Municipal Mother Portlands Lola Greene Baldwin Americas First Policewoman:

Policing Women Janis Appier, 1998-01-12 Many of us take the presence of policewomen on patrol and in investigative roles for granted Realistic dramas and comedies in the movies and on television show women officers performing the same duties as men on the force This visibility tells us nothing about the hostility and controversy that have beset policewomen since they were first hired by police departments in the 1910s Author Janis Appier traces the origins of women in police work explaining how pioneer policewomen s struggles to gain secure footholds in big city police departments ironically helped to make modern policework one of the most male dominated occupations in the United State With a new vision of non coercive police work and crime prevention Progressive reformers exerted political and social pressure to create positions for female officers dedicated to guiding and protecting juveniles and women Women reformers pointed to changing sexual mores among working class female youth to emphasize the need for a new approach to policing The policewomen who undertook the work of counseling sexually active teenage girls and their families saw themselves as helping young people achieve moral equilibrium during a period in which standards of context were in flux In the Los Angeles Police Department the first to hire women this social work was primarily the responsibility of the City Mother s Bureau in other major cities policewomen s roles were similarly constructed as maternalistic Scrutinizing case records public statements and departmental policies governing policewomen Appier shows how female officers handled the complex gender politics of their work with the public and within their departments Appier reveals that many of these pioneering policewomen succeeded in expanding the scope of policework and carving out a rewarding professional niche despite continued attempts to oust them or limit their sphere of action But this advancement was short lived within a generation a masculinized model of crime fighting took hold and policewomen s authority eroded Women in Public and Private Law Enforcement Kathryn E. Scarborough, Pamela A. Collins, 2002 Publisher Description **Murder & Scandal in Prohibition Portland** JD Chandler, Theresa Griffin Kennedy, 2016-02-01 The 1917 election of Mayor George Luis Baker ushered a long era of unscrupulous greed into Portland government While supposedly enforcing prohibition laws Baker ordered police chief Leon Jenkins to control and profit from the bootlegging market Baker filled city coffers and his friends pockets with booze soaked cash while sensational headlines like the 1929 affair between policeman Bill Breuning and informant Anna Schrader scandalized the city Maligned in the press Schrader executed a bitter campaign to recall the mayor In 1933 a hired gunman murdered special investigator to the governor Frank Aiken a day before he would have filed a report on corruption in the city government Authors JD Chandler and Theresa Griffin Kennedy unearth the salacious details of Baker s crooked administration in a revelatory account of prohibition in the Rose City **Women Police in a Changing Society** Mangai Natarajan, 2016-02-11 Offering a fascinating account of the development of women police over the past twenty years this book refers to the author s extended research in India to examine how the Indian experience demonstrates a valuable alternative to the Anglo American model not only for

traditional societies but for women police in the West as well. With reference to the establishment in 1992 of all women units in Tamil Nadu, this unique experiment proved highly successful in enhancing the confidence and professionalism of women officers and ensuring the effectiveness and efficiency of the police. At a time when policing is being rethought all over the world, not only in traditional societies, the Tamil Nadu practice illustrates important lessons for western countries that are finding it increasingly difficult to recruit and retain women officers. Natarajan's remarkable book is an important and original contribution to the literature on gendered policing, which to date has concentrated almost exclusively on the US and British experience.

The Clubwomen's Daughters Gwen Tarbox, 2014-04-23. The author provides an interdisciplinary cultural study of the evolution of Progressive era girls' peer groups, their representation in popular girls' fiction, and the influence of these communities, both real and fictional, upon young women's lives during the years leading up to the Second World War. The writers featured in this volume were the first generation of New Women, whose ability to enter traditionally male spaces such as the college campus, the playing field, the wilderness, and the office was facilitated by their membership in women's clubs, political and religious organizations, and athletic teams. Eager to promote the idea that same-sex group activities would lead to female empowerment, these clubwomen targeted young girls as their intended audience and developed an idealized fictional portrait of female cooperation that girls could replicate in their own lives. By adding to our knowledge of girls' cultural history, the author gives voice to a segment of the population that was and still is at the center of society's debates concerning the appropriate roles for girls and women. Authors discussed include Louisa May Alcott, Emma Dunham Kelley, Laura Lee Hope (pseudonym for Lilian Garis), Carolyn Keene (pseudonym for Mildred Wirt Benson), and Margaret Sutton. **Sex Ed, Segregated** Courtney Q. Shah, 2015. Demonstrates that the intersection between race, gender, and class formed the backbone of Progressive Era debates over sex education, the policing of sexuality, and the prevention of venereal disease.
