

DELIGHT

BY AMY LUDWIG VANDERWATER

Nature does not have
a lost and found table
for summer feathers
and so
the woodpecker
who dropped
this black and white
piece of himself
has let it go forever.
A bit of beauty
a spotted charm
on the sidewalk
for free.
Found a feather.
Finder keepers.
Lucky me.

Parian Poems Gisèle d'Ailly, 1995 The Poems of Robert Browning: Volume Five John Woolford, Daniel Karlin, Joseph Phelan, 2022-06-30 The Ring and the Book published serially in 1868-9 is one of the most daring and innovative poems in the English language. The story is based on the trial of an Italian nobleman Guido Franceschini for the murder of his wife Pompilia in Rome in 1698. Browning's discovery of the old yellow book, a bundle of legal documents and letters relating to the trial on a second-hand market stall in Florence, sparked an imaginative engagement with this sordid tale of domestic cruelty, adultery and greed which grew through four years of arduous labour into an epic peopled not by gods and warriors but by concrete recognisably human beings. Fusing the technique of the dramatic monologue, the form he had made his own with the grandeur of classical epic and the vivid realism of the modern novel, Browning created a unique hybrid form that allowed him not only to bring to life an entire historical period but also to reflect on the process of artistic creation itself: the forging of the golden ring of the poem from the pure, crude fact of its historical original. This edition, comprising volumes 5 and 6 in the acclaimed Longman Annotated English Poets edition of Browning's poems, does full justice to the scope and depth of Browning's achievement. The headnote in volume 5 gives an authoritative account of the poem's composition, publication, sources and reception, making use of hitherto unpublished letters and textual material. In addition to giving readers help where needed with historical and linguistic comprehension, the notes track Browning's formidable range of allusion from the most erudite to the most vulgar. The appendices in volume 6 present a selection from the original sources, a list of variants from extant proofs and key passages from Browning's fascinating and revealing correspondence with one of the earliest readers of the poem, Julia Wedgwood. The aim is to enable readers not just to understand the poem as an object of study but to take pleasure in its abounding intellectual and emotional energies. *Baudelaire's Prose Poems* Edward K. Kaplan, 2009-01-01 Baudelaire's Prose Poems is the first full-length integral study of the fifty prose poems Baudelaire wrote between 1857 and his death in 1867, collected posthumously under the title *Le Spleen de Paris*. Edward Kaplan resurrects this neglected masterpiece by defining the structure and meaning of the entire collection, which Kaplan himself has translated as *The Parisian Prowler*. Engaging in a dialogue with deconstructionists whose critical methods often obscure the meaning of the whole, Kaplan rejects the view of prose poems as a random assemblage of melodic rhapsodies. Instead, he sees a coherent ensemble of fables of modern life that join lyricism and critical self-awareness. Kaplan defines three dimensions of experience that inform *The Parisian Prowler* from beginning to end: the esthetic includes art, ideal beauty and especially the intense immediacy of sensations, fantasy and dream; the ethical includes principles of right and wrong relations between intimates or between individuals and the community; and the religious, not to be confused with church or dogma, points to the province of ultimate reality, whether it be God or an absolute standard of truth, justice and meaning. These dimensions are explored by a narrator, a complex, highly self-conscious writer whose passion for pure Beauty continually frustrates his yearning for

affection He begins his tour through 1850s Paris alienated from reality becomes aggravated by conflicts between his ethical and esthetic drives to the point of despair and ends by expressing loyal friendship Analyzing the fables in relation to one another in pairs or groups Kaplan demonstrates how later pieces intermingle or even confuse the narrator's esthetic and ethical drives and how the most advanced theoretical fables through ironic puns on their form further undermine this simplistic dualism Baudelaire's fables of modern life radically challenge us to examine our presuppositions Kaplan argues Though rarely didactic the narrator's Socratic irony engages readers in a volatile dialogue provoking them to form their own judgments He often betrays self-destructive anger rebelling against injustice or stupidity or against women who might love him At times he insults our complacency and self-deception with vicious glee at other times he recognizes his own frailty nurturing a sense of fellowship with the oppressed Seeking both to analyze experience objectively and to sympathize with isolated individuals like himself Baudelaire's narrator joins criticism and poetry in a voyage of self-discovery finally accepting experience as impure and mixed Kaplan contends that the prose poems constitute a genre parallel to the poems Baudelaire added to the 1861 edition of *Les Fleurs du Mal* both of which illustrate fundamental principles of the theory of modernity he developed in his essays on art The self-reflective fables in *The Parisian Prowler* depicting a way of thinking beyond ideologies clarify Baudelaire's development as poet-critic and thinker *Greek Epitaphic Poetry* Richard Hunter, 2022-01-13
