression and Violence Anger Aggression and Violence in Defined Disorders and Conditions Physical Measures of Pathology and Insights Genetics Physical Measures of Pathology and Insights Non Genetic Treatments and Therapies Methods and Techniques Handbook of Anger Aggression and Violence will be of use for behavioral scientists psychologists psychiatric nurses and doctors neurologists health scientists general practitioners research scientists and all those interested in altered behavior **Parenting** George W. Holden, Amanda W. Harrist, 2024-09-10 George Holden and Amanda Harrist embrace the idea that parenting is a dynamic process children affect parents just as much as parents affect children A multi level ecological approach to parenting and childrearing allows a full range of parenting styles covering topics from co parenting evolutionary views human behavioral genetics to religious influences and addressing challenges to be encountered across parenting courses such as family violence behavior problems and the role of pathology in the family The completely updated Parenting A Dynamic Process Fourth Edition presents research in a way that is accessible and interesting but also accurate current and intellectually rich Although written from a psychological perspective views and applications from other disciplines including sociology criminology anthropology and pediatrics are also discussed where appropriate The text discusses contemporary issues such as fertility problems daycare marital conflict whether or not to use physical punishment divorce remarriage and step parents parenting emerging and young adults LGBTQ parents aging parents the effects of poverty risks and benefits of media use among children and family violence Additionally Holden and Harrist include selected studies from developing and non Western countries as well as recent statistics on such topics as US world birthrate birth problems adolescent pregnancy child injury divorce and remarriage child maltreatment and certain social policy issues *Polyvictimization* Julian D. Ford, Brianna C. Delker, 2020-05-21 This book provides an overview of the core research and theory on polyvictimization exposure to multiple types of victimization that may have negative and potentially lifelong biopsychosocial impacts The contributors to the volume address such topics as measurement issues in how polyvictimization should be assessed and measured developmental risks of early childhood polyvictimization for maltreated children in foster care gender differences in polyvictimization and its consequences among juvenile justice involved youth the importance of trauma focused treatment for polyvictimized youth in the juvenile justice system and the nature of polyvictimization in the internet era Suited to readers who are new to the topic

including graduate and undergraduate students as well as researchers and clinicians who want a concise update on the latest empirical research from the frontiers of this field this book provides findings and methodological innovations of interest to researchers and human service professionals This book was originally published as a special issue of the Journal of Trauma Dissociation **Identifying, Treating, and Preventing Childhood Trauma in Rural Communities** Baker, Marion, Ford, Jacqueline, Canfield, Brittany, Grabb, Traci, 2016-06-09 While there have been great strides made in the treatment options available to trauma victims there is a noticeable gap in the availability of medical social and psychological options in rural communities As these hurdles gain more recognition especially in regards to traumatized children research efforts have been intensified in an effort to increase the overall awareness of and find solutions to the improper treatment being provided Identifying Treating and Preventing Childhood Trauma in Rural Communities depicts the issues and challenges rural areas face when treating victims of trauma especially children and adolescents Featuring information on language and cultural barriers as well as the lack of resources available within these rustic environments this publication serves as a critical reference for researchers clinicians educators social workers and medical providers **Emotional Abuse of Children** David Royse, 2015-12-22 Children and Emotional Abuse is a research informed learning resource for students in social work about the dynamics and consequences of psychological abuse especially as it occurs in dysfunctional families and affects children and adolescents Emotional abuse is still not widely understood or recognized Helping professionals need to recognize emotional abuse understand the damage it does the theories that account for it and be prepared to help children and families where the abuse often occurs along with physical and sexual abuse This text will draw upon current peer reviewed literature and evidence based studies and summarize essential information to prepare students for careers in helping professions Each chapter will also contain brief vignettes to illustrate some of the key points This book is for courses in child welfare and child abuse neglect as well as other social work courses that focus on children **Child and Adolescent Development** William Damon, Richard M. Lerner, Deanna Kuhn, Robert S. Siegler, Nancy Eisenberg, 2012-06-29 This advanced text for psychology human development and education provides students with state of the art overviews of the discipline in an accessible affordable format Unique both in the depth of its coverage and in the timeliness of the research that it presents this comprehensive text conveys the field of child and adolescent development through the voices of scientists who themselves are now shaping the field **The SAGE Handbook of Child Research** Gary B Melton, Asher Ben-Arieh, Judith Cashmore, Gail S. Goodman, Natalie K. Worley, 2013-12-18 It is refreshing to see a book such as this which is both broad in its conceptualization of the field of child research and deep in its focus The volume s editors are paragons of awareness when it comes to the need for interdisciplinary research and theory to illuminate the lives and experience of children James Garbarino Loyola University Chicago Covers a satisfying and unprecedentedly wide range of research relating to childhood The contributors include many eminent international scholars of childhood making the book a valuable resource

for child researchers Child advocates will also find the book to be invaluable in their efforts to improve children's well being and to change policies and practices for the better Anne Smith University of Otago A really scintillating collection that will provide a lasting perspective on child studies stimulating and comprehensive Jonathan Bradshaw University of York In keeping with global changes in children's social and legal status this Handbook includes examination of children as family members friends learners consumers people of faith and participants in law and politics The contributors also discuss the methodological and ethical requirements for research that occurs in natural settings and that enables children themselves to describe their perspective The book is divided into three parts Part I Setting Specific Issues in Child Research Part II Population Specific Issues in Child Research Part III Methods in Research on Children and Childhood
