Muppet Classic Theater Golden Books Staff,1996-06-01 **The Fairy Tales of Jim Henson** Andrea Wright,2025-09-02

The Fairy Tales of Jim Henson The best place by the fire is the first book to specifically consider Henson best known for the immensely popular The Muppet Show as an important creator of screen fairy tales In a chronological overview of Henson s career from the late 1950s to his death in 1990 it explores key themes artistic practices and innovations that make his contribution to the genre unique Drawing upon a range of fairy tale scholarship it also situates Henson s work within the wider context of the genre specifically its conventions themes and inherent intertextuality **Dickens Adapted** John Glavin,2017-03-02 From their first appearance in print Dickens s fictions immediately migrated into other media and particularly in his own time to the stage Since then Dickens has continuously apparently inexhaustibly functioned as the wellspring for a robust mini industry sourcing plays films television specials and series operas new novels and even miniature and model villages If in his lifetime he was justly called The Inimitable since his death he has become just the reverse the Infinitely Imitable The essays in this volume all appearing within the past twenty years cover the full spectrum of genres Their major shared claim to attention is their break from earlier mimetic criteria does the film follow the novel to take the new works seriously within their own generic and historical contexts Collectively they reveal an entirely other Dickensian oeuvre which ironically has perhaps made Dickens better known to an audience of non readers than to those who know the books themselves *Bowker's Directory of Videocassettes for Children 1999* R R Bowker Publishing,Bowker,1999-03
