Islam and Anarchism Mohamed Abdou, 2022-06-20 One of the fiercest books I ve ever read Jasbir K Puar Discourse around Muslims and Islam all too often lapses into a false dichotomy of Orientalist and fundamentalist tropes A popular reimagining of Islam is urgently needed Yet it is a perhaps unexpected political philosophical tradition that has the most to offer in this pursuit anarchism Islam and Anarchism is a highly original and interdisciplinary work which simultaneously disrupts two commonly held beliefs that Islam is necessarily authoritarian and capitalist and that anarchism is necessarily anti religious and anti spiritual Deeply rooted in key Islamic concepts and textual sources and drawing on radical Indigenous Islamic anarchistic and social movement discourses Abdou proposes Anarcha Islam Constructing a decolonial non authoritarian and non capitalist Islamic anarchism Islam and Anarchism philosophically and theologically challenges the classist sexist racist ageist queerphobic and ableist inequalities in both post and neo colonial societies like Egypt and settler

colonial societies such as Canada and the USA **Why Study Talmud in the Twenty-First Century?** Paul Socken, 2009-10-29 The Talmud is the repository of thousands of years of Jewish wisdom It is a conglomerate of law legend and philosophy a blend of unique logic and shrewd pragmatism of history and science of anecdotes and humor Unfortunately its sometimes complex subject matter often seems irrelevant in today's world In this edited volume sixteen eminent North American and Israeli scholars from several schools of Jewish thought grapple with the text and tradition of Talmud talking personally about their own reasons for studying it Each of these scholars and teachers believes that Talmud is indispensable to any serious study of modern Judaism and so each essay challenges the reader to engage in his or her own individual journey of discovery The diverse feminist rabbinic educational and philosophical approaches in this collection are as varied as the contributors' experiences Their essays are accessible personal accounts of their individual discovery of the Talmud reflecting the vitality and profundity of modern religious thought and experience Conversation Analysis for Social Work

Gerald de Montigny, 2018-10-11 What do the stories youth in state care tell about life in their family of origin What stories do they tell us about coming into care living in care and relationships with foster parents and social workers This book presents the stories of youth in care though not in splendid isolation but as interactively produced turn by turn in interviews and in conversations with other youth By using tools from conversation analysis CA the author examines interviews with youth in care and social workers to unfold the essential and incorrigible reflexivity of story production CA allows us to grasp the ways that a youth's story emerges turn by turn and is an artefact of a social relation between a youth and an interviewer This text provides social work readers with a sense of art artistry and ambiguity at the heart of social interaction It will be required reading for all social work students and academics looking for a deeper more philosophical understanding of the profession

Claude's Book Claude H. Kelway Bamber, 1919 **Tuning the Soul** Chani Haran Smith, 2010 The Institute of Jewish Studies founded in 1954 by the late Alexander Altmann is dedicated to the promotion of all aspects of scholarship in Jewish Studies and related fields Its programmes include public lectures seminars and annual conferences All lectures and conferences are open to the general public This book is an in depth study of the function of music in religious experience according to Rabbi Nahman of Bratzlay It provides new insights on his unique doctrine of the Good Points which represent the core of loving kindness and holiness in the human soul and the musical context in which they become both a means and a metaphor for spiritual transformation Drawing on midrashic and kabbalistic sources the book explores Nahman's perception of different types of tzadikim religious leaders including himself and the special role music plays in their leadership It highlights the importance of creativity and renewal in the messianic process that involves both music and loving kindness
