**Undocumented Lives** Ana Raquel Minian, 2018-03-28 In the 1970s Mexico sent men across the border to take low level work and return money to their communities back home But the 1980s U S immigration crackdown forced many to remain in the north permanently for fear of not being able to return to work trapped in a cage of gold Ana Raquel Minian explores this unique chapter in Mexican migration

*Mexicans in the Midwest, 1900-1932* Juan R. García, 1996 Early in this century a few Mexican migrants began streaming northward into the Midwest but by 1914 in response to the war in Europe and a booming U S economy the stream had become a flood Barely a generation later this so called Immigrant Generation of Mexicans was displaced and returned to the U S Southwest or to Mexico Drawing on both published works and archival materials this new study considers the many factors that affected the process of immigration as well as the development of communities in the region These include the internal forces of religion ethnic identity and a sense of nationalism as well as external influences such as economic factors discrimination and the vagaries of U S Mexico relations Here is a book that persuasively challenges many prevailing assumptions about Mexican people and the communities they established in the Midwest The author notes the commonalities and differences between Mexicans in that region and their compadres who settled elsewhere He further demonstrates that

although Mexicans in the Midwest maintained a strong sense of cultural identity they were quick to adopt the consumer culture and other elements of U S life that met their needs Focusing on a people place and time rarely covered before now this wide ranging work will be welcomed by scholars and students of history sociology and Chicano studies General readers interested in ethnic issues and the multicultural fabric of American society will find here a window to the past as well as new perspectives for understanding the present and the future Steel Barrio Michael Innis-Jiménez,2013-06-17 Michael Innis Jim nez is a native of Laredo Texas and Assistant Professor in the Department of American Studies at the University of Alabama He lives in Tuscaloosa where he working on his next book on Latino a immigration to the American South In the Culture Labor History series **Latino Employment, Labor Organizations, and Immigration** Antoinette Sedillo López,1995 Horizons of the Sacred Timothy Matovina,Gary Riebe-Estrella,2018-08-06 Horizons of the Sacred explores the distinctive worldview underlying the faith and lived religion of Catholics of Mexican descent living in the United States Religious practices including devotion to Our Lady of Guadalupe celebration of the Day of the Dead the healing tradition of curanderismo and Good Friday devotions such as the Way of the Cross Via Crucis reflect the increasing influence of Mexican traditions in U S Catholicism especially since Mexicans and Mexican Americans are a growing group in most Roman Catholic congregations In their introduction Timothy Matovina and Gary Riebe Estrella analyze the ways Mexican rituals and beliefs pose significant challenges and opportunities for Catholicism in the United States Original essays by theologians historians and ethnographers provide a rich interdisciplinary dialogue on how religious traditions function for Mexican American Catholics revealing the symbolic world at the heart of their spirituality The authors speak to the diverse meanings behind these ceremonies explaining that Mexican American and other Latino Catholics use them to express not only religious devotion but also ethnic identity and patriotism solidarity and in some cases their condition as exiles The result is a multilayered vision of Mexican American religion which touches as well on issues of racism and discrimination poverty and the role of women **The Science and Politics of Race in Mexico and the United States, 1910-1950** Karin Alejandra Rosemblatt,2018-03-13 In this history of the social and human sciences in Mexico and the United States Karin Alejandra Rosemblatt reveals intricate connections among the development of science the concept of race and policies toward indigenous peoples Focusing on the anthropologists sociologists biologists physicians and other experts who collaborated across borders from the Mexican Revolution through World War II Rosemblatt traces how intellectuals on both sides of the Rio Grande forged shared networks in which they discussed indigenous peoples and other ethnic minorities In doing so Rosemblatt argues they refashioned race as a scientific category and consolidated their influence within their respective national policy circles Postrevolutionary Mexican experts aimed to transform their country into a modern secular state with a dynamic economy and central to this endeavor was learning how to manage racial difference and social welfare The same concern animated U S New Deal policies toward Native Americans The scientists border crossing conceptions of modernity
