

THE MUMMY

A Handbook of Egyptian Funerary Archaeology

E. A. Wallis Budge

Nurtured by a strong, unshaken belief in the hereafter, the people of ancient Egypt lived out much of their earthly lives preparing for the next world. Their efforts to pave the way to a life after death is the subject of this remarkable work—concisely, comprehensively and ably presented by one of the 20th century's greatest Egyptologists.

First published in 1893 and revised in 1925, Sir Wallis Budge's important volume offers a fascinating, erudite discussion of Egyptian funerary procedures, including mummification, burial practices and goods, ritual texts, gods, graves and tombs, coffins, mummycases, the *Book of the Dead* and much more. The author has also included much additional information of a general nature—a history of Egypt, royal cartouches (panels enclosing the king's name), decipherment—featuring an account of the Rosetta Stone—a list of hieroglyphs and other material vital to understanding the Egyptian way of death.

An abundance of detail and scholarly information makes this book invaluable not only to Egyptologists and students of history and comparative religion, but to the many people fascinated by the occult and supernatural aspects of ancient Egyptian culture. The profusely illustrated volume includes over 150 photographs and line drawings of early tomb statuary, earthenware figures, mummified bodies, elaborately painted coffins and sarcophagi, a model of a funerary boat and figures of Egyptian gods. There are floor plans for spacious tombs, a list of the principal kings of Egypt, a chart depicting the hieroglyphic alphabet and much more—all contributing to a work which, according to *The Asiatic Quarterly Review*, is "quite indispensable alike to learners and the learned in Egyptology."

Unabridged Dover (1969) republication of the second edition, published by Cambridge University Press, 1925. 78 photographs, 76 black-and-white line illustrations. Preface. Bibliography in footnotes. Index. 576pp. 5 1/2" x 8". Paperbound.
