Cook, 2001-01-17 From the mid eighteenth century on cultural life in the northern valley of the St John River blended the traditions of Acadian and French Canadian settlers with those of American immigrants In the southern valley Mi kmaq interacted with American newcomers and Loyalist settlers while the later influx of Scottish and Irish immigrants introduced more layers of cultural traditions Using an impressively diverse combination of artifacts artwork maps and primary literature from over sixty museum collections and archives Cook addresses the experiences of immigrants and artisans and their influence on the cultural boundaries along one of eastern North America's most important rivers She moves beyond a mere catalogue of objects to provide an important comparative analysis of material heritage showing how furniture embodied the lifestyles of differing groups of settlers Celebrating Canada Peter E.
