Partner Or Pariah Attitudes Toward Peace With Israel In Syria Lebanon And Jordan:

Partner Or Pariah? Hilal Khashan,1996-01-01 **Muslim Attitudes to Jews and Israel** Moshe Ma'oz,2011-11-02

Manifestations of hatred of Jews and Israel have risen over the last few decades in the Arab and Muslim world But is such hatred the result of Islamic anti Semitism This title explains that while anti Semitism is the credo of fanatic groups and regimes such an attitude is not representative of traditional and contemporary Islam *Peacemaking from Above, Peace from Below* Norrin M. Ripsman,2016-05-05 In *Peacemaking from Above Peace from Below* Norrin M Ripsman explains how regional rivals make peace and how outside actors can encourage regional peacemaking Through a qualitative empirical analysis of all the regional rivalries that terminated in peace treaties in the twentieth century including detailed case studies of the Franco German Egyptian Israeli and Israeli Jordanian peace settlements Ripsman concludes that efforts to encourage peacemaking that focus on changing the attitudes of the rival societies or democratizing the rival polities to enable societal input into security policy are unlikely to achieve peace Prior to a peace treaty he finds peacemaking is driven by states often against intense societal opposition for geostrategic reasons or to preserve domestic power After a formal treaty has been concluded the stability of peace depends on societal buy in through mechanisms such as bilateral economic interdependence democratization of former rivals cooperative regional institutions and transfers of population or territory Society is largely irrelevant to the first stage but is critical to the second He draws from this analysis a lesson for contemporary policy Western governments and international organizations have invested heavily in efforts to promote Israeli Palestinian and Indo Pakistani peace by promoting democratic values economic exchanges and cultural contacts between the opponents Such attempts to foster peace are likely to waste resources until such time as formal peace treaties are concluded between longtime adversaries **The Political Economy of Middle East Peace** J.W. Wright Jr.,2013-06-17 The Political Economy of Middle East Peace looks at the political economy of the Middle Eastern peace process with a focus on the politics of trade Contributors investigate the ways new commercial alliances develop as a result of economic agencies established via the Arab Israeli peace process and look at institutions which contribute to redirection of Arab intra and inter regional trade such as the Palestine Monetary Authority the Middle East Development Bank and free trade zone agencies in Aquaba and Dubai

The A to Z of the Arab-Israeli Conflict P R Kumaraswamy, 2009-07-24 For over a century the conflict between the Arabs and Jews has remained the most intractable problem confronting the world Hardly a day passes that the Arab Israeli Conflict is not headlined in the media It has turned the Arabs and Israelis against one another and embittered relations within the two communities while drawing the rest of the world into the circle of disruption The A to Z of the Arab Israeli Conflict provides factual background through an introductory essay a chronology a bibliography and hundreds of cross referenced dictionary entries on the more significant persons places and events including the various wars and negotiations The history religion culture and archeology that this rivalry has sparked between the Arabs and Israelis over the same piece of territory is traced in this book which offers the essential details using neutral terms and thereby allowing readers to draw conclusions for themselves

Historical Dictionary of the Arab-Israeli Conflict P R Kumaraswamy, 2015-10-08 Competing Jewish and Arab national claims over the Holy Land form the core of the Arab Israeli conflict thereby transforming it into the most intensely fought struggles in the history of humanity The conflict evokes unparalleled passion and hostility not only among its immediate participants and neighbors but also in the wider international community The involvement of three principal monotheistic religions makes the conflict a truly

Bridging the Gap Cindy R. Jebb, 2004-01-01 In Bridging the Gap scholar and military officer Cindy R Jebb asks why the United States with its considerable diplomatic economic and military resources vested in the Middle East has not been able to successfully implement plans to quell unrest in the region To find an answer Jebb specifically focuses on the factors that drive United States foreign policy decisions in Egypt and Syria in a Cold War and post Cold War context The epilogue brings forward the post Cold War findings to a post 9 11 world providing insights on the changing legitimacy formulas for both states Using comparative politics literature to answer the international relations question of why states behave as they do this searching study builds an important foundation for further research in other critical areas of current scholarly interest including democratization consensus building multilateral institutions and ethnic studies Bridging the Gap will be indispensable to scholars in the international comparative and security fields and Jebb s insights will be of particular value to Middle East regional experts and policy makers

Between Damascus and Jerusalem Habib C. Malik, 1997

Fratricide in the Holy Land Avner Falk, 2005-02-17 This is the first English language book ever to apply psychoanalytic knowledge to the understanding of the most intractable international struggle in our world today the

Arab Israeli conflict Two ethnic groups fight over a single territory that both consider to be theirs by historical right essentially a rational matter But close historical examination shows that the two parties to this tragic conflict have missed innumerable opportunities for a rational partition of the territory between them and for a permanent state of peace and prosperity rather than perennial bloodshed and misery Falk suggests that a way to understand and explain such irrational matters is to examine the unconscious aspects of the conflict He examines large group psychology nationalism group narcissism psychogeography the Arab and Israeli minds and suicidal terrorism and he offers psychobiographical studies of Ariel Sharon and Yasser Arafat two key players in this tragic conflict today

The Political Economy of Transitions to Peace Galia Press-Barnathan,2009 How is peace actually achieved reinforced and made permanent This is the question that this book tackles as the author examines the outcomes of a series of conflicts in the Middle East Asia and Europe from 1945 to the present The insights and lessons emerging from these cases and drawn out by Press Barnathan s analysis will help scholars and decision makers to better understand and more skillfully manage transitions to peace in present day conflicts

Bring Down the Walls C. Dagher,2002-01-04 Lebanon is more than a country it is a message these words of Pope John Paul II illustrate Lebanon s post war endeavor to preserve its age old Christian Muslim coexistence and power sharing formula and to invalidate Samuel Huntington s assumption of a Clash of Civilizations Lebanon s current challenge is also the challenge of a whole region the Middle East where the fate of minorities including Eastern Christians reveals the prospects of democracy pluralism and political participation Carole H Dagher a journalist for Lebanese media as well as an academic presents an insightful account on how Christian and Muslim communities emerged from the sixteen year old Lebanese war what their points of friction and their common grounds are and what the prospects of Lebanon s communal representation system and pluralistic society are She describes the central role played by the Holy See and John Paul II in bridging the gap between Christians and Muslims in Lebanon and analyzes the impact other countries such as Syria Iran and Saudi Arabia have had on the power game and conversely the impact of Christian Muslim interaction on the future of the Arab Israeli peace process Bring Down the Walls draws crucial lessons from the recent history of Christian Muslim relations in Lebanon
