Machiavelli Cynic Patriot Or Political S:

Wily Elites and Spirited Peoples in Machiavelli's Republicanism David N. Levy, 2014-07-02 Niccol Machiavelli though best known as a teacher of princes is also a teacher of republics In his Discourses on Livy he argues that republican liberty depends upon a contentious mixture of elitism and populism Only the elite s wily pursuit of domination combined with the people s spirited resistance to such domination can produce that compromise between servitude and license known as liberty The task of the founder and the statesman is to construct and maintain the appropriate orders and modes within which each party to the conflict can make its appropriate contribution The elite at its best contributes prudence military virtue and the capacity to innovate while the people contributes moral and political stability David Levy explains and defends Machiavelli s conception of liberty as conflict and then uses that conception as the lens through which to understand his views on religion war and imperialism goodness and corruption and the relation between republics and princes Also discussed is Machiavelli s own kind of wiliness his artful and often ironic mode of writing Levy shows that Machiavelli s republican teaching as a whole remains persuasive today and deserves careful consideration by all those concerned with the survival and the success of liberty This book will be of interest both to beginning and more advanced students of Machiavelli as well as to students of modern republicanism and of the history of ideas

Machiavelli, Marketing and Management Phil Harris, Andrew Lock, Patricia Rees, 2025-06-30 This second fascinating and cutting edge text provides insight into the meaning and interpretation of Machiavelli and his works for management marketing and political thought and highlights their particular relevance to the manager and policymaker today By bringing together contributions from authors both academic and practitioner this book addresses a number of common themes relating to the influences and arguments of perhaps the first political scientist and advocate of sound management and marketing principles The volume covers a wide range of topics including modern management and leadership public affairs technology marketing populist and fascist governments and strategic corporate philanthropy Machiavelli Marketing and Management Revisited will be of great interest to all practitioners students and scholars of management marketing political science and public affairs

Deep Republicanism Donald C. Hodges, 2008-01-01 Deep Republicanism Prelude to Professionalism reveals a subversive republicanism in Machiavelli s political theories that is at odds with the demoliberalism often perceived as his primary political agenda It also establishes the importance of this republican agenda in understanding the major revolutions of the modern world

Politics, Patriotism and Language William J. Landon, 2005 Niccol Machiavelli may not have been a cynical realist as he is often portrayed On the contrary this book argues that he precociously possessed the characteristics of an impassioned sometimes misguided idealist obsessed with the idea of Italian unification but blinded to the practicalities of attaining that goal William J Landon suggests that these characteristics may help to explain his appeal to Italy s Risorgimento founders This interdisciplinary volume which also contains the first translation of a Discourse or Dialogue Concerning our Language since

1961 works well as a core text or as a complement to courses in Renaissance history literature or political science *Artful Immorality - Variants of Cynicism* Daniel Scott Mayfield, 2015-09-14 When a term is overused it tends to fall out of fashion Cynicism seems to be an exception Its polytropic versatility apparently prevents any discontinuation of its application Everyone knows that cynicism denotes that which is deemed deleterious at a given time and every time will specify its toxicities the apparent result being the term's non specificity This study describes the cynical stance and statement so as to render the term's use scholarly expedient Close readings of textual sources commonly deemed cynical provide a legible starting point A rhetorical analysis of aphorisms ascribed to the arch Cynic Diogenes facilitates describing the design of cynical statements as well as the characteristic features of the cynical stance These patterns are identifiable in later texts generally labeled cynical above all in Machiavelli's *Principe* With recourse to the Diogenical archetype cynicism is likewise rendered describable in Gracian's *Orculo manual* Diderot's *Le neveu de Rameau* and Nietzsche's *Posthumous Fragments* This study's description of cynicism provides a phenomenon otherwise considered amorphous with distinct contours renders transparent its workings and tenders a dependable basis for further analyses **Seeking Real Truths** Patricia Vilches, Gerald E. Seaman, 2007 This volume is a multidisciplinary approach to Machiavelli's writings on government his creative works and his legacy It is meant for generalists seeking an introduction to Machiavelli and for specialists who are interested in a wide range of disciplinary views **The French Descent into Renaissance Italy, 1494-95** David Abulafia, 2016-12-05 The French invasion of Italy under Charles VIII in 1494-95 has long been seen as inaugurating a new and wretched era in Italian history The present volume the work of an international team of contributors seeks to question that assumption by focusing anew on the intricate politics of Renaissance Italy and the long history of Angevin attempts to impose their rule in southern Italy It was later invasions it is argued that did most to reshape the politics of the Italian peninsula These studies also look at social and economic effects of the French invasion as well as its cultural aspects not least the impact of Renaissance culture in France itself Combining survey papers and research articles this volume presents a new introduction to the history of late 15th century Italy The appendix listing the Ilardi collection of microfilms will also provide an invaluable guide to the diplomatic history of the era **Lorenzo di Filippo Strozzi and Niccolo Machiavelli** William J. Landon, 2013-10-30 By 1520 Niccol Machiavelli's life in Florence was steadily improving he had achieved a degree of literary fame and following his removal from the Florentine Chancery by the Medici family he had managed to gain their respect and patronage But there is one figure whose substantial contributions to Machiavelli's restoration has been hitherto neglected Lorenzo di Filippo Strozzi 1482-1549 a younger and fabulously wealthy Florentine nobleman As manuscript evidence suggests Strozzi brought Machiavelli into his patronage network and aided many of his post 1520 achievements This book is the first English biography of Strozzi as well as the first examination of the patron-client relationship that developed between the two men William J Landon reveals Strozzi's influence on Machiavelli through wide ranging textual

investigations and especially through Strozzi's *Pistola fatta per la peste* a work that survives as a Machiavelli autograph and for which Landon has provided the first ever complete English translation and critical edition *Machiavelli's Secret* Raymond Angelo Belliotti, 2015-08-31 The political statesman Machiavelli tells us must love his country more than his own soul Political leaders must often transgress clear moral principles using means that are typically wrong even horrifying What sort of inner life does a leader who uses evil well experience and endure The conventional view held by most scholars is that a Machiavellian statesman lacks any inwardness because Machiavelli did not delve into the state of mind one might find in a politician with dirty hands While such a leader would bask in his glory the argument goes we can only wonder at the condition of the soul they have presumably risked in discharging their duties In *Machiavelli's Secret* Raymond Angelo Belliotti uncovers a range of clues in Machiavelli's writings that when pieced together reveal that the Machiavellian hero most certainly has inwardness and is surely deeply affected by the evil means he must sometimes employ Belliotti not only reveals the nature of this internal condition but also provides a springboard for the possibility of Machiavelli's ideal statesman Lorenzo di Filippo Strozzi and Niccolo Machiavelli: Patron, Client, and the *Pistola fatta per la peste*/An Epistle Written Concerning the Plague William J. Landon, 2013-01-01 William J Landon reveals Strozzi's influence on Machiavelli through wide ranging textual investigations and especially through Strozzi's *Pistola fatta per la peste* for which Landon has provided the first ever complete English translation and critical edition
