Metropolitan Cats Metropolitan Museum of Art (New York, N.Y.), John Philip O'Neill, 1981 **Picasso in the Metropolitan Museum of Art** Metropolitan Museum of Art (New York, N.Y.), Pablo Picasso, Magdalena Dabrowski, Christel Hollevoet, 2010 This publication presents a comprehensive catalogue of the works by Pablo Picasso in the Metropolitan Museum Comprising 34 paintings 59 drawings 12 sculptures and ceramics and more than 400 prints the collection reflects the full breadth of the artist's multi-sided genius as it asserted itself over the course of his long career **VCR and Film Catalog**, 1987 **Metropolitan Pulpit and Homiletic Monthly**, 1891 *Companion Species* Mathilde van Dijk, 2024-11-28 This book explores the connection between saints and animals and how the power over animals has been a characteristic of saints from their beginnings in the Early Church The connection between saints and humans is examined with the saint as a human rising beyond humanity touching the divine and the non-human animal as a creature which is connected to and yet removed from humanity and which may have a connection to the sacred itself This volume transcends traditional religious boundaries by including Christian saints as well as similar figures in Islam and Norse religions It operates on the cusp of two exciting and innovative fields hagiographic and animal studies It shows the complexities of human-animal interaction and the sacred authorities clashing with experiential knowledge metaphorical animals as opposed to real animals ranging from helpers or opponents of saints disguises of demons or identity markers of a human community *Companion Species* will be of value to scholars and students interested in medieval history Europe and religion as well as social and cultural history **American Drawings and Watercolors in the Metropolitan Museum of Art** Stephanie L. Herdrich, John Singer Sargent, Helene Barbara Weinberg, Marjorie Shelley, Metropolitan Museum of Art (New York, N.Y.), 2000 The Museum's collection illuminates all aspects of Sargent's career The drawings and watercolors in particular reflect his activity outside the portrait studio his sojourns in Spain Morocco and elsewhere in North Africa and in the Middle East his enduring fascination with Venice his holidays in the Italian lake district and the Alps his tours of North America including Florida and the Rocky Mountains his visit as an official war artist to the western front in 1918 and his work as a muralist at the Boston Public Library the Museum of Fine Arts Boston and Harvard University's Widener Library **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved **The World between Empires** Blair Fowlkes-Childs, Michael Seymour, 2019-03-18 *The World between Empires* presents a new perspective on the art and culture of the Middle East in the years 100 B C A D 250 a time marked by the struggle for control by the Roman and Parthian Empires For the first time this book weaves together the cultural histories of the cities along the great incense and silk routes that connected southwestern Arabia Nabataea Judaea Syria and Mesopotamia It captures the intricate web of influence and religious diversity that emerged in the Middle East through the exchange of goods and ideas And for our current age when several of the archaeological sites featured here including Palmyra Dura Europos and Hatra have been

subject to deliberate destruction and looting it addresses the crucial subject of preserving what has been lost and contextualizes the significance of these works on a local and global scale This essential volume features 186 objects of exceptional importance from Europe the Middle East and the United States Readers are taken on a fascinating journey that explores sites of intense political and religious struggles against Roman rule as well as important religious centers and military bulwarks of the Parthian Empire Reaching across two millennia The World between Empires brings vividly to life how individuals and cities in ancient times defined themselves and how these factors continue to resonate today p p1 margin 0 0px 0 0px 0 0px 0 0px font 14 0px Verdana

Notices to Airmen ,1986 **Magical House Protection** Brian Hoggard,2019-04-22 Belief in magic and particularly the power of witchcraft was once a deep and enduring presence in popular culture Diving into Brian Hoggard s Magical House Protection is a remarkable experience It provides an immersive and fascinating read Fortean Times People created and concealed many objects to protect themselves from harmful magic Detailed are the principal forms of magical house protection in Britain and beyond from the fourteenth century to the present day Witch bottles dried cats horse skulls written charms protection marks and concealed shoes were all used widely as methods of repelling diverting or trapping negative energies Many of these practices and symbols can be found around the globe demonstrating the universal nature of efforts by people to protect themselves from witchcraft From the introduction The most popular locations to conceal objects within buildings are usually at portals such as the hearth the threshold and also voids or dead spaces This suggests that people believed it was possible for dark forces to travel through the landscape and attack them in their homes Whether these forces were emanations from a witch in the form of a spell a witch s familiar pestering their property an actual witch flying in spirit or a combination of all of those is difficult to tell Additional sources of danger could be ghosts fairies and demons People went to great lengths to ensure their homes and property were protected highlighting the fact that these beliefs and fears were visceral and as far as they were concerned literally terrifying
