Prasol, 2023-09-12 This book will focus on analyzing the different aspects of Japan's representation in the novels of Haruki Murakami and David Mitchell It is proven that Murakami creates and recreates Japan without implementing any orientalist features or exotic imagery In the works of both authors the intent to depict a new world of Japan stripped of traditional stereotypical traits becomes clear The difference between Murakami and Mitchell's representation of Japan lies in the difference between Japan as seen by the Japanese and Japan as seen by modern Westerners but both are correct images of Japan It is a recreation of the global image of Japan In that sense the texts of Murakami and Mitchell are complementary representations of Japan through East West cultural dialogue Studying the representations of Japan and Japanese national character helps to understand the role of Murakami and Mitchell in the formation of a new image of Japan the de stereotyping of anachronistic ideas about Japanese national exclusivity enriching by doing so the world literature with new visions of the country and its culture The purpose of the comparative analysis of English and Japanese literary works performed in this work is to reveal both deep analogies and differences in the representation of the image of Japan actualizing the national specificity of the texts This research advances the understanding of how both general and specific components of literary representations of Japan and Japaneseness are manifested in the East West cultural dialogue The Facts on File Companion to the World Novel Michael Sollars, Arbolina Llamas Jennings, 2008 The Cultural Complex Thomas Singer, Samuel L. Kimbles, 2004 Based on Jung's theory of complexes this book offers a new perspective on conflicts between groups and cultures demonstrating how the effects of cultural complexes can be felt in the behaviour of disenfranchised groups across the world Spirit Matters Philip Gabriel, 2006-01-01 Spirit Matters is a ground breaking work the first to explore a broad range of writings on spirituality in contemporary Japanese literature It draws on a variety of literary works from enormously popular fiction Miura Ayako s HyEten and Shirokari Pass and the novels of Murakami Haruki to more problematic serious fiction Ee KenzaburE s Somersault to nonfiction meditations on martyrdom and miracles Sono Ayako s Kiseki and the dynamics of religious cults Murakami s interviews with members of Aum ShinrikyE in Underground The first half of the volume focuses on the work of two women Christian writers Miura Ayako and Sono Ayako Combining a decidedly evangelistic bent with the formulas of the popular novel Miura s 1964 novel HyEten Freezing Point and its sequel are entertaining perennial bestsellers but also treat spiritual issues like original sin that are largely unexplored in modern Japanese literature Sono s Kiseki Miracles and Miura s Shiokari Pass focus on the meaning of self sacrifice and the miraculous and survey both the paths by which people come to faith and the spiritual doubts that assail them Perhaps most striking for Western readers Gabriel reveals how Miura's novel shows the lingering resistance to Christianity and its oppositional nature in Japan and how in Kiseki Sono considers the kind of spiritual struggles many Japanese Christians experience as they try to reconcile their belief in a minority faith In Translation Esther Allen, Susan Bernofsky, 2013-05-28 The most comprehensive collection of perspectives on translation to date this anthology features essays by some of the world

s most skillful writers and translators including Haruki Murakami Alice Kaplan Peter Cole Eliot Weinberger Forrest Gander Clare Cavanagh David Bellos and Jos Manuel Prieto Discussing the process and possibilities of their art they cast translation as a fine balance between scholarly and creative expression The volume provides students and professionals with much needed guidance on technique and style while affirming for all readers the cultural political and aesthetic relevance of translation These essays focus on a diverse group of languages including Japanese Turkish Arabic and Hindi as well as frequently encountered European languages such as French Spanish Italian German Polish and Russian Contributors speak on craft aesthetic choices theoretical approaches and the politics of global cultural exchange touching on the concerns and challenges that currently affect translators working in an era of globalization Responding to the growing popularity of translation programs literature in translation and the increasing need to cultivate versatile practitioners this anthology serves as a definitive resource for those seeking a modern understanding of the craft The Alien Within Leith Morton, 2009-02-26 Readers worldwide have long been drawn to the foreign the exotic and the alien even before Freud s famous essay on the uncanny in 1919 Given Japan's many years of relative isolation followed by its multicultural empire these themes seem particularly ripe for exploration and exploitation by Japanese writers Their literary adventures have taken them inside Japan as well as outside and how they internalized the exotic through the adoption of modernist techniques and subject matter forms the primary subject of this book The Alien Within is the first book length thematic study in English of the alien in modern Japanese literature and helps shed new light on a number of important authors Morton examines the Gothic a form of writing with strong affinities to European Gothic and a motif in the fiction of several key modern Japanese writers such as Arishima Takeo Morton also discusses the translations of Tsubouchi Shoyo Japan s most famous early translator of Shakespeare and how this most alien and exotic author was absorbed into the Japanese literary and theatrical tradition The new field of translation theory and how it relates to translating Shakespeare are also discussed Morton devotes two chapters to the celebrated female poet Yosano Akiko whose verse on childbirth and her unborn children broke taboos relating to the expression of the female body and sensibility He also highlights the writing of contemporary Okinawan novelist Oshiro Tatsuhiro whose work springs from what is for Japanese an exotic subtropical landscape and makes symbolic reference to the otherness at the heart of Japanese religiosity Another significant but equally overlooked subject is the focus of the final chapter which analyzes the travel writing of internationally best selling author Murakami Haruki Murakami s great corpus of work includes a one volume study of the 2000 Sydney Olympics which Morton discusses in detail The Alien Within breaks new ground in its treatment of the exotic in modern Japanese writing and in its discussion of authors and work hitherto absent from critical discussions in English It will be of significant interest to readers of literature and students of modern Japanese culture and women s writing as well as those fascinated by the occult Gothic fiction and the exotic
