Books In Print 2004-2005 Ed Bowker Staff,Staff Bowker, Ed,2004 **Rap Music and the Youth in Malawi** Ken Lipenga Jr.,2022-11-29 Rap Music and the Youth in Malawi is one of the first book length studies of Malawian hip hop It studies the language and content of contemporary Malawian hip hop as a window onto the country s youth culture as Malawian young people negotiate what scholar Alcinda Honwana calls waithood or the condition common among Malawian youth of lacking opportunities to advance from a situation of dependence and being stuck in a state of relative childhood The book argues that rap music made by Malawian youth music speaks of and represents through its very agency their need to break out of this stagnant state After situating Malawian hip hop with respect to both other musical genres in the country and to the nation s language in culture Rap Music and the Youth in Malawi shows how Malawian youth use rap music to create a sense of community which then becomes a foothold from which they can do activities that get them out of waithood and into the adult world such as getting involved in the music industry realizing electoral power or participating in activism about issues such as violence against people with albinism and the COVID 19 pandemic Hip hop has been a crucial tool for Malawian youth to build the skills identity and agency necessary to exercise their economic cultural and civic independence
