

we are allowed to see only once
or twice in a short life,

wings that force us to turn lights off
and look into a night sky with a silver moon
and some faded stars flickering
around movements of churning clouds,

wings that suddenly become dark silhouettes
that we can trace on the cold glass
as we pause in the quiet dark house
observing the brilliant green
still pounding in our memory.

Luna Moth And Other Poems:

Luna Moth and Other Poems Steve Luxton, 2004 In his latest collection Steve Luxton navigates the mid passages facing what his favourite character the notorious Doc Holliday terms the wasting diseases Life sonofabitch Fate Love Pieces both lyrical and serio comic weigh sickness and personal mortality the death of a shell shocked father and the shenanigans of this Age s public life In *Luna Moth and Other Poems* the poet by now well tutored in human fragility and frailty discovers that being alive at all in this very odd world seems stranger by far than salvation or personal immortality Nevertheless though Fear may be the only deity first and last Luxton also celebrates the deep beauty in the recesses of nature and redeemingly a little companionship With both formal and experimental elements these vividly figured emotionally compelling poems tantalizingly sing and tartly satirize

Modern Poetry After Modernism James Longenbach, 1997 Reading a diverse range of poets John Ashbery Elizabeth Bishop Amy Clampitt Jorie Graham Richard Howard Randall Jarrell Robert Lowell Robert Pinsky and Richard Wilbur Longenbach reveals that American poets since mid century have not so

much disowned their modernist past as extended elements of modernism that other readers have suppressed or neglected to see **The Complete Poems of Louis Daniel Brodsky: Volume Four, 1981-1985** Louis Daniel Brodsky, 1996 Tracing the days of the writer edging into middle age the 888 poems presented in volume four of The Complete Poems of Louis Daniel Brodsky offer a glimpse into the frenzied life of a man compelled by his discipline and inner passion to capture the elements of his existence and explode them upon the page Startlingly honest and bristling with the energy of Brodsky's discontent this book records the poet gaining momentum as a writer even as his personal life spirals out of control Time Being Books
