Balor,2017-11-11 The television series SPACE 1999 was in its first series shaped by the late sixties and early seventies counterculture movements making SPACE 1999 into an example of how certain SF scholars see a natural alignment between science fiction and critical theory However due to changes in the political climate SPACE 1999 went through an ideological reversal in its second series As a result the schizophrenic nature of the series has ever since caused debate This book is written on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com **Irwin Allen Television Productions, 1964-1970** Jon Abbott,2015-06-14 Before

Space The Time Tunnel and Land of the Giants These 1960s series were full of Allen s favorite tricks techniques and characteristic touches and influenced other productions from the original Star Trek forward Every science fiction show owes something to Allen yet none has equaled his series pace excitement or originality This detailed examination and documentation of the premise and origin of the four shows offers an objective evaluation of every episode and demonstrates that when Irwin Allen s television episodes were good they were great and when they were bad they were still terrific fun

The Lost Dark Age Kingdom of Rheged Ronan Toolis, Christopher Bowles, 2017-01-31 Trusty s Hill is an early medieval fort at Gatehouse of Fleet Dumfries and Galloway The hillfort comprises a fortified citadel defined by a vitrified rampart around its summit with a number of enclosures looping out along lower lying terraces and crags The approach to its summit is flanked on one side by a circular rock cut basin and on the other side by Pictish Symbols carved on to the face of a natural outcrop of bedrock This Pictish inscribed stone is unique in Dumfries and Galloway and southern Scotland and has long puzzled scholars as to why the symbols were carved so far from Pictland and even if they are genuine The Galloway Picts Project launched in 2012 aimed to recover evidence for the archaeological context of the inscribed stone but far from validating the existence of Picts in this southerly region of Scotland the archaeological context instead suggests that the carvings relate to a royal stronghold and place of inauguration for the local Britons of Galloway around AD 600 Examined in the context of contemporary sites across southern Scotland and northern England the archaeological evidence from Galloway suggests that this region may have been the heart of the lost Dark Age kingdom of Rheged a kingdom that was in the late sixth century pre eminent amongst the kingdoms of the north The new archaeological evidence from Trusty s Hill enhances our perception of power politics economy and culture at a time when the foundations for the kingdoms of Scotland England and Wales were being laid
