Mexican Revolution Federal Expenditure And Social Change Since 1910:

The Mexican Revolution James W. Wilkie, 2022-07-15 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1970 The Mexican Revolution James Wallace Wilkie, 1970 Analytical study of national budget provisions to alleviate poverty and achieve social change in Mexico social expenditure covers historical aspects political aspects of budgetary policy military expenditures investments rural area credit financial aspects of social services and welfare education economic growth changes in the social structure illiteracy the standard of living cultural change etc Statistical tables and bibliography pp 307 to 322 The Mexican Revolution James Wallace Wilkie, 1970-06 **The Mexican Revolution: Federal Expenditure and social change since 1910** James Wilkie, 1970 **The Mexican revolution** James Wallace Wilkie, 1970 The Mexican Revolution: Federal Expenditure and Social Change Since 1910, Etc. [With Maps.] James Wallace Wilkie, 1967 *The Mexican revolution: Federal expenditure and social change since 1910. Forew. Howard F. Cline*, 1967 **The Mexican Revolution: Federal Expenditure and Social Change Since 1910, by James W. Wilkie. With a Foreword by Howard F. Cline** James Wallace Wilkie, 1967 *Notes on Quantitative History* Thomas E. Skidmore, Peter H. Smith, 1970 The Mexican Revolution Alan Knight, 1990 This comprehensive two volume history of the Mexican Revolution presents a new interpretation of one of the world's most important revolutions While it reflects the many facets of this complex and far reaching historical subject it emphasises its fundamentally local popular and agrarian character and locates it within a more general comparative context Publisher **The Mexican Revolution: Counter-revolution and reconstruction** Alan Knight, 1990-01-01 Volume 2 of The Mexican Revolution begins with the army counter revolution of 1913 which ended Francisco Madero's liberal experiment and installed Victoriano Huerta's military rule After the overthrow of the brutal Huerta Venustiano Carranza came to the forefront but his provisional government was opposed by Pancho Villa and Emiliano Zapata who come powerfully to life in Alan Knight's book Knight offers a fresh interpretation of the great schism of 1914-15 which divided the revolution in its moment of victory and which led to the final bout of civil war between the forces of Villa and Carranza By the end of this brilliant study of a popular uprising that deteriorated into political self seeking and vengeance nearly all the leading players have been assassinated In the closing pages Alan Knight ponders the essential question what had the revolution changed His two volume history at once dramatic and scrupulously documented goes against the grain of traditional assessments of the last great revolution **Research on the American Republics**, 1963 **State and Nation Making in Latin America and Spain: Volume 1** Miguel A. Centeno, Agustin E. Ferraro, 2013-03-29 This book examines how Latin American countries and Spain tried to build modern and efficient state institutions for more

than a century without much success. The chapters tell how these countries went about constructing systems of authority that could manage their territories, support economic development, provide basic services, and promote a sense of national community. The book can serve as an introduction to nineteenth-century Latin America and Spain as a historical guide to the process of state building and as a tool for experts looking for the latest work by leading scholars in the field.

Iron Horse Imperialism Daniel Lewis, 2007. Available in paperback October 2008. The Southern Pacific of Mexico was a U.S.-owned railroad that operated between 1898 and 1951, running from the Sonoran town of Nogales just across the border from Arizona to the city of Guadalajara, stopping at several northwestern cities and port towns along the way. Owned by the Southern Pacific Company, which operated a highly profitable railroad system north of the border, the SP de Mex transported millions of passengers as well as millions of tons of freight over the years, both within Mexico and across its northern border. However, as Daniel Lewis discloses in this thoroughly researched investigation of the railroad, it rarely turned a profit. So why, Lewis wonders, did a savvy, money-minded U.S. corporation continue to operate the railroad until it was nationalized by the Mexican government more than a half-century after it was constructed? *Iron Horse Imperialism* reveals that the relationship between the Mexican government and the Southern Pacific Company was a complex one, complicated by Mexico's defeat by U.S. forces in the mid-nineteenth century and by SP's failure to understand that it was conducting business in a country whose leaders were ambivalent about its presence. Lewis contends that SP executives, urged on by the media of the day, operated with a reflexive imperialism that kept the company committed to the railroad long after it ceased to make business sense. Incorporating information discovered in both Mexican and American archives, some of which was previously unavailable to researchers, this comprehensive book deftly describes the complicated, decades-long dance between oblivious U.S. entrepreneurs and wary Mexican officials. It is a fascinating story.

Mexico Robert Ryal Miller, 2015-01-26. This book is a skillful synthesis of Mexico's complex and colorful history from pre-Columbian times to the present. Utilizing his many years of research and teaching, as well as his personal experience in Mexico, the author incorporates recent archaeological evidence, posits fresh interpretations, and analyzes such current problems as foreign debt dependency on petroleum exports and providing education and employment for an expanding population. Combining political events and social history in a smooth narrative, the book describes events, places, and individuals; the daily life of peasants and urban workers; and touches on cultural topics including architecture, art, literature, and music. As a special feature, each chapter contains excerpts from contemporary letters, books, decrees, or poems, firsthand accounts that lend historical flavor to the discussion of each era. Mexico has an exciting history: several Indian civilizations; the Spanish conquest; three colonial centuries during which there was a blending of Old World and New World cultures; a decade of wars for independence; the struggle of the young republic; wars with the United States and France; confrontation between the Indian president Juárez and the Austrian-born emperor Maximilian; a long dictatorship under Díaz; the Great Revolution that destroyed debt peonage, confiscated Church property,

and reduced foreign economic power and the recent drive to modernize through industrialization Mexico A History will be an excellent college level textbook and good reading for the thousands of Americans who have visited Mexico and those who hope to visit

Mexico and the United States William Dirk Raat, Michael M. Brescia, 2010-04-15 Drug wars NAFTA presidential politics and heightened attention to Mexican immigration are just some of the recent issues that are freshly interpreted in this updated survey of Mexican U S relations The fourth edition has been completely revised and offers a lively engaging and up to date analysis of historical patterns of change and continuity as well as contemporary issues Ranging from Mexican antiquity and the arrival of the Spanish and British to the present day administrations of Felipe Caldern and Barack Obama historians Dirk Raat and Michael Brescia evaluate the political economic and cultural trends and events that have shaped the ways that Mexicans and Americans have regarded each other over the centuries Raat and Brescia pay special attention to the factors that have subordinated Mexico not only to the colossus of the North but to many other players in the global economy They also provide a unique look at the cultural dynamics of Gran Chichimeca or Mexamerica the borderlands where the two countries share a common history The bibliographical essay has been revised to reflect current research and scholarship

Mexico in World History William H. Beezley, 2011-09-29 Drawing on materials ranging from archaeological findings to recent studies of migration issues and drug violence William H Beezley provides a dramatic narrative of human events as he recounts the story of Mexico in the context of world history Beginning with the Mayan and Aztec civilizations and their brutal defeat at the hands of the Conquistadors Beezley discusses Spain s three hundred year colonial rule foreign invasions and huge territorial losses at the hands of the United States and conditions in Mexico today

Mexico since Independence Leslie Bethell, 1991-09-27 Mexico Since Independence brings together six chapters from Volumes III V and VII of the Cambridge History of Latin America to provide in a single volume an economic social and political history of Mexico since independence from Spain in 1821 This it is hoped will be useful for both teachers and students of Latin American history Each chapter is accompanied by a bibliographical essay

Contemporary Mexico James W. Wilkie, Michael C. Meyer, Monzon de Wilkie Edna, 2023-07-28 Contemporary Mexico Insights from the IV International Congress of Mexican History brings together an interdisciplinary collection of papers presented at the 1973 Congress held in Santa Monica California This landmark volume delves into the complexities of 20th century Mexican history through diverse perspectives including anthropology economics political science sociology and more The contributors aim to provide a nuanced and comprehensive view of Mexico s modern developments offering new interpretations reevaluations and a synthesis of the latest research From pre Hispanic themes to land reform political transitions and cultural shifts this work captures the evolving scholarly focus on Mexico s rich and multifaceted history reflecting the growing maturity and internationalization of Mexican studies The book also highlights the transformation of the Congresses themselves charting their evolution from a focus on U S Mexico comparative history to a specialized exploration of Mexican realities Featuring insights from

distinguished scholars including analysis of social dynamics leadership roles and international relations Contemporary Mexico stands as a critical resource for students researchers and anyone interested in the historical forces shaping modern Mexico The volume not only underscores the importance of interdisciplinary collaboration but also points toward future directions for Mexican studies in a global context This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1976 Made in Mexico
Susan M. Gauss,2010 Traces conflicts in Mexico over regional authority and labor employer relations between the state and competing industrialist and labor groups in Guadalajara Mexico City Monterrey and Puebla from the 1920s to the 1950s
