Meurtres A Blanc:

Meurtres à la poudre blanche Jean-François Rottier, 2025-02-17 Un chirurgien havrais est retrouvé poignardé devant son domicile. D'autres meurtres vont suivre. Le commissaire Charles Ozon et son adjointe Marie Jordan vont devoir extraire du passé une probable erreur judiciaire et isoler les zones d'ombre d'une caste de privilégiés. Un vaste trafic de cocaïne est-il l'origine de tous ces drames ? PROPOS DE L'AUTEUR Jean-François Rottier vit à Fécamp, port mutant qui l'inspire depuis près de quarante ans. Ainsi happé par le pouvoir suggestif du bord de mer, il convertit ses observations en romans et nouvelles.

Meurtres en blouse blanche Phyllis Dorothy James, 2016-10-28 Le décor de l'hôpital John Carpendar imposant tablisement d'époque victorienne abritant plusieurs services dont une colonie d'infirmières. La première victime, une des élèves, tue d'une manière particulièrement atroce. Les suspects, les infirmières et au premier chef la directrice, la formidable Mary Taylor et ses trois secondes, mais aussi le grand patron, le docteur Courtney Briggs dont on découvre bientôt qu'il a eu une liaison avec l'une des victimes. L'enquêteur, le commissaire Dalgliesh, bien sûr, qui face des femmes aguerries, la souffrance dures, la ténacité habituelle au secret professionnel et farouchement féministes, aura fort à faire pour dénouer une intrigue dont les ramifications plongent loin dans le passé. Un P.D. James grand cru qui vaut son auteur deux distinctions prestigieuses : la Dague d'or de l'Association des Écrivains policiers britanniques et l'Edgar américain. Né en 1920, Phyllis Dorothy James a dirigé un des laboratoires médicaux de la police criminelle anglaise avant de se consacrer entièrement à l'écriture. Ses intrigues habiles, son style raffiné de femme cultivée, ses descriptions vigoureusement naturalistes de la vie anglaise d'aujourd'hui lui ont valu d'être sacrée nouvelle reine du crime. Un certain goût pour la mort : Mazarine 1987 a obtenu le Grand Prix de littérature policière 1988. *Meurtre au pays de l'or blanc* Bernard Domeyne, 2017-03 Artists, Performers, and Black Masculinity in the Haitian Diaspora Jana Evans Braziel, 2008-06-27 Jana Evans Braziel examines how Haitian diaspora writers, performance artists, and musicians address black masculinity through the Haitian Creole concept of *gwo n g s* or big men. She focuses on six artists and their work: writer Dany Laferrière, director Raoul Peck, rap artist Wyclef Jean, artist Jean-Michel Basquiat, drag queen performer and poet Assotto Saint, and queer drag king performer Dr. David A. Mildred Gerestant. For Braziel, these individuals confront the gendered, sexualized, and racialized boundaries of America's diaspora communities and openly resist domestic imperialism that targets immigrants, minorities, women, gays, and queers. This is a groundbreaking study at the intersections of gender and sexuality with race, ethnicity, nationality, and diaspora. *Le tueur à gages : va-t-il se tourner vers un compte près de chez vous* Jamie Rumbolt, L'quipage des moineaux voyage autour de mondes en terraformation. En chemin, vous rencontrerez des espions, des pirates, des marines, des gardes forestiers et des insectes qui vous feront rire. Avec une certitude qu'ils croyaient être un bogue capable de mettre fin des mondes, est-ce une certitude. Ou est-ce qu'un extraterrestre l'a envoyé pour mettre fin à l'humanité ? L'quipage du moineau s'en sortira-t-il vivant ou ne se rencontreront-ils jamais ? Jusqu'où l'quipage du moineau va-t-il avec ses amis sur les mondes extérieurs juste pour rester en vie ? Qui ou quoi se cache derrière la certitude le cas échéant ?

Migrant Text Subha Xavier, 2016-06-01 The expression littérature migrante coined by Quebecois critics in the mid 1980s reflected the emerging body of literary works written by recent immigrants to the province Redefining the concept of migrancy Subha Xavier's The Migrant Text argues that global movements of people have fundamentally changed literary production over the past thirty years Bringing together a corpus of recent novels by immigrants to France and Quebec Xavier suggests that these diverse works extend beyond labels such as francophone or postcolonial literature to forge a new mode of writing that deserves recognition on its own terms Weaving together literary theory and salient examples taken from numerous French language novels The Migrant Text shows how both external and internal factors shape migrant writing in contemporary French literature The opening chapters trace the elusive concept of the migrant as it appears in extant theories of nationalism postcolonialism world literature and francophonie What follows are incisive analyses of fiction written for French audiences by authors from Algeria Cameroon China Haiti Iraq and Poland whose works reveal that the processes of troubling national categories and evading colonial power dynamics can be wellsprings for creativity One of the most pressing social and political topics of our day immigration challenges our ideas about homeland and citizenship Celebrating the courage and tenacity of immigrants from around the world The Migrant Text carves a new space for discussing the dynamics of global literature

Ethical Issues in Twentieth Century French Fiction C. Davis,1999-12-08 This book examines ethical problems raised by a number of key twentieth century theoretical and fictional texts by authors such as Levinas Sartre Beauvoir Yourcenar Duras and Genet It argues that even texts which apparently espouse ethical positions based on respect for and responsibility towards others frequently depict conflict as an insurmountable aspect of human relations This is reflected at an aesthetic level as these texts both describe the struggle for supremacy and replicate it in their relation to their readers **After the**

Decolonial David Lehmann,2021-12-08 After the Decolonial examines the sources of Latin American decolonial thought its reading of precursors like Fanon and Levinas and its historical interpretations In extended treatments of the anthropology of ethnicity law and religion and of the region s modern culture Lehmann sets out the bases of a more grounded interpretation drawing inspiration from Mexico Brazil Bolivia and Chile and from a lifelong engagement with issues of development religion and race The decolonial places race at the centre of its interpretation of injustice and together with the multiple other exclusions dividing Latin American societies traces it to European colonialism But it has not fully absorbed the uniquely unsettling nature of Latin American race relations which perpetuate prejudice and inequality yet are marked by m tissage pervasive borrowing and mimesis Moreover it has not integrated its own disruptive feminist branch and it has taken little interest in either the interwoven history of indigenous religion and hegemonic Catholicism or the evangelical tsunami which has upended so many assumptions about the region s culture The book concludes that in Latin America where inequality and violence are more severe than anywhere else and where COVID 19 has revealed the deplorable state of the institutions

charged with ensuring the basic requirements of life the time has come to instate a universalist concept of social justice encompassing a comprehensive approach to race gender class and human rights
