Nora Hamilton

Mexican Political Biographies 1935 1975:

Mexican Political Biographies, 1935-1975 Roderic A. Camp, William Henderson Kelly, 1976 More than 700 accurate and complete biographies of significant persons living and dead who have been prominent in the political system since 1935 Includes comments favorable and unfavorable from published and unpublished sources Detailed bibliographic essay on sources cited and other valuable Mexican works Mexican Political Biographies, 1935-2009 Roderic Ai Camp, 2011-10-01 Teresa Lozano Long Institute of Latin American Studies

Ranchero Revolt Ian Jacobs, 2014-05-23 The Mexican Revolution has most often been characterized as the revolt of the oppressed rural masses against the conservative regime of Porfirio Díaz In *Ranchero Revolt* Ian Jacobs challenges this populist interpretation of the Revolution by exploring the crucial role played by the rural middle class rancheros in the organization and final victory of the Revolution Jacobs focuses on the Revolution as it developed in Guerrero the rebellious Mexican state still frequently at odds with central authority His is the first account in English of the genesis and development of the Revolution in this important Mexican state and the first detailed history in any language of Guerrero in the period 1876 to 1940 Stressing as it does the conservative tendencies of the Revolution in Mexico *Ranchero Revolt* is a major contribution to revisionist history It is a striking example of the trend toward local and regional studies of Mexican history that are transforming much of the conventional wisdom about modern Mexico Among these studies however *Ranchero Revolt* is unusual in its chronological scope embracing not only the origins and military struggle of the Revolution but also the emergence of a new revolutionary state in the 1920s and 1930s Especially valuable are Jacobs descriptions of the agrarian developments that preceded and followed the Revolution the vagaries of local factions and the process of political centralization that took place first under Díaz and later under the revolutionary regimes

Mexico in the 1940s Stephen R. Niblo, 1999 This title examines Mexican politics in the wake of Cardenismo and the dawn of Miguel Alemán's presidency This new book focuses on the decade of the 1940s and analyzes Alemán's entry into the early years of the 1950s Based upon a decade of intensive investigation it is the first broad and substantial study of the political life of the Mexican nation during this period thus opening a new era to historical investigation Analytical yet lively mixing political and cultural history *Mexico in the 1940s* captures the humor passion and significance of Mexico during the World War II and post war years when Mexicans entered the era called the miracle because of the nation's economic growth and political stability Niblo develops the case that the Mexico of today politically and executively centralized stressing business and industry corrupt ignoring the needs of the majority of the population has its roots in the decade and a half after 1940 Finally *Mexico in the 1940s* offers a unique interpretation of Mexican domestic politics in this period including an explanation of how political leaders were able to reverse the course of the Mexican Revolution in the 1940s an original interpretation of corruption in Mexican political life a phenomenon that did not end in the 1940s and an analysis of the relationship between the U S media interests the Mexican state and the Mexican media

companies that still dominate mass communication today **Labyrinths of Power** Peter H. Smith, 2015-03-08 Peter Smith has written a comprehensive and in depth study of the structure and more important of the transformation of the national political elite in twentieth century Mexico In doing so he analyzes the long run impact of the Mexican Revolution of 1910 on the composition of the country's ruling elite Included in his focus are such issues as the social basis of politics the recruitments process political career patterns the amount of periodic turnover and the relationships between the political and economic elites The author explores these issues through an empirical computer assisted investigation of biographical information on more than 6 000 individuals who held national political office in Mexico at any time between 1900 and 1976 He then employs various comparative and statistical techniques along with a use of archival data questionnaires and interviews to determine precisely how Mexico's political system actually works Professor Smith finds that the Revolution of 1910 did not fundamentally alter the class composition of the national elite although it did redistribute power within it He further observes that the Mexican Revolution did bring about a separation of political and economic elites and that the route to political success is much more varied and less predictable now than before the revolutionary period Originally published in 1979 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Artifacts of Revolution** Patrice Elizabeth Olsen, 2008-09-11 This innovative history utilizes the built environment as a means of tracing the path of the consolidation of the Mexican Revolution Patrice Elizabeth Olsen considers the physical changes in Mexico City's built environment using them to evaluate the extent and direction of regime consolidation of successive governments during the critical period from 1920 to 1940 Architects engineers politicians and entrepreneurs alike expressed visions of what modern Mexico should be and sought to improve the nation through an array of initiatives Their successes and failures and thus the direction of the revolution is written in the capital city The author's interdisciplinary approach offers an important contribution to the study of Mexican political history and the aesthetics of modernity **Decade of Betrayal** Francisco E. Balderrama, Raymond Rodríguez, 2006-05-31 During the Great Depression a sense of total despair plagued the United States Americans sought a convenient scapegoat and found it in the Mexican community Laws forbidding employment of Mexicans were accompanied by the hue and cry to get rid of the Mexicans The hysteria led pandemic repatriation drives and one million Mexicans and their children were illegally shipped to Mexico Despite their horrific treatment and traumatic experiences the American born children never gave up hope of returning to the United States Upon attaining legal age they badgered their parents to let them return home Repatriation survivors who came back worked diligently to get their lives back together Due to their sense of shame few of them ever told

their children about their tragic ordeal Decade of Betrayal recounts the injustice and suffering endured by the Mexican community during the 1930s It focuses on the experiences of individuals forced to undergo the tragic ordeal of betrayal deprivation and adjustment This revised edition also addresses the inclusion of the event in the educational curriculum the issuance of a formal apology and the question of fiscal remuneration Francisco Balderrama and Raymond Rodriguez the authors of Decade of Betrayal the first expansive study of Mexican repatriation with perspectives from both sides of the border claim that 1 million people of Mexican descent were driven from the United States during the 1930s due to raids scare tactics deportation repatriation and public pressure Of that conservative estimate approximately 60 percent of those leaving were legal American citizens Mexicans comprised nearly half of all those deported during the decade although they made up less than 1 percent of the country's population Americans reeling from the economic disorientation of the depression sought a convenient scapegoat Balderrama and Rodriguez wrote They found it in the Mexican community

American History *Land Reform in Mexico: 1910–1980* Susan R. Walsh Sanderson, 2013-09-11 Land Reform in Mexico 1910 1980 presents the workings of the Mexican government by analyzing actual policies their implementation and their outcomes in a significant and central sector of the Mexican economy agriculture This book discusses the pattern of Mexican redistribution policy in agriculture over an extensive period of time with emphasis on the causes and effects of these policy shifts Organized into eight chapters this book begins with an overview of the agricultural policy and modernization strategy of Mexico This text then relates regional variations in the rural social structure of the late 19th century to the history of Mexico's unique agricultural policy Other chapters consider the policy shifts reflected in agrarian legislation by presidential period This book discusses as well the politics of land reform and its linkages to local state and national administrations The final chapter deals with the status of agricultural policy in Mexico during the 1980s This book is a valuable resource for scholar and students with interest in Mexican politics

Governing Capital Sylvia Maxfield, 2019-05-15 How does international financial integration affect development in newly industrializing countries Sylvia Maxfield offers a challenging interpretation of the Mexican political economy in light of this complex question In an increasingly internationalized world she argues capital controlling economic policies can have benefits that especially for the newly industrializing Latin American countries addressed here outweigh the efficiency costs of government intervention

Cold War, Deadly Fevers Marcos Cueto, 2007-05-04 Publisher description

Intellectuals and the State in Twentieth-Century Mexico Roderic Ai Camp, 2014-04-15 In developing countries the extent to which intellectuals disengage themselves in state activities has widespread consequences for the social political and economic development of those societies Roderic Camps examination of intellectuals in Mexico is the first study of a Latin American country to detail the structure of intellectual life rather than merely considering intellectual ideas Camp has used original sources including

extensive interviews to provide new data about the evolution of leading Mexican intellectuals and their relationship to politics and politicians since 1920 **As If Jesus Walked on Earth** Adrian A. Bantjes,1998 Yet many Latin Americanists believe that the popularity of this controversial figure has clouded understanding of Mexico's history This sweeping and detailed study debunks many of the established interpretations of Cardenismo and sheds new light on the historical process that created Mexico's postrevolutionary political culture *The Vatican and Catholic Activism in Mexico and Chile* Stephen J. C. Andes,2014 A religious and political history of transnational Catholic activism in Latin America during the 1920s and 1930s *Mexico, a Country Study* James D. Rudolph,1985 *Persistent Oligarchs* Mark Wasserman,1993 Did the Mexican Revolution do away with the ruling class of the old regime Did a new ruling class rise to take the old one's place and if so what differences resulted In this compelling study the first of its kind Mark Wasserman pursues these questions through an analysis of the history and politics of the northern Mexican state of Chihuahua from 1910 to 1940 Chihuahua boasted one of the strongest pre revolutionary elite networks the Terrazas Creel family Wasserman describes this group's efforts to maintain its power after the Revolution including its use of economic resources and intermarriage to forge partnerships with the new revolutionary elite Together the old and new elites confronted a national government that sought to reestablish centralized control over the states and the masses Wasserman shows how the revolutionary government and the popular classes joined in opposition to the challenge of the elites finally formalized into a national political party during the 1930s *Persistent Oligarchs* concludes with an account of the Revolution's ultimate outcome largely accomplished by 1940 the national government gaining central control over politics the popular classes obtaining land redistribution and higher wages and regional elites old and new availing themselves of the great opportunities presented by economic development A complex analysis of revolution as a vehicle for both continuity and change this work is essential to an understanding of Mexico and Latin America as well as revolutionary politics and history *The Limits of State Autonomy* Nora Hamilton,2014-07-14 In a historical treatment of Mexico beginning with the pre Revolutionary period and focusing on the administration of Lazaro Cardenas 1934-1940 Nora Hamilton explores the possibilities and limits of reform in a capitalist society Originally published in 1982 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **D. H. Lawrence: Dying Game 1922-1930** David Ellis,1998 This final volume chronicles Lawrence's progress from leaving Europe in 1922 to his death in Venice in 1930 Ellis reveals Lawrence as a complex humorous man exemplary in his resolute grappling with the central problems of life and death *States, Parties, and Social Movements* Jack A. Goldstone,2003-03-03 Sample Text

Mexican Political Biographies 1935 1975 Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Mexican Political Biographies 1935 1975 free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Mexican Political Biographies 1935 1975 free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Mexican Political Biographies

1935 1975 free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Mexican Political Biographies 1935 1975. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Mexican Political Biographies 1935 1975 any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Mexican Political Biographies 1935 1975 Books
