Lying Abroad Diplomatic Memoirs:

Lying Abroad Henry Brind, 1999-12-31 An ambassador is an honest man sent to lie abroad for the good of his country Sir Henry Wotton 1604 Harry Brind did not emulate his illustrious seventeenth century diplomatic predecessors as can be seen from his compelling account of British diplomacy in difficult and exotic locations from the last days of empire to the late twentieth century After leaving the army Harry Brind joined the Colonial Service in the Gold Coast and Ghana after independence This was a period of vital importance in the history of the British policy on decolonization of which Ghana was regarded as a key example Brind went on to Canada an independent and long established former Dominion and in the sharpest contrast after a spell in London dealing with Britain's application to join the Common Market to Uganda during Idi Amin's tyranny In *Lying Abroad* he gives a graphic and harrowing picture of one of the worst episodes in Africa's modern history His time in Mauritius might in comparison seem idyllic but there were pressing diplomatic problems in an island of mixed ethnicity and still bearing the stamp of its French colonial past Brind's period as ambassador in Somalia is of great interest to students of modern history and international relations the story of a vital piece on the chessboard of global political interest in the turbulent Horn of Africa His account of his last major appointment as High Commissioner in Malawi during Hastings Banda's rule gives a sharply etched picture of contrasts a poor but stable country ruled almost as a personal fief by a Life President both demonised and admired *Lying Abroad* encapsulates a period when the problems of post imperial Britain were at their height Brind describes the pressures of international diplomacy with humour lightness of touch and authority

The Foreign Office and British Diplomacy in the Twentieth Century Gaynor Johnson, 2013-09-13 This book examines the evolution of the Foreign Office in the 20th century and the way in which it has responded to Britain's changing role in international affairs The last century was one of unprecedented change in the way foreign policy and diplomacy were conducted The work of The Office expanded enormously in the 20th century and oversaw the transition from Empire to Commonwealth with the merger of the Foreign and Colonial Offices taking place in the 1960s The book focuses on the challenges posed by waging world war and the process of peacemaking as well as the diplomatic gridlock of the Cold War Contributions also discusses ways in which the Foreign and Commonwealth Office continues to modernise to meet the challenges of diplomacy in the 21st century This book was previously published as a special issue of the journal *Contemporary British History*

Revolt of the Ministers Colin Baker, 2001-03-23 I certainly had very extreme views very

violent views and I certainly did advocate extreme methods So a leading Nyasaland nationalist characterised the struggle for independent Malawi but Dr Hastings Banda a highly respected medical doctor based for many years in London was invited back to Nyasaland to lead the movement to independent Malawi and the Malawi National Congress Here was or so it seemed a loyal and progressive Government with pro Western leadership a final success in the story of British decolonisation Yet within three months all but one of the cabinet ministers had resigned or were dismissed former ministers fled the country including distinguished members of the independence movement Even the pro Congress Europeans feared for their lives Colin Baker unravels this potentially disastrous episode in Malawi s history and in the story of decolonisation He illuminates not only the immediate post independence problems of Malawi a newly independent African state but charts the growth of Banda s autocracy This detailed and revealing study reveals the problems inherent in the whole momentous story of Africa in independence and decolonisation

Walter Scott, 1838 *Current Contents* Institute for Scientific Information (Philadelphia), 2001 Early Modern European Diplomacy Dorothée Goetze, Lena Oetzel, 2023-12-31 New Diplomatic History has turned into one of the most dynamic and innovative areas of research especially with regard to early modern history It has shown that diplomacy was not as homogenous as previously thought On the contrary it was shaped by a multitude of actors practices and places The handbook aims to characterise these different manifestations of diplomacy and to contextualise them within ongoing scientific debates It brings together scholars from different disciplines and historiographical traditions The handbook deliberately focuses on European diplomacy although non European areas are taken into account for future research in order to limit the framework and ensure precise definitions of diplomacy and its manifestations This must be the prerequisite for potential future global historical perspectives including both the non European and the European world **Diplomacy in Renaissance Rome** Catherine Fletcher, 2015-10-14 Diplomacy in Renaissance Rome is an investigation of Renaissance diplomacy in practice Presenting the first book length study of this subject for sixty years Catherine Fletcher substantially enhances our understanding of the envoy's role during this pivotal period for the development of diplomacy Uniting rich but hitherto unexploited archival sources with recent insights from social and cultural history Fletcher argues for the centrality of the papal court and the city of Rome in the formation of the modern European diplomatic system The book addresses topics such as the political context from the return of the popes to Rome the 1454 Peace of Lodi and after 1494 the Italian Wars the assimilation of ambassadors into the ceremonial world the prescriptive literature trends in the personnel of diplomacy an exploration of travel and communication practices the city of Rome as a space for diplomacy and the world of gift giving
