acclaimed true crime author and podcaster Emily Webb comes a gripping collection of chilling cases from Australia and beyond This volume delves into both well known and obscure crimes revealing the dark underbelly lurking beneath seemingly peaceful neighbourhoods In 1977 the murder of an Australian nurse living in Texas shocked the community and remains unsolved to this day In 1950 the disappearance of a Melbourne woman led to the largest search of its time only for her husband to later confess to disposing of her body under dubious circumstances The book also examines decades of baby abductions from hospitals suburban homes and public streets highlighting the vulnerability of the most innocent among us The still unsolved murder of elderly gentleman grocer Frank Newbery in Newcastle serves as a chilling reminder of the darkness that can lurk in the most familiar places In the 1950s a cricket match in suburban Adelaide turned into a scene of terror when a gunman opened fire fatally shooting one player and injuring another In 1973 during a bustling football game at Adelaide Oval 11 year old Joanne Ratcliffe and 4 year old Kirste Gordon vanished without a trace their disappearances haunting the community to this day Murder in the Suburbs is a compelling reminder that even the most tranquil street can harbor dark secrets These true accounts will leave you questioning the safety of the world just outside your door PRAISE FOR EMILY WEBB Suburban True Crime is a cracking read It s full of suspense and mystery but not of the Hollywood variety instead Emily Webb writes about our streets and suburbs The AU Review Webb certainly whets the appetite for more reading around these cases A solid addition to any true crime lover s bookshelf GLAM Her telling of a range of tales reads as factual careful and very considered That doesn t mean that she shies away from explaining what happened to many of these victims it fortunately lacks the sensationalism that can sometimes be found in these sorts of accounts AustralianCrimeFiction org

Murder in Aubagne D. M. G. Sutherland,2009-04-20 This is a study of faction lynching murder terror and counter terror during the French Revolution It examines factionalism in small towns like Aubagne near Marseille and how this produced the murders and prison massacres of 1795

8 Another major theme is the convergence of lynching from below with official Terror from above Although the Terror may have been designed to solve a national emergency in the spring of 1793 in southern France it permitted one faction to continue a struggle against its enemies a struggle that had begun earlier over local issues like taxation and governance It uses the techniques of micro history to tell the story of the small town of Aubagne It then extends the scope to places nearby like Marseille Arles and Aix en Provence Along the way it illuminates familiar topics like the activity of Clubs and revolutionary tribunals and then explores largely unexamined areas like lynching the sociology of faction the emergence of theories of violent fraternal democracy and the nature of the White Terror
