365 Sports Cars You Must Drive John Lamm, Steve Sutcliffe, Larry Edsall, James Mann, Kris Palmer, 2020-10-27 365 Sports Cars You Must Drive puts you in the driver's seat of a century's worth of sports car legends and a few rather less legendary each presented with a fun and informative profile and fact and spec box. It's the ultimate gearhead's bucket list and poses the challenge: How many have you driven? Whoever coined the phrase 'getting there is half the fun' must have owned a sports car. And the wag who suggested that it's the journey not the destination. Probably driving a Lotus or MG at the time. From towering icons like Ferrari, Lamborghini, Porsche and Corvette to everyman sportsters from Triumph, MG, Sunbeam and Miata to oddballs like Crosley, Sabra and DB sports cars inspire passion and strong opinions as few other vehicles on the road can. In one beautiful book, long-time Road & Track magazine chief photographer John Lamm along with other top motoring contributors gives the reader illustrated profiles of every sports car you've ever dreamed of driving. Now imagine if you could drive a different sports car any sports car every single day for a year. Which would you choose? **The Book of the**

**Lamborghini Murciélago** Thillainathan Pathmanathan, Thillainathan "Path". Pathmanathan, 2021 A unique book dedicated to the Murciélago Lamborghini's iconic flagship with its V12 Bizzarrini engine, spaceframe chassis and scissor doors. This was the last car to use the classic Bizzarrini engine. Amédée Gordini Roy P. Smith, 2022 This is the story of a man, a team and their life and times as well as a complete record of all their achievements and failures. It logs the financial and personal cost of racing in the prewar and postwar periods. It tells of how the mighty car company Renault became involved with them in the late 1950s and how Amédée Gordini became known throughout the world as one of the greatest engine tuners of his time. **Collectors' Cars** Julian Brown, 1985 **Road and Track**, 1993 **Road & Track**, 1980

**Me and My MG** Gordon Thorburn, 2011-12-01 A collection of heartwarming personal stories from MG owners around the world. Read about the Berkshire restorer who saw a heap of old iron in the bushes and realized it used to be a 1926 bullnose Super Sports and the seven-year-old boy in Norfolk, Virginia, who read a book called *The Red Car* and knew that one day he would have to have a TC and the Dutch boy who saw an MGB on his way to school and knew something similar. There's the nine-year-old French boy whose nan gave him a model kit to assemble and the USAF fighter pilot who saw his first MG in Britain during the war and was in love for ever. A Canadian took 32 years to restore his TA while a Swiss professor installed space ship electronics in his TD. An aeronautical engineer was left some money and bought a 1929 18/80 Tourer that he thought had been restored. An Australian 17-year-old happened across a second-hand MGB that was done for speeding and lived happily ever after. A Swedish boy walked out one Sunday morning into the middle of an MG rally. All the stories are different but the storytellers have something in common. They would all rather love and sometimes despair of a wonderful vehicle with faults in its character than have no feelings about one that has no character at all. Praise for *Me and My MG* A loving look at one of Britain's most iconic motors, brilliant photographs interspersed with personal reminiscences and memories, a book to
