Earle,2014-03-01 A universal test of great writers is the quality of their response to the human dilemma Prophet in the Wilderness traces the development of that response in the works of the Argentine writer Ezequiel Mart nez Estrada from the first ambitious poems to its definitive expression in the essays and short stories His theme is progressive disillusionment in history and in personal experience both of which are interpreted in his work as accumulations of error Modern civilization he believes has created many more problems than it has solved Like Schopenhauer Freud and Spengler the three thinkers who influenced him most Mart nez Estrada found in real events and circumstances all the symbols of disenchantment Many today have begun to share this disenchantment for since the publication of X Ray of the Pampa in 1933 the real world has become more and more like his symbolic world Prophet in the Wilderness examines Mart nez Estrada s foremost concern the world as a complex reality to be discovered behind the image of one s own most intimate community For him the community assumed many forms Buenos Aires the enigmatic metropolis the cathedral in his story The Deluge the innumerable family of Marta Riquelme Argentina itself in his masterpiece X Ray of the Pampa Mart nez Estrada is the great solitary of Hispanic American literature independent of all fashions and trends With Borges he had become by 1950 one of the two most discussed writers in Argentina Pope Francis Mario I Aguilar,2014-05-29 Pope Francis His Life and Thought paints a compelling picture of a truly remarkable pope considering his life in detail until his election as Pope Francis in 2013 Cardinal Jorge Bergoglio was a highly unusual candidate for the papacy for two main reasons the pope from far away is the first non European to be elected and furthermore he began his career as a Jesuit one of God s soldiers Members of the order traditionally do not ascend the hierarchy of the Church and it took a personal request from Pope John Paul II for Bergoglio to leave the Society of Jesus and accept his appointment as bishop Bergoglio s theological principles have been profoundly shaped by these two factors However the author also reveals that the evolution of his thought was deeply affected by his

simple Argentinean upbringing and his fearless work in the slums of Buenos Aires as a young Jesuit and as a senior member of the Church Bergoglio has consistently emphasised the importance of alleviating the suffering of the poor following the teaching of Vatican II and in keeping with his own unflinching morality This volume reveals Pope Francis as remarkably humble and altruistic man doctrinally conservative and engaged less in politics than in the struggle to re centre the Church at the margins of society It will be of great interest to any reader who wishes to know more about this inspiring individual

afrontar la incertidumbre del futuro Evidentiality and Epistemological Stance Ilana Mushin, 2001-01-01 This book explores the discourse pragmatics of reportive evidentiality in Macedonian Japanese and English through an empirical study of evidential strategies in narrative retelling The patterns of evidential use and non use found in these languages are attributed to contextual cultural and grammatical factors that motivate the adoption of an epistemological stance a concept that owes much to recent trends in Cognitive Linguistics The patterns of evidential strategies found in the three languages provide a fine illustration of the balancing act between speakers expressions of their own subjectivity their motivations to tell a coherent and exciting story and their motivations to be faithful retellers of someone else's story These pressures are further complicated by the grammatical and pragmatic conventions that are particular to each language Evidentiality and Epistemological Stance narrative retelling will appeal to those interested in evidentiality grammar and pragmatics cross linguistics discourse analysis linguistic subjectivity and narrative **Norah Borges** Eamon McCarthy, 2020-09-01 This is the first book to give an overview of Norah Borges's artistic output as a whole This is important as other studies have limited themselves to her work as an illustrator or have focussed wholly on her early works It contains 30 images of her work which will allow readers to gain a sense of the changes in her style This is the first book length study of Norah Borges to be written in English which opens up her works to a non Spanish speaking audience for the first time **Sí Pero No** Ann González, 2005 Costa Rican novelist Fabian Dobles 1918 1997 is arguably one of the most important formative writers within the context of Costa Rican and Central American literary history Yet until now there has been no book length analysis in either English or Spanish of his narrative contributions Isolated studies generally place him within the realist and regionalist tendencies of the period and emphasize his mimetic representation of the world This book however reevaluates Dobles novels and short stories from the perspective of subaltern and postcolonial studies and offers the first theoretically consistent comprehensive analysis of his narrative corpus
