Ally Powders was a high school junior with a love for science until her dad takes her to his work. Thanks to some guinea pig chemicals and an experimental laser, it has turned her into All Powers, a superhero who gets a new power every day. Now she's learning algebra and a new power. *Ten Steps Higher* Angie Adeyi, 2020-10-21

Realistic, fantastical, amusing, and tragic. *Ten Steps Higher* reflects the contemporary adolescence of a high school girl, Alexis McDaniels, as she weaves through the burdensome swim or sink life she's forced to live. Alexis may not be the coolest girl in her high school, but she has a biting wit, spot on courage, and way too smart to ignore the wiles of ignorant school bullies. She takes on the high stakes game of teen tyranny, ten steps higher, and in the process fashions unexpected relationships in the most unlikely circles. Inventing who and what she will be, Alexis builds the dream team and out of it discovers she's so much more. She finally finds the life she so deeply sought, only to face a tragedy that leaves her gasping for breath and questioning her life. Beautifully written, *Ten Steps Higher* nimbly blends sharp wit with unapologetic emotion and is sure to resonate. Maxfield Avenue Chris Campbell, 2020-05-06

This book details the pain and misery having been raised by emotionally insensitive relatives who subscribe to a very primitive belief in regards to child rearing. It also highlights the severe disconnect that exists between generations of old and the younger ones, and being of Caribbean descent, this problem is wide spread. My relatives who are religious fanatics are ruled by the church and also possess a disturbingly corrosive attitude towards how they treat the younger generations. I simply want to shed light on the emotional torment that I and others like me have dealt with from generation to generation, being from the Caribbean, in my case, the island of Jamaica. *For the Love of the Ocean* Christine Lynn Lourenco, 2016-01-03

Summer Wright grows up an only child in Avon by the Sea, New Jersey, an affluent town situated next to the Atlantic Ocean. But when she is sixteen, Summer's idyllic childhood is transformed into a nightmare when her parents die in a car accident. Stricken with grief, she turns to her friends for comfort and help through the remainder of high school and college. Chase has been Summer's friend since she was born. Their families have always vacationed together, and the teens share a love for night surfing. Although both sense there is something deeper under the surface, neither wants to pursue it for fear of losing their friendship. During college, both Chase and Summer date others. But just as college is ending, and Summer is facing a big decision about whether to stay in Avon by the Sea or move for a job, Chase finally gets the nerve to tell Summer how he really feels. As Summer struggles to understand her feelings for Chase, she must learn to trust her heart for it never lies. *For the Love of the Ocean* is a nostalgic tale of romance, self-discovery, loss, and new beginnings as two childhood friends face a monumental turning point in their relationship. **The Book News Monthly**, 1907 **Book**
