## **Lukes Proposal:**

*Luke's Proposal* Lois Faye Dyer, 2011-08-16 He s the last man in the world she should even be talking to But Rachel Kerrigan needs rancher Luke McCloud s help despite the fact that their families have been feuding for as long as the Hatfields and McCoys To get back the land the Kerrigans stole from his family generations ago Luke is more than willing to turn Rachel s unruly horse into a champion And they both agree it s strictly business So what if Luke is the hottest cowboy Rachel s ever seen Or that the memory of the one kiss they shared years ago haunts her dreams Luke s trying to get Rachel s horse under control but the rising attraction between them could prove much harder to rein in

**The Writings of Luke and the Jewish Roots of the Christian Way** J. Andrew Cowan, 2019-02-21 J Andrew Cowan challenges the popular theory that Luke sought to boost the cultural status of the early Christian movement by emphasising its Jewish roots associating the new church with an ancient and therefore respected heritage Cowan instead argues that Luke draws upon the traditions of the Old Testament and its supporting texts as a reassurance to Christians promising that Jesus life his works and the church that follow legitimately provide fulfilment of God s salvific plan Cowan s argument compares Luke s writings to two near contemporaries Dionysius of Halicarnassus and T Flavius Josephus both of whom emphasized the ancient heritage of a people with cultural or political aims in view exploring how the writings of Luke do not reflect the same cultural values or pursue the same ends Challenging assumptions on Luke s supposed attempts to assuage political concerns capitalize on antiquity and present Christianity as an inner Jewish sect Cowan counters with arguments for Luke being critical of over valuing tradition and defining the Jewish people as resistant to God and His messages Cowan concludes with the argument that the apostle does not strive for legitimisation of the new church by previous cultural standards but instead provides theological reassurance to Christians that God s plan has been fulfilled with implications for broader debate

*The Formal Education of the Author of Luke-Acts* Steve Reece, 2022-06-16 Steve Reece proposes that the author of Luke Acts was trained as a youth in the primary and secondary Greek educational curriculum typical of the Eastern Mediterranean during the Roman Imperial period where he gained familiarity with the Classical and Hellenistic authors whose works were the focus of study He makes a case for Luke s knowledge of these authors internally by spotlighting the density of allusions to them in the narrative of Luke Acts and externally by illustrating from contemporary literary papyrological and artistic evidence that the works of these authors were indeed widely known in the Eastern Mediterranean at the time of the composition of Luke Acts not only in the schools but also among the general public Reece begins with a thorough examination of the Greek educational system during the Hellenistic and Roman Imperial periods emphasizing that the educational curriculum was very homogeneous at least at the primary and secondary levels and that children growing up anywhere in the Eastern Mediterranean could expect to receive quite similar educations His close examination of the Greek text of Luke Acts has turned up echoes allusions and quotations

of several of the very authors that were most prominently featured in the school curriculum Homer Aesop Euripides Plato and Aratus This reinforces the view that Luke along with other writers of the New Testament lived in a cultural milieu that was influenced by Classical and Hellenistic Greek literature and that he was not averse to invoking that literature when it served his theological and literary purposes

Luke's Portrait of Gentiles Prior to Their Coming to Faith Christoph W. Stenschke, 1999 Christoph W Stenschke examines Luke's portrait of the Gentiles state prior to their coming to Christian faith Following the history of research he commences with Luke's direct references to the Gentiles prior to faith and then draws conclusions concerning their state from the Gentile encounter with Jesus and Christian salvation This includes Luke's notes on the condition of Gentiles and on their appropriation of salvation Finally conclusions from Luke's portrayal of Gentile Christians are drawn With his approach Christoph W Stenschke challenges some previous contributions to Lukan anthropology He argues that the main study in the field J W Taeger *Der Mensch und sein Heil* does not sufficiently consider all the evidence By concentrating on the Gentiles in Luke Act including Samaritans and God fearers the author's thesis covers all the relevant material Contrary to Taeger who suggests that Gentiles do not need salvation as much as correction he discovers that Luke portrays Gentiles prior to faith in a condition requiring God's saving intervention Thorough correction has to accompany and follow this salvation Though allowing for distinct Lukan emphases this portrait is not essentially at odds with that of other NT authors These results further show that the Areopagus speech needs to and can be satisfactorily interpreted in its context and in conjunction with similar statements The author further argues that Luke's narrative sections and the characterization they present should no longer be neglected in favour of the speeches Luke's portrayal of Gentiles prior to faith also bears on his understanding of sin and provides additional justification for the Gentile mission Christoph W Stenschke challenges proposals of Luke's alleged anti Judaism and provides some hitherto little noticed correctives

*The Character and Purpose of Luke's Christology* Douglas Buckwalter, 1996-08-28 Luke's christology is carefully designed Luke portrays the exalted Jesus as God's co equal by the kinds of things he does and says from heaven Through the Holy Spirit the divine name and personal manifestations Jesus behaves toward people in Luke Acts as does Yahweh in the Old Testament His power and knowledge are supreme Jesus sovereignly reigns over Israel the church the powers of darkness and the world Luke deepens this portrait by depicting Jesus as deity who by nature behaves as servant the earthly Jesus acted among his people as one who serves the exalted Jesus continues serving his people by strengthening and encouraging them in their witness of him to the world That the believers in Acts resemble the way Jesus behaved in the Gospel means that they too are now imaging some of his servant like character in their witness of him

**Luke's Stories of Jesus** David Lee, 1999-11-01 The current interest in reading the Gospels as narratives has reclaimed aspects of these texts that historical critical approaches failed to respect The richness of these newer readings can however disguise their limitations as literary critical exercises Developing

Hans Frei's concern for theological reading David Lee reworks the narratology of the Dutch literary theorist Mieke Bal to produce a theological narrative reading practice that formally respects the text as scripture while leaving open the possible meanings that readers may construct for themselves in the act of reading Lee demonstrates his approach through readings of the Narrator and the characters Jesus and the Demons as aspects of a composite Lukan narrative Christology

### **Luke-Acts and Jewish Historiography** Samson

Uytanlet,2014-05-14 In this book Samson Uytanlet states his observation that there is an unnecessary disjunction between Luke s theology and literature in previous studies on Luke Acts Luke s theology is typically studied in light of Jewish writings while Luke s literature is studied in relation with Greco Roman works The author shows that there are theological literary and ideological elements that ancient Greco Roman and Jewish writings share which are also present in Luke s work In areas where they diverge however Luke Acts shows closer affinity to Jewish writings      *Society and Politics in the Acts of the Apostles* Richard J. Cassidy,2015-03-05 Following his seminal analysis of Luke Jesus Politics and Society A Study of Luke s Gospel Richard J Cassidy explicates the startling social and political contents of the Acts of the Apostles Treating themes of fundamental importance to the life of the church today Society and Politics in the Acts of the Apostles will be required reading for any serious student of the New Testament      *Critical and Exegetical Commentary on the New Testament: Mark and Luke* Heinrich August Wilhelm Meyer,William Purdie Dickson,Frederick Crombie,1877      Hematopathology - E-Book Elaine Sarkin Jaffe,Daniel A. McComiskey,2007-01-01 Numerous scholars have noted various elements of literary structure in the Gospel of Luke many of them patterned such as chiasm Several of these scholars have rigorously explored the significance of such structure A common conclusion is that if Luke is consistent with other ancient writers then the observation of some elements of patterned structure e g what has already been discovered in the Gospel suggests that

there is probably considerably more This book offers a comprehensive literary structure for the Gospel of Luke thoroughly and critically evaluates it and ultimately focuses on theology that may be derived from this structure As groundwork the Introduction provides rigorous tests for assessing the intentionality behind proposals of parallelism The first chapter then employs the tests in an evaluation of Robert C Tannehill s work on Luke Acts which is representative of studies on correspondences that are not strictly structural in nature His contribution enables us to grasp how Luke encourages the reader to read passages in the light of other passages within the Gospel and accordingly provides an interpretive aid for our study The second chapter applies the tests to the Lukan correspondences suggested by Charles H Talbert which are inherently structural His analysis of Luke Acts and other Greco Roman literature provides a strong theoretical foundation for our own proposal Chapter three surveys OT Greco Roman and NT texts that bear a similar patterned structure to what we discover in Luke The structure of Luke is presented and carefully evaluated in chapter four and the theological implications of that structure are developed in chapter five shedding much fresh light on Lukan theology

Interweaving Innocence Heather M. Gorman, 2016-12-29 In this study Heather Gorman analyses Luke s portrayal of Jesus death in light of the ancient rhetorical tradition particularly the progymnasmata and the rhetorical handbooks In addition to providing a detailed up to date exegetical study of Luke 22 66 23 49 she argues three things First through the strategic placement of rhetorical figures and the use of common topics associated with refutation and confirmation Luke structures his passion narrative as a debate about Jesus innocence which suggests that one of Luke s primary concerns is to portray Jesus as politically innocent Second ancient examples of synkrisis suggest that part of the purpose of Luke s characterisation of Jesus in the passion narrative especially when set in parallel to Paul and Stephen in Acts was to set up Jesus as a model for his followers lest they face similar persecution or death Finally Luke s special material and his variations from Mark are explicable in terms of ancient compositional techniques especially paraphrase and narration and thus recourse to a special Passion Source is unnecessary

Encountering Images of Spiritual Transformation James M. Morgan, 2013-02-27 Humans are lovers and yet a good deal of pedagogical theory Christian or otherwise assumes an anthropology at odds with human nature fixed in a model of humans as thinking things Turning to Augustine or at least Augustine in conversation with Aquinas Martin Heidegger the overlooked Jesuit thinker Bernard Lonergan and the important contemporary Charles Taylor this book provides a normative vision for Christian higher education A phenomenological reappropriation of human subjectivity reveals an authentic order to love even when damaged by sin and loves made authentic by grace allow the intellectually morally and religiously converted person to attain an integral unity Properly understanding the integral relation between love and the fullness of human life overcomes the split between intellectual and moral formation allowing transformed subjects authentic lovers to live seek and work towards the values of a certain kind of cosmopolitanism Christian universities exist to make cosmopolitans properly understood namely those persons capable of living authentically In other words this text gives a full orb'd account of human
