Multivalence Alan Warren Friedman, 1975      *Multivalence* Alan W. Friedman,      **Joyce Cary : A Critical Study** A. Nirmala, 2001 Joyce Cary 1888 1957 Is A Forerunner Of Post Colonial Thinking Yet Remains A Critically Marginalised Political Writer In British Literature This Book Focuses On Cary S Representation Of The Complexity In Cultural Politics Using Frantz Fanon S Expos Of The Mechanics Of Colonialism As A Tool It Seeks To Establish Cary S Credibility As A Political Writer The Book Also Reiterates The Necessity For Rehistoricizing Cary S Political Position By Examining His Novels Set In Africa Ireland As Well As In England Highlighting His Subtle Understanding Of The Dialectics Of Power And British Liberalism The Expertise With Which He Has Translated The Liberal Dilemma Into The Novel Form Cast In A Dialogic Manner Is Also Of Equal Interest In The Post Modern Context What Distinguishes This Work From Many Others That Apply Theoretical Positions Mechanically Is The Disciplined Manner In Which Theoretical Premises Are Tested And Measured Against Cary S Own Political And Social Attitudes      **The Rhetoric of Fiction** Wayne C. Booth, 2010-05-15 The first edition of *The Rhetoric of Fiction* transformed the criticism of fiction and soon became a classic in the field One of the most widely used texts in fiction courses it is a standard reference point in advanced discussions of how fictional form works how authors make novels accessible and how readers recreate texts and its concepts and terms such as the implied author the postulated reader and the unreliable narrator have become part of the standard critical lexicon For this new edition Wayne C Booth has written an extensive Afterword in which he clarifies misunderstandings corrects what he now views as errors and sets forth his own recent thinking about the rhetoric of fiction The other new feature is a Supplementary Bibliography prepared by James Phelan in consultation with the author which lists the important critical works of the past twenty years two decades that Booth describes as the richest in the history of the subject      **American Studies** Jack Salzman, 1986-08-29 This is an annotated bibliography of 20th century books through 1983 and is a reworking of *American Studies An Annotated Bibliography of Works on the Civilization of the United States* published in 1982 Seeking to provide foreign nationals with a comprehensive and authoritative list of sources of information concerning America it focuses on books that have an important cultural framework and does not include those which are primarily theoretical or methodological It is organized in 11 sections anthropology and folklore art and architecture history literature music political science popular culture psychology religion science technology medicine and sociology Each section contains a preface introducing the reader to basic bibliographic resources in that discipline and paragraph length non evaluative annotations Includes author title and subject indexes ISBN 0 521 32555 2 set 150 00      **A Wilderness of Words** Theodore Billy, 1997 Beginning with a detailed discussion of Conrad s ambivalence toward the function of language and the meaning of fiction Ted Billy explores the problematical sense of an ending in Conrad s tales and novellas Billy demonstrates that Conrad s endings instead of reinforcing the meaning of the narrative or lending finality actually provide a contrasting perspective that clashes with the

narrative's general drift      Forms of Modern British Fiction Alan Warren Friedman, 2014-07-03 In *Forms of Modern British Fiction* six individualistic and strongminded critics delineate the age of modernism in British fiction. Dating the age and the movement from later Hardy works through the deaths of Joyce and Woolf they present British fiction as a cohesive self-contained unit of literary history. Hardy appears as the first of the modern British novelists, Lawrence as the central and Joyce and Woolf as the last. The writers and the modern movement are framed by precursors such as Galsworthy and by successors Durrell, Beckett and Henry Green the postmoderns. The pattern of the essays suggests a growing self-consciousness on the part of twentieth century writers as they seek not only to refine their predecessors but also to deny and sometimes obliterate them. The moderns thus deny the novel itself a genre once firmly rooted in history and forms of social life. Their works do not assume that comfortable mimetic relationship between the fictive realities of art and life. Consequently there has now evolved a poetics of the novel that is virtually identifiable with modern fiction, a poetics still highly problematical in its attempt to denote a medium in whose name eclectic innovativeness and incessant revitalizing are proclaimed. *Forms of Modern British Fiction* refines and advances the discussion of the modern novel and the world it and we inhabit      Marguerite Duras Deborah N. Glassman, 1991 The work of writer and filmmaker Marguerite Duras raises theoretical issues of representation and formal issues of cinematic and literary languages. The novel *Le Ravisement de Lol V Stein* and the film *India Song* are examined using a psychoanalytic model of interpretation      Fictional Death and the Modernist Enterprise Alan Warren Friedman, 1995-01-26 This 1995 book analyses of the semiotics of death and dying in twentieth century fiction history and culture      **The Company We Keep** Wayne C. Booth, 1988 *Bibliography of ethical criticism* p 505-534 Presents arguments for the relocation of ethics to the center of literature examining periods, genres and particular works      Shakespeare's Returning Warriors - and Ours Alan Warren Friedman, 2021-11-28 Shakespeare's *Returning Warriors and Ours* takes its primary inspiration from the contemporary U.S. Post Traumatic Stress Disorder (PTSD) crisis in soldiers transitioning from battlefields back into society. It begins by examining how ancient societies sought to ease the return of soldiers in order to minimize PTSD though the term did not become widely used until the early 1980s. It then considers a dozen or so Shakespearean plays that depict such transitions at the start focusing on the tragic protagonists and antagonists in paradigmatic returning warrior plays including *Titus Andronicus*, *Julius Caesar*, *Othello*, *Macbeth*, *Antony and Cleopatra* and *Coriolanus* and exploring the psychological and emotional ill-fits that prevent warriors from returning to the status quo ante after battlefield triumphs or even surviving the psychic demons and moral disequilibrium they unleash on their domestic settings and themselves. It also analyzes the history plays, several comedies and *Hamlet* as plays that partly conform to and also significantly deviate from the basic paradigm. The final chapter discusses recent attempts to effect successful transitions often using Shakespeare's plays as therapy and depictions of attempts to wage warfare without inducing PTSD. Through the investigation of the tragedies and model returning warrior experiences Shakespeare's *Returning Warriors and Ours*

highlights a central and understudied feature of Shakespeare's plays and what they can teach us about PTSD today when it is a widespread phenomenon in American society

**Surreal Beckett** Alan Warren Friedman, 2017-08-15 Surreal Beckett situates Beckett's writings within the context of James Joyce and Surrealism distinguishing ways in which Beckett forged his own unique path sometimes in accord with sometimes at odds with these two powerful predecessors Beckett was so deeply enmeshed in Joyce's circle during his early Paris days 1928 late 1930s that James Knowlson dubbed them his Joyce years But Surrealism and Surrealists rivaled Joyce for Beckett's early and continuing attention if not affection so that Raymond Federman called 1929-45 Beckett's surrealist period Considering both claims this volume delves deeper into each argument by obscuring the boundaries between these differentiating studies These received wisdoms largely maintain that Beckett's Joycean connection and influence developed a negative impact in his early works and that Beckett only found his voice when he broke the connection after Joyce's death Beckett came to accept his own inner darkness as his subject matter writing in French and using a first person narrative voice in his fiction and competing personal voices in his plays Critics have mainly viewed Beckett's Surrealist connections as roughly co-terminus with Joycean ones and ultimately of little enduring consequence Surreal Beckett argues that both early influences went much deeper for Beckett as he made his own unique way forward transforming them particularly Surrealist ones into resources that he drew upon his entire career Ultimately Beckett endowed his characters with resources sufficient to transcend limitations their surreal circumstances imposed upon them
