Amado M. Padilla

Mexican Americans In Comparative Perspective:

Mexican-Americans in Comparative Perspective Walker Connor, 1985 *Mexican American Voices* Steven Mintz, 2009-05-04 This short comprehensive collection of primary documents provides an indispensable introduction to Mexican American history and culture Includes over 90 carefully chosen selections with a succinct introduction and comprehensive headnotes that identify the major issues raised by the documents Emphasizes key themes in US history from immigration and geographical expansion to urbanization industrialization and civil rights struggles Includes a visual history chapter of images that supplement the documents as well as an extensive bibliography *ETHNIC REALITIES OF MEXICAN AMERICANS* Martin Guevara Urbina, Joel E. Vela, Juan O. Sanchez, 2014-03-01 The goal of this book is to examine the ethnic experience of the Mexican American community in the United States from colonialism to twenty first century globalization The authors unearth evidence that reveals how historically white ideology combined with science law and the American imagination has been strategically used as a mechanism to intimidate manipulate oppress control dominate and silence Mexican Americans ethnic racial minorities and poor whites A theoretical and philosophical overview is presented focusing on the repressive practice against Mexicans that resulted in violence brutality vigilantism executions and mass expulsions The Mexican experience under hooded America is explored including religion the Ku Klux Klan and the Mexican American Civil Rights Movement Local state and federal laws are documented often in conflict with one another including the Homeland Security program that continues to result in detentions and deportations The authors examine the continuing argument of citizenship that has been used to legally exclude Mexican children from the educational system and thereby being characterized as not fit for the classroom nor entitled to an equitable education Segregation and integration in the classroom is discussed featuring examples of court cases As documented throughout the book American law is a constant reminder of the pervasive ideology of the historical racial supremacy socially defined and enforced ethnic inferiority and the rejection of positive social change equality and justice that continues to persist in the United States The book is extensively referenced and is intended for professionals in the fields of sociology history ethnic studies Mexican American Chicano studies law and political science and also those concerned with sociolegal issues Description Here *Women's Higher Education in Comparative Perspective* G.P. Kelly, S. Slaughter, 2012-12-06 **Hispanic Psychology** Amado M. Padilla, 1995 This major contribution to the understanding of Hispanics in the United States explores such topics as adaptation to a new culture role of the family in acculturation ethnic identification health and mental health service research needs and changing gender roles The articles were previously published in the *Hispanic Journal of Behavioral Sciences* [Latin America In Comparative Perspective](#) Peter H Smith, 2018-10-08 This book highlights the necessity of analyzing Latin American society and politics within broad comparative frameworks It explores methodological strategies for regional comparison and offers new approaches to the study of women state power corporatism and political culture **Mexican Americans** Ellwyn R.

Stoddard,1981 Comparative Perspectives on the Archaeology of Coastal South America Robyn E. Cutright, Enrique López-Hurtado, Alexander J. Martín, 2010 Thirteen papers by archaeologists from North and South America on the archaeology of coastal Ecuador Peru and Chile The authors have all emphasized comparative approaches to prehispanic societies along the Pacific coast They give preference neither to high theory nor to case specific empirical details but rather attempt to answer theoretically important research questions with appropriate methodologies and empirical datasets ones that are amenable to a broad comparative view *Mexican Americans Across Generations* Jessica Vasquez-Tokos, 2011-04-18 Outstanding Academic Title from 2011 by Choice Magazine While newly arrived immigrants are often the focus of public concern and debate many Mexican immigrants and Mexican Americans have resided in the United States for generations Latinos are the largest and fastest growing ethnic group in the United States and their racial identities change with each generation While the attainment of education and middle class occupations signals a decline in cultural attachment for some socioeconomic mobility is not a cultural death knell as others are highly ethnically identified There are a variety of ways that middle class Mexican Americans relate to their ethnic heritage and racialization despite assimilation among a segment of the second and third generations reveals the continuing role of race even among the U S born Mexican Americans Across Generations investigates racial identity and assimilation in three generation Mexican American families living in California Through rich interviews with three generations of middle class Mexican American families Vasquez focuses on the family as a key site for racial and gender identity formation knowledge transmission and incorporation processes exploring how the racial identities of Mexican Americans both change and persist generationally in families She illustrates how gender physical appearance parental teaching historical era and discrimination influence Mexican Americans racial identity and incorporation patterns ultimately arguing that neither racial identity nor assimilation are straightforward progressions but instead develop unevenly and are influenced by family society and historical social movements Current Bibliographies in Medicine ,1988 The Mexican Frontier, 1821-1846 David J. Weber, 1982-06 Reinterprets borderlands history from the Mexican perspective Becoming Mexican American George J. Sanchez, 1995-03-23 Twentieth century Los Angeles has been the locus of one of the most profound and complex interactions between variant cultures in American history Yet this study is among the first to examine the relationship between ethnicity and identity among the largest immigrant group to that city By focusing on Mexican immigrants to Los Angeles from 1900 to 1945 George J Sanchez explores the process by which temporary sojourners altered their orientation to that of permanent residents thereby laying the foundation for a new Mexican American culture Analyzing not only formal programs aimed at these newcomers by the United States and Mexico but also the world created by these immigrants through family networks religious practice musical entertainment and work and consumption patterns Sanchez uncovers the creative ways Mexicans adapted their culture to life in the United States When a formal repatriation campaign pushed thousands to return to Mexico those remaining in Los

Angeles launched new campaigns to gain civil rights as ethnic Americans through labor unions and New Deal politics The immigrant generation therefore laid the groundwork for the emerging Mexican American identity of their children

Mexican Workers and the Making of Arizona Luis F. B. Plascencia, Gloria H. Cuádriz, 2018-10-02 On any given day in Arizona thousands of Mexican descent workers labor to make living in urban and rural areas possible The majority of such workers are largely invisible Their work as caretakers of children and the elderly dishwashers or cooks in restaurants and hotel housekeeping staff among other roles remains in the shadows of an economy dependent on their labor Mexican Workers and the Making of Arizona centers on the production of an elastic supply of labor revealing how this long standing approach to the building of Arizona has obscured important power relations including the state's favorable treatment of corporations vis vis workers Building on recent scholarship about Chicanas/os and others the volume insightfully describes how U S industries such as railroads mining and agriculture have fostered the recruitment of Mexican labor thus ensuring the presence of a surplus labor pool that expands and contracts to accommodate production and profit goals The volume's contributors delve into examples of migration and settlement in the Salt River Valley the mobilization and immobilization of cotton workers in the 1920s miners and their challenge to a dual wage system in Miami Arizona Mexican American women workers in midcentury Phoenix the 1980s Morenci copper miners strike and Chicana mobilization Arizona's industrial and agribusiness demands for Mexican contract labor and the labor rights violations of construction workers today Mexican Workers and the Making of Arizona fills an important gap in our understanding of Mexicans and Mexican Americans in the Southwest by turning the scholarly gaze to Arizona which has had a long standing impact on national policy and politics

Mexican American Girls and Gang Violence A. Valdez, 2007-01-08 Please note this is a Palgrave to Order title Stock of this book requires shipment from overseas It will be delivered to you within 12 weeks Valdez focuses on Mexican American females who are particularly vulnerable to violence victimization by virtue of the environmental economic and cultural factors

Making Aztlán Juan Gómez-Quíñones, Irene Vásquez, 2014-04-30 This book provides a long needed overview of the Chicana and Chicano movement's social history as it grew flourished and then slowly fragmented The authors examine the movement's origins in the 1960s and 1970s showing how it evolved from a variety of organizations and activities united in their quest for basic equities for Mexican Americans in U S society Within this matrix of agendas objectives strategies approaches ideologies and identities numerous electrifying moments stitched together the struggle for civil and human rights Gómez Quiñones and Vásquez show how these convergences underscored tensions among diverse individuals and organizations at every level Their narrative offers an assessment of U S society and the Mexican American community at a critical time offering a unique understanding of its civic progress toward a more equitable social order

Foundations of Modern Slavery Caf Dowlah, 2021-07-29 This is an academic inquiry into how labor power has been dehumanized and commodified around the world through the ages for capital accumulation and industrialization and colonial and post colonial

economic transformation The study explores all major episodes of slaveries beginning from the ancient civilizations to the end of Transatlantic Slave Trade in the eighteenth century the worlds of serfdoms in the context of Western Europe Eastern Europe and Russia the worlds of feudalisms in the context of Latin America Japan China and India the worlds of indentured servitudes in the context of the Europeans the Indians and the Chinese the worlds of guestworkers in the contexts of the United States and Western Europe the worlds of migrant labor programs in the context of the Gulf States and the contemporary world of neoslavery focusing on human trafficking in both developing and developed countries and forced labor in global value chains The book is designed not only for students and academia in labor economics labor history and global socio economic and political transformations but also for the intelligent and inquiring policy makers reformers and general readers across the disciplinary pursuits of Economics Political Science History Sociology Anthropology and Law

Ibero-American Letters in a Comparative Perspective Wolodymyr T. Zyla, Wendell M. Aycock, 1978 *Ibero American Letters in a Comparative Perspective* is an analysis of various aspects of Ibero American letters and comprises of the proceedings of the Tenth Annual Comparative Literature Symposium held on 26 to 28 January 1977 **Hispanic Women's Health Issues**

, 1984 **Rethinking American History in a Global Age** Thomas Bender, 2002-05-14 In rethinking and reframing the American national narrative in a wider context the contributors to this volume ask questions about both nationalism and the discipline of history itself The essays offer fresh ways of thinking about the traditional themes and periods of American history By locating the study of American history in a transnational context they examine the history of nation making and the relation of the United States to other nations and to transnational developments What is now called globalization is here placed in a historical context A cast of distinguished historians from the United States and abroad examines the historiographical implications of such a reframing and offers alternative interpretations of large questions of American history ranging from the era of European contact to democracy and reform from environmental and economic development and migration experiences to issues of nationalism and identity But the largest issue explored is basic to all histories How does one understand teach and write a national history even as one recognizes that the territorial boundaries do not fully contain that history and that within that bounded territory the society is highly differentiated marked by multiple solidarities and identities *Rethinking American History in a Global Age* advances an emerging but important conversation marked by divergent voices many of which are represented here The various essays explore big concepts and offer historical narratives that enrich the content and context of American history The aim is to provide a history that more accurately reflects the dimensions of American experience and better connects the past with contemporary concerns for American identity structures of power and world presence *Latinos and the U.S. Political System* Rodney E. Hero, Rodney Hero, 2010-06-18 An analysis of American politics from the vantage point of the Latino political condition
