# Mexican Maze

**Alan Knight**

## **Mexican Maze:**

*Mexican Maze* Carleton Beals, 1931 Here is a travel book into time as well as through strange valleys and along tropical coasts Layer upon layer of centuries of culture are unwrapped in leaves from a notebook of 15 years of war revolution peace

**The Mexican Revolution** Alan Knight, 1990-01-01 v 1 Porfirians liberals and peasants v 2 Counter revolution and reconstruction **The Mexican Revolution** Douglas W. Richmond, Sam W. Haynes, 2013-03-22 In 1910 insurgent leaders crushed the Porfirian dictatorship but in the years that followed fought among themselves until a nationalist consensus produced the 1917 Constitution This in turn provided the basis for a reform agenda that transformed Mexico in the modern era The civil war and the reforms that followed receive new and insightful attention in this book These essays the result of the 45th annual Walter Prescott Webb Memorial Lectures presented by the University of Texas at Arlington in March 2010 commemorate the centennial of the outbreak of the revolution A potent mix of factors including the concentration of wealth in the hands of a few thousand hacienda owners rancheros and foreign capitalists the ideological conflict between the Diaz government and the dissident regional reformers and the grinding poverty afflicting the majority of the nation s eleven million industrial and rural laborers provided the volatile fuel that produced the first major political and social revolution of the twentieth century The conflagration soon swept across the Rio Grande indeed The Mexican Revolution shows clearly that the struggle in Mexico had tremendous implications for the American Southwest During the years of revolution hundreds of thousands of Mexican citizens crossed the border into the United States As a result the region experienced waves of ethnically motivated violence economic tensions and the mass expulsions of Mexicans and US citizens of Mexican descent

Plutarco Elías Calles and the Mexican Revolution Jürgen Buchenau, 2006-12-13 The only substantive study of Plutarco Elías Calles and the Mexican Revolution this book traces the remarkable life story of a complex and little understood yet key figure in Mexico s history JYrgen Buchenau draws on a rich array of archival evidence from Mexico the United States and Europe to explore Calles s origins and political trajectory He hailed from Sonora a border state marked by fundamental social and economic change at the turn of the twentieth century After dabbling in various careers Calles found the early years of the revolution 1910 1920 afforded him the chance to rise to local and ultimately national prominence As president from 1924 to 1928 Calles embarked on an ambitious reform program modernized the financial system and defended national sovereignty against an interventionist U S government Yet these reforms failed to eradicate underdevelopment corruption and social injustice Moreover his unyielding campaigns against the Catholic Church and his political enemies earned him a reputation as a repressive strongman After his term as president Calles continued to exert broad influence as his country s foremost political figure while three weaker presidents succeeded each other in an atmosphere of constant political crisis He played a significant role in founding a ruling party that reined in the destructive ambitions of leading army officers and promised to help campesinos and workers attain better living conditions This dynastic party and its successors including the

present day Partido Revolucionario Institucional PRI or Party of the Institutional Revolution remained in power until 2000 Many of the institutions and laws forged during the Calles era survived into the present Through this comprehensive assessment of a quintessential politician in an era dominated by generals entrepreneurs and educated professionals Buchenau opens an illuminating window into the Mexican Revolution and contemporary Mexico The Mexican government today William P. Tucker, Mexican Martyrdom Fr. Wilfrid Parsons, 1936 Mexican Martyrdom is a series of true stories of the terrible anti Catholic persecutions which took place in Mexico in the 1920s Told by the Jesuit priest Fr Wilfrid Parson these stories are based upon cases he had seen himself or that had been described to him personally by the people who had undergone the atrocities of those times Though most contemporary readers don t know it a full fledged persecution of the Church with thousands of martyrdoms took place in modern times just south of our own border including the famous Jesuit priest Fr Miguel Pro was martyred before a firing squad during this persecution **Mexican Calendar Girls** Angela Villalba, 2006-08-24 A truly popular art form the glamorous paintings of Mexican calendar girls have a long and fascinating history as advertisements enticements and emblems of Mexican cultural heritage and pride The result of years of research this playful and informative book reproduces more than 150 vibrantly colorful calendar images plus archival photographs and other materials that illuminate their creation A fully bilingual text gives an overview of the calendars social and cultural history along with biographies of the talented artists who created them Also including a foreword by the renowned Mexican cultural critic Carlos Monsivis Mexican Calendar Girls presents this popular and delightful art as never before Behind the Mexican Mountains Robert Zingg, 2010-07-22 In 1930 anthropologists Robert Zingg and Wendell Bennett spent nine months among the Tarahumara of Chihuahua Mexico one of the least acculturated indigenous societies in North America Their fieldwork resulted in The Tarahumara An Indian Tribe of Northern Mexico 1935 a classic ethnography still familiar to anthropologists In addition to this formal work Zingg also penned a personal unvarnished travelogue of his sojourn among the Tarahumara Unpublished in his lifetime Behind the Mexican Mountains is now available in print for the first time This colorful account provides a compelling description of the landscape people traditions language and archaeology of the Tarahumara region Abandoning the scientific detachment of the observer Zingg frankly records his reactions to the people and their customs as he vividly evokes the daily experience of doing fieldwork In the introduction Howard Campbell examines Zingg s writing in light of current critiques of anthropology as literature He makes a strong case that although earlier anthropological writing reveals unacceptable cultural biases it also demonstrates the ongoing importance and vitality of field research **The Mexican Revolution on the World Stage** Adela Pineda Franco, 2019-07-23 The first major social revolution of the twentieth century the Mexican Revolution was visually documented in technologically novel ways and to an unprecedented degree during its initial armed phase 1910 21 and the subsequent years of reconstruction 1921 40 Offering a sweeping and compelling new account of this iconic revolution The Mexican Revolution on the World Stage reveals its

profound impact on both global cinema and intellectual thought in and beyond Mexico Focusing on the period from 1940 to 1970 Adela Pineda Franco examines a group of North American European and Latin American filmmakers and intellectuals who mined this extensive visual archive to produce politically engaged cinematic works that also reflect and respond to their own sociohistorical contexts The author weaves together multilayered analysis of individual films the history of their production and reception and broader intellectual developments to illuminate the complex relationship between culture and revolution at the onset of World War II during the Cold War and amid the anti systemic movements agitating Latin America in the 1960s Ambitious in scope this book charts an innovative transnational history of not only the visual representation but also the very idea of revolution

**Cantinflas and the Chaos of Mexican Modernity** Jeffrey M. Pilcher,2001 Why was Cantinflas actor Mario Moreno s film persona the most popular movie star in Mexican history Was it because every Mexican rich or poor Creole or Indian man or woman young or old could identify with him

**The Enormous Vogue of Things Mexican** Helen Delpar,1995-12-30 The Enormous Vogue of Things Mexican traces the evolution of cultural relations between the United States and Mexico from 1920 to 1935

**Hemispheric Imaginations** Helmbrecht Breinig,2016-12-06 What image of Latin America have North American fiction writers created found or echoed and how has the prevailing discourse about the region shaped their work How have their writings contributed to the discursive construction of our southern neighbors and how has the literature undermined this construction and added layers of complexity that subvert any approach based on stereotypes Combining American Studies Canadian Studies Latin American Studies and Cultural Theory Breinig relies on long scholarly experience to answer these and other questions Hemispheric Imaginations an ambitious interdisciplinary study of literary representations of Latin America as encounters with the other is among the most extensive such studies to date It will appeal to a broad range of scholars of American Studies

**Revolution** Rosemary H. T. O'Kane,2000 All of the major work on the subject of revolutions is collected in this useful set Including work from seminal figures such as Hatto and Gottschalk in the 1940s as well as the most important literature all the way through 1998 the articles reprinted here consider the concept theory and causes of revolution revolutionary state building and the outcomes of revolutions case studies of great revolutions and much more

**The Rebel Scribe** Christopher Neal,2022-01-27 Carleton Beals was among America s most distinctive foreign correspondents His colorful combatively critical reporting of U S intervention in Latin America had a fearless energy and authority that won him millions of readers He interviewed the Nicaraguan rebel leader Sandino in the camp from which he fought thousands of U S marines in 1928 covered two revolutions in Cuba 1933 and 1959 and interpreted the Mexican Revolution for American readers Beals s dispatches and features appeared regularly in the Nation New Republic Current History and the Progressive and often in the New York Times Time magazine called him the best informed and the most awkward living writer on Latin America Forty books including chronicles political analysis and novels drawn mostly from his travels and wide ranging contacts in what he called

America South made that characterization apt But Beals was also an eyewitness reporter on Mussolini's rise in Italy He wrote on U S topics too such as Louisiana's Huey Long and the environmental damage and rural migration in the 1930s caused by emerging agri business in America's South and West Many of his books were best sellers their evidence based assessments earning at least grudging respect even among those who took issue with his indictments of U S economic and government elites At once biography and analytical history The Rebel Scribe tells the story of a fiercely independent non conformist It probes Beals's interactions with political leaders democrats demagogues populists and revolutionaries and reveals how his ability to immerse himself in their societies gave his accounts a palpable authenticity and time has shown a prescience that is almost prophetic Christopher Neal's layered narrative traces how Beals identified patterns of political behavior and concepts that later became fully fledged schools of thought such as the idea of a Third World dependency theory U S neo imperialism and aspects of critical theory His story sheds light on the evolution of U S foreign policy and intervention from Mexico and Nicaragua in the 1920s to Cuba and Vietnam in the 1960s It reveals the fraught trail that faced and still faces contrarian journalists who challenge conventional assumptions while also showing how probing journalism drives change

**Nelson's Perpetual Loose-leaf Encyclopaedia**, 1920

**Oswald and the CIA** John Newman, 2008-06-01 How involved was the CIA with Lee Harvey Oswald Why was Oswald's file tampered with before the assassination of John Kennedy And why were significant documents from it removed afterward Finally we have answers to these questions answers not from theories but from the primary sources themselves John Newman has interviewed dozens of high placed officials who have never before spoken candidly on these sensitive issues He has thoroughly examined the vast body of new material forced into release by the JFK Records Act of 1992 Oswald and the CIA is a devastating report based on indisputable evidence Written by a historian who spent more than twenty years with the U S intelligence community it is an insider's account of the secret record Bit by bit document by document the reader watches Oswald's file build as it was observed through the eyes of the intelligence officers who actually handled those files The Oswald paper trail inside the CIA is a gripping journey through the darkest corners of the Agency's Clandestine Services

**Everyday Forms of State Formation** Gilbert Michael Joseph, Daniel Nugent, 1994 Everyday Forms of State Formation is the first book to systematically examine the relationship between popular cultures and state formation in revolutionary and post revolutionary Mexico While most accounts have emphasized either the role of peasants and peasant rebellions or that of state formation in Mexico's past these original essays reveal the state's day to day engagement with grassroots society by examining popular cultures and forms of the state simultaneously and in relation to one another Structured in the form of a dialogue between a distinguished array of Mexicanists and comparative social theorists this volume boldly reassesses past analyses of the Mexican revolution and suggests new directions for future study Showcasing a wealth of original archival and ethnographic research this collection provides a new and deeper understanding of Mexico's revolutionary experience It also speaks more broadly to a problem of

extraordinary contemporary relevance the manner in which local societies and self proclaimed revolutionary states are articulated historically The result is a unique collection bridging social history anthropology historical sociology and cultural studies in its formulation of new approaches for rethinking the multifaceted relationship between power culture and resistance Contributors Ana Mar a Alonso Armando Bartra Marjorie Becker Barry Carr Philip Corrigan Romana Falc n Gilbert M Joseph Alan Knight Florencia E Mallon Daniel Nugent Elsie Rockwell William Roseberry Jan Rus Derek Sayer James C Scott

**Good References** , *Greater American Camera* Monica Bravo,2021-01-01 An engaging investigation of how the relationships between four U S photographers and Mexican artists forged new developments in modernism Photographers Edward Weston Tina Modotti Paul Strand and Helen Levitt were among the U S artists who traveled to Mexico during the interwar period seeking a community more receptive to the radical premises of modern art Looking closely at the work produced by these four artists in Mexico this book examines the vital role of exchanges between the expatriates and their Mexican contemporaries in forging a new photographic style Monica Bravo offers fresh insights concerning Weston s friendship with Diego Rivera Modotti s images of labor which she published alongside the writings of the Stridentists Strand s engagement with folk themes and the work of composer Carlos Ch vez and the influence of Manuel lvarez Bravo on Levitt s contributions to a New World surrealism Exploring how these dialogues resulted in a distinct kind of modernism characterized by inter American interests the book reveals the ways in which cross border collaboration shaped a new greater American aesthetic

**East Los Angeles** Richardo Romo,2010-07-05 This is the story of the largest Mexican American community in the United States the city within a city known as East Los Angeles How did this barrio of over one million men and women occupying an area greater than Manhattan or Washington D C come to be Although promoted early in this century as a workers paradise Los Angeles fared poorly in attracting European immigrants and American blue collar workers Wages were low and these workers were understandably reluctant to come to a city which was also troubled by labor strife Mexicans made up the difference arriving in the city in massive numbers Who these Mexicans were and the conditions that caused them to leave their own country are revealed in East Los Angeles The author examines how they adjusted to life in one of the fastest growing cities in the United States how they fared in this country s labor market and the problems of segregation and prejudice they confronted Ricardo Romo is associate professor of history at the University of Texas at Austin
