Mexico Y De La Humanidad:

Las Peregrinaciones religiosas en la humanidad en el Cristianismo y en Mexico; estudio dedicado a la inmaculada Virgen Maria en su nacional advocación de Guadalupe ,1887 *Verdad, justicia y memoria: derechos humanos y justicia transicional en México* Espíndola Mata, Juan, Serrano, Mónica, 2024-02-14 Mexico se encuentra inmerso en una espiral de violencias criminal política y social sin precedentes. Ser a un error reducir esta sombría realidad al lucrativo negocio de las drogas pero ser a igualmente equivocado ignorar el papel que las cadenas internacionales de drogas y las políticas que han buscado sujetarlas han desempeñado como motores y multiplicadores de tales violencias. Los capítulos de este libro exploran los senderos de la justicia transicional como una posible ruta para atajar el ciclo de impunidad y violencia gestado por los mercados ilícitos de drogas. Los textos aquí reunidos comparten una convicción sin atender las cuentas del pasado y las violaciones masivas y sistémicas de derechos humanos del presente: tareas centrales de la justicia transicional tanto la estabilidad como la legitimidad del Estado y de la democracia permanecer en duda. Los derechos humanos de las mujeres en México Patricia Galeana de Valadés, 2004 **El Estado y los derechos humanos: México, Ecuador y Uruguay** Karina Ansolabehere, Francisco Valdés-Ugalde, Daniel Vázquez, 2020-11-16 La narrativa de los derechos humanos y las instituciones y políticas públicas desarrolladas en su nombre se han extendido en América Latina. Sin embargo, cuánto tanto esto se traduce en una mejora en la vida de las personas. A través de la investigación que se presenta en este libro, nuestra respuesta a esta pregunta es que esto depende del Estado. Específicamente, la investigación que realizamos sobre la relación entre la institucionalización y el disfrute de los derechos humanos en México, Uruguay y Ecuador confirma la importancia de las diferencias en los acuerdos estatales en los que se insertan las demandas e instituciones de derechos humanos. Un acuerdo estatal que prioriza la competitividad económica es un sustrato diferente para demandas e instituciones de derechos sociales o indígenas que uno que priorice la justicia social y la solidaridad entre sus integrantes. Esto porque las demandas de institucionalización de derechos y los mandatos de las instituciones de derechos humanos propiamente dichas, antes que a proveer directamente derechos a las personas, forman parte de una configuración de instituciones que conforman al Estado y se dirigen a cambiar la conducta del Estado en general y de ciertas áreas en particular para de esta manera modificar sus orientaciones y su incidencia en la vida de la gente. Este libro hace una sociológica política de la institucionalización de los derechos humanos en América Latina basada en el trabajo de campo y análisis de una variedad de fuentes primarias y secundarias. Mediante el análisis en profundidad de las secuencias de institucionalización de derechos humanos en los tres países que presentan diferentes niveles de disfrute de derechos, presentamos evidencia acerca de una línea de investigación fructífera para complejizar la literatura sobre disfrute de derechos humanos haciendo un llamado a tomar seriamente al Estado en estas discusiones. **International Criminal Law in Mexico** Tania Ixchel Atilano, 2021-03-26 This book puts forward proposals for solutions to the current gaps between the Mexican legal order and the norms and principles of international

criminal law Adequate legislative measures are suggested for compliance with international obligations The author approaches the book s subject matter by tracing all norms related to the prosecution of core crimes and contextualizing each of the findings with a brief historical and political account Additionally state practice is analyzed identifying patterns and inconsistencies This approach is new in offering a wide perspective on international criminal law in Mexico Relevant legal documents are analyzed and annexed in the book providing the reader with a useful guide to the topics analyzed Issues including the following are examined the incorporation of core crimes in the Mexican legal order military jurisdiction the war crimes definition under Mexican law unaddressed atrocities state practice and future challenges to combat impunity The book will be of relevance to legal scholars students practitioners of law and human rights advocates It also offers interesting insights to political scientists historians and journalists Tania Ixchel Atilano has a Dr Iur from the Humboldt Universit t Berlin an LLM in German Law from the Ludwig Maximilian Universit t Munich and attained her law degree at the ITAM in Mexico City
