Lyndon Johnson's War Larry Berman,1992-05 *Lyndon Johnson, Vietnam, and the Presidency* David

Zarefsky,2021-08-16 Even those who remember hearing those words may not remember that they came at the very end of a 45 minute speech primarily concerning Vietnam Three months into an already tumultuous year in the aftermath of the Tet offensive and facing a deeply divided country President Lyndon Baines Johnson addressed the nation to announce new initiatives and appeal for public support The speech of March 31 1968 announced a bombing halt over much of North Vietnam a limited troop increase rather than a major escalation and his own decision to withdraw from the presidential race Each of these decisions was unexpected a major surprise that stunned the nation In Lyndon Johnson Vietnam and the Presidency political rhetoric scholar David Zarefsky examines the three key announcements and how they fit together in the speech In particular LBJ s announcement that he would not run for re election gave the de escalation measures more credibility because they could not be seen as political ploys Zarefsky traces the development of the speech through eleven drafts reflecting disagreements and doubts among the writers and advisers In turn he sets these efforts in the larger context of the Cold War and the impact of the Tet offensive Drawing on archival sources and reflecting rhetorical insights this book illuminates one of the most consequential speeches of the 1960s Even though the fighting in Vietnam would continue for several more years the course of America s conduct in Vietnam was changed permanently by this speech *The Vietnam War* Mitchell Hall,2018-03-19 The Vietnam War examines this conflict from its origins up until North Vietnam s victory in 1975 Historian Mitchell K Hall s lucid account is an ideal introduction to the key debates surrounding a war that remains controversial and disputed in American scholarship and collective memory The new edition has been fully updated and expanded to include additional material on the preceding French Indochina War the American antiwar movement North Vietnamese perspectives and motivations and the postwar scholarly debate The text is supported by a documents section and a wide range of study tools including a timeline of events glossaries of key figures and terms and a rich further reading section accompanied by a new bibliographical essay Concise yet comprehensive The Vietnam War remains the most accessible and stimulating introduction to this crucial 20th century conflict **The Joint Chiefs of Staff and the War in**

Vietnam, 1960-1968: 1967-1968 Graham A. Cosmas,2009 Pt 1 This volume describes those JCS activities related to developments in Vietnam during the period 1960 1963 when the United States expanded its initial military commitment to Southeast Asia In 1960 the United States increased its military advisory strength in South Vietnam in response to increased Communist infiltration and to more sustained guerrilla attacks in the south and its contingency planning effort to deploy regular US forces to both Laos and South Vietnam to counter any threat by Communist Army units from the north or from China President Kennedy s called for a new emphasis upon guerrilla warfare at first received only lukewarm support from the

Joint Chiefs of Staff After the failed Bay of Pigs episode very early in the Kennedy administration the President lost faith in the advice of the Joint Chiefs of Staff and appointed General Maxwell Taylor to serve as his intermediary with the Joint Chiefs until he assumed the Chairman responsibilities in October 1962 The Kennedy administration's policy was marked by clashes between factions in the Defense Department including the Joint Chiefs of Staff the State Department and the White House By 1963 these differences involved the support the US should provide for the Republic of Vietnam under its President Ngo Dinh Diem The history ends with the killing of Diem by a coup followed by the coincidental murder of President Kennedy a short time later

Chronicles of a Two-Front War Lawrence Allen Eldridge, 2012-01-18 During the Vietnam War young African Americans fought to protect the freedoms of Southeast Asians and died in disproportionate numbers compared to their white counterparts Despite their sacrifices black Americans were unable to secure equal rights at home and because the importance of the war overshadowed the civil rights movement in the minds of politicians and the public it seemed that further progress might never come For many African Americans the bloodshed loss and disappointment of war became just another chapter in the history of the civil rights movement Lawrence Allen Eldridge explores this two front war showing how the African American press grappled with the Vietnam War and its impact on the struggle for civil rights Written in a clear narrative style *Chronicles of a Two Front War* is the first book to examine coverage of the Vietnam War by black news

publications from the Gulf of Tonkin incident in August 1964 to the final withdrawal of American ground forces in the spring of 1973 and the fall of Saigon in the spring of 1975 Eldridge reveals how the black press not only reported the war but also weighed its significance in the context of the civil rights movement The author researched seventeen African American newspapers including the Chicago Defender the Baltimore Afro American and the New Courier and two magazines Jet and Ebony He augmented the study with a rich array of primary sources including interviews with black journalists and editors oral history collections the personal papers of key figures in the black press and government documents including those from the presidential libraries of Lyndon Johnson Richard Nixon and Gerald Ford to trace the ups and downs of U S domestic and wartime policy especially as it related to the impact of the war on civil rights Eldridge examines not only the role of reporters during the war but also those of editors commentators and cartoonists Especially enlightening is the research drawn from extensive oral histories by prominent journalist Ethel Payne the first African American woman to receive the title of war correspondent She described a widespread practice in black papers of reworking material from major white papers without providing proper credit as the demand for news swamped the small budgets and limited staffs of African American papers The author analyzes both the strengths of the black print media and the weaknesses in their coverage The black press ultimately viewed the Vietnam War through the lens of African American experience blaming the war for crippling LBJ s Great Society and the War on Poverty Despite its waning hopes for an improved life the black press soldiered on
