Lure Of Japan:

The lure of Japan [Illustr.]. Shunkichi Akimoto, 1934 Lure of Japan Japan Tsūrisuto Byūrō, 1939 The Lure of Japan Shunkichi Akimoto, 1934 **The Lure of Japan** Santaro, 1934 Japan, 1923 **Toward a U.S.-Japan Technology Alliance** Michael J. Green, Nicholas Szechenyi, Hannah Fodale, 2022-11-08 As economic strategy and national security become increasingly intertwined Japan and the United States are aligned on the importance of protecting critical and emerging technologies to manage strategic competition with China As the technology policy debate advances rapidly in both countries there is great potential for bilateral cooperation to enhance competitiveness and coordinate approaches with other regional allies and partners This edited volume is an anthology of nine essays from Japanese and U S scholars examining the technology policy landscape with an eye toward developing recommendations for bilateral cooperation in the years ahead Topics include U S and Japanese technology strategy economic security and rulemaking for the digital economy The conclusion synthesizes the authors recommendations and outlines an agenda for a U S Japan technology alliance to manage competition in new domains and underwrite norms for economic security in the digital economy Japanese Americans Jonathan H. X. Lee, 2017-11-10 This book provides a comprehensive story of the complicated and rich story of the Japanese American experience from immigration to discrimination to adaptation achievement and contributions to the American mosaic Japanese Americans The History and Culture of a People highlights the enormous contributions of Japanese Americans in history civil rights politics economic development arts literature film popular culture sports and religious landscapes It not only provides context to important events in Japanese American history and in depth information about the lives and backgrounds of well known Japanese Americans but also captures the essence of everyday life for Japanese Americans as they have adjusted their identities established communities and interacted with other ethnic groups This innovative volume will become the standard resource for exploring why the Japanese came to the USA more than 130 years ago where they settled and what experiences played a role in forming the distinctive Japanese American identity Problems of Communism, 1984 The Internationalization of the Japanese Economy Chikara Higashi, Peter G. Lauter, 2012-12-06 In the first 1987 edition of this book Dr Higashi and Dr Lauter have discussed and analyzed the initial stages of the internationalization process The authors with Michio Watanabe at a reception in Hakone Japan 1988 xvi THE INTERNATIONALIZATION OF THE JAPANESE ECONOMY of the Japanese economy as it had evolved between 1985 and 1986 In this the second edition they explore the developments during 1985 1988 and show how the gradual transformation of the economy from export led to domestic demand led growth has taken place what the results of the transformation process are what remaining problems still have to be resolved and what directions the Japanese economy might take in the future While the transformation process is by no means completed Drs Higashi and Lauter provide a broad policy analysis based overview that enables the reader to understand not only the economic but also the basic political and social issues involved in

the internationalization process In this sense the authors stay away from the extreme positions that characterize so many of the publications on Japan today and attempt to provide a realistic view of the changes and the impact of these changes I believe that this book is a fair and balanced representation of events Japan's Total Empire Louise Young, 1998 At the heart of the empire Japan won and then lost in the Pacific War was Manchukuo a puppet state created in Northeast China in 1932 Not unlike India for the British Manchukuo was the crucible and symbol of empire for the Japanese In this book the first social and cultural history of Japan's construction of Manchuria Louise Young studies how people at home imagined experienced and built the empire that so threatened the world
