Stalin's Quest for Gold Elena Osokina, 2021-09-15 Stalin's Quest for Gold tells the story of Torgsin a chain of retail shops established in 1930 with the aim of raising the hard currency needed to finance the USSR's ambitious industrialization program At a time of desperate scarcity Torgsin had access to the country's best foodstuffs and goods Initially only foreigners were allowed to shop in Torgsin but the acute demand for hard currency revenues forced Stalin to open Torgsin to Soviet citizens who could exchange tsarist gold coins and objects made of precious metals and gemstones as well as foreign monies for foods and goods in its shops Through her analysis of the large scale state run entrepreneurship represented by Torgsin Elena Osokina highlights the complexity and contradictions of Stalinism Driven by the state's hunger for gold and the people's starvation Torgsin rejected Marxist postulates of the socialist political economy the notorious class approach and the state hard currency monopoly In its pursuit for gold Torgsin advertised in the capitalist West encouraging foreigners to purchase goods for their relatives in the USSR and its seaport shops and restaurants operated semilegally as brothels inducing foreign sailors to spend hard currency for Soviet industrialization Examining Torgsin from multiple perspectives economic expediency state and police surveillance consumerism even interior design and personnel Stalin's Quest for Gold radically transforms the stereotypical view of the Soviet economy and enriches our understanding of everyday life in Stalin's Russia

Solomon, 2017-07-05 Measuring Russian legal reform in relation to the rule of law ideal this study also examines the legal institutions culture and reform goals that have actually prevailed in Russia Judgements about future prospects are measured adding new dimensions to our understanding of the Soviet legacy

Policing Stalin's Socialism David R. Shearer, 2014-05-14 Policing Stalin's Socialism is one of the first books to emphasize the importance of social order repression by Stalin's Soviet regime in contrast to the traditional emphasis of historians on political repression Based on extensive examination of new archival materials David Shearer finds that most repression during the Stalinist dictatorship of the 1930s was against marginal social groups such as petty criminals deviant youth sectarians and the unemployed and unproductive It was because Soviet leaders regarded social disorder as more of a danger to the state than political opposition that they instituted a new form of class war to defend themselves against this perceived threat Despite

the combined work of the political and civil police the efforts to cleanse society failed this failure set the stage for the massive purges that decimated the country in the late 1930s Alexander Shlyapnikov, 1885-1937 Barbara Allen, 2015-01-08 In Alexander Shlyapnikov 1885 1937 Life of an Old Bolshevik Barbara Allen recounts the political formation and positions of Russian Communist and trade unionist Alexander Shlyapnikov As leader of the Workers Opposition 1919 21 Shlyapnikov called for trade unions to realise workers mastery over the economy Despite defeat he continued to advocate distinct views on the Soviet socialist project that provide a counterpoint to Stalin s vision Arrested during the Great Terror he refused to confess to charges he thought illogical and unsupported by evidence Unlike the standard historical and literary depiction of the Old Bolshevik Shlyapnikov contested Stalin s and the NKVD s construct of the ideal party member Allen conducted extensive research in archives of the Soviet Communist party and secret police Listen to SRB Podcast s episode on Alexander Shlyapnikov An Old Working Class Bolshevik featuring Barbara Allen Protect America!
