Soul of the Sword Robert L. O'Connell,2002 In an elegantly illustrated volume a noted historian reveals culture society and history through the saga of war and its implements from the claws and horns of our evolutionary antecedents to today's nuclear MIRV missiles 150 illustrations throughout **Once They Moved Like The Wind** David Roberts,1994-07-19 Recounts the days of the Indian wars when the U S Cavalry repeatedly tried to subdue the great warriors led by Cochise and later Geronimo *Casualties of the New World Order* M. Wesley,1997-07-14 Casualties of the New World Order contends that the high rate of failure among post Cold War UN missions are attributable to common weaknesses which are vulnerable to civil war dynamics These mission weaknesses derive from the high level of control over the missions mandates and operations wielded by combinations of self interested and distracted UN member states The effects of these weaknesses are examined in the failed missions in Bosnia Somalia and Angola while their absence is observed in the successful missions to El Salvador Mozambique and Cambodia **Red Sabbath** Robert J. Kershaw,2005 There are few battles in the sometimes bloody history of the expansion of the United States in North America during the Indian Wars that are more famous than Little Bighorn In Red Sabbath noted military historian Robert Kershaw turns his attention to this classic encounter between the United States Army and the Plains Indians Analysing the causes of Custer's defeat from the standpoint of a professional soldier he examines the multitude of factors that lay behind this setback of a modern US Army's campaign against an unsophisticated foe Bringing a forensic examination to the subject this new view of the battle will be required reading for all those with an interest in the military history of the USA and of the career of that iconic figure Custer His analysis debunks many of the myths about Custer's abilities as a military commander and previous generalisations of this savage encounter providing a unique insight into the Battle of the Little Bighorn **Annual Report** Mershon Center for Education in National Security,1991 **The Fires of October: The Planned US Invasion of Cuba During the Missile Crisis of 1962** Blaine Pardoe,2014-03-26 It was the closest we ever came to unleashing the Third World War The image of that world was so horrible to contemplate that both sides stepped away from that precipice and opted for peace Fires of October is the exhilarating military history of the Cuban Missile Crisis exploring in detail the strategic plans implemented by American Armed Forces as they headed towards a catastrophic nuclear collision with Cuba and the USSR Using recently declassified material Blaine Pardoe systematically recounts the origins of the crisis from the Berlin Crisis of 1961 and Cuba's military metamorphosis to the internal disorganization of the US military which exacerbated tensions between the USA Cuba and the USSR Pardoe reveals that the invasion plans were based on old intelligence outdated maps and misconceptions about the size strength and composition of the Soviet forces in Cuba for the first time and with harrowing results he scrutinizes the potential fallout had the invasion gone ahead Gripping and unnerving Fires of October shows us just how close the world came to nuclear war *Lee's Last Stand* Derek Smith,2002 Offers a compelling look at the last battle of the once mighty

Army of Northern Virginia **To the End of the Earth** John C. McManus, 2023-05-02 Winner of the Army Historical Foundation Award for Excellence in U S Army Writing From the liberation of the Philippines to the Japanese surrender the final volume of John C McManus s trilogy on the US Army in the Pacific War Brilliant and riveting a truly great book Gen David Petraeus Triumphant and compelling Richard Frank McManus is one of the best if not the best World War II historians working today World War II magazine The dawn of 1945 finds a US Army at its peak in the Pacific Allied victory over Japan is all but assured The only question is how many more months or years of fight does the enemy have left John C McManus winner of the Gilder Lehrman Prize for Military History concludes his magisterial series described by the Wall Street Journal as being as vast and splendid as Rick Atkinson s Pulitzer Prize winning Liberation Trilogy with this brilliant final volume On the island of Luzon a months long stand off between US and Japanese troops finally breaks open as American soldiers push into Manila while paratroopers and amphibious invaders capture nearby Corregidor The Philippines are soon liberated and Allied strategists turn their eyes to China Iwo Jima Okinawa and the Japanese home islands themselves Readers will walk in the boots of American soldiers and officers braving intense heat rampant disease and a by now suicidal enemy determined to kill as many opponents as possible before defeat and they will encounter Japanese soldiers faced with the terrible choice between capitulation or doom At the same time this outstanding narrative lays bare the titanic ego and ambition of the Pacific War s most prominent general Douglas MacArthur and the complex challenges he faced in Japan s unconditional surrender and America s lengthy occupation *The Decision to Use the Atomic Bomb* Gar Alperovitz, 2010-12-29 With a new preface by the author Controversial in nature this book demonstrates that the United States did not need to use the atomic bomb against Japan Alperovitz criticizes one of the most hotly debated precursory events to the Cold War an event that was largely responsible for the evolution of post World War II American politics and culture To Foreign Shores John A. Lorelli, 1995 Most other books on the subject have been written from the perspective of the landing forces This account describes the whole spectrum of modern seaborne assaults It covers ships and landing craft ship to shore movement command relationships air and gunfire support mine countermeasures salvage and much more *Pearl to V-J Day* Jacob Neufeld, William T. Grant: A Victor, Not a**

Butcher Edward H. Bonekemper, III,2010-10-11 Ulysses S Grant is often accused of being a cold hearted butcher of his troops In Ulysses S Grant A Victor Not a Butcher historian Edward H Bonekemper III proves that Grant s casualty rates actually compared favorably with those of other Civil War generals His perseverance decisiveness moral courage and political acumen place him among the greatest generals of the Civil War indeed of all military history Bonekemper proves that it was no historical accident that Grant accepted the surrender of three entire Confederate armies and won the Civil War Bonekemper ably silences Grant s critics and restores Grant to the heroic reputation he so richly deserves

Artbibliographies Modern ,1988 **Lincoln and Grant** Edward H. Bonekemper,2015-03-23 Lincoln and Grant is an intimate dual portrait of President Abraham Lincoln and General Ulysses S Grant their ordinary Western backgrounds their early struggles to succeed and their history making relationship during the Civil War Though generally remembered by history as two very different personalities the soft spoken Lincoln and often crude Grant in fact shared a similar drive and determination as this in depth character study illustrates **Tinclads in the Civil War** Myron J. Smith, Jr.,2010-01-13 Once the Union Army gained control of the upper rivers of the Mississippi Valley during the first half of 1862 slow and heavy ironclads proved ineffective in patrolling the waters Hastily outfitted steamboats were covered with thin armor and pressed into duty These tinclads fought Confederate forces attacking from the riverbanks provided convoy for merchant steamers enforced revenue measures and offered tow dispatch and other fleet support services This history documents the service

records and duties of these little known vessels of the Union fleet Shaw and Other Matters Stanley Weintraub,1998

Demonstrating the influence of scholar teacher Stanley Weintraub on his students Shaw and Other Matters reflects the scope of that influence in its concern with a variety of literary figures from Shaw to Joe Orton and of topics such as war memoirs and golem robots The variety is there as well in the approaches to the subjects Rodelle Weintraub's dream analysis of Arms and the Man Julie Sparks's comparison of Shaw with Bellamy Morris and Bulwer Lytton as world betterers Michael Pharand's evaluation of Shaw's changing views of Napoleon Kinley Roby's tracing of Shaw's exchanges of views on playwriting with Arnold Bennett and Kay Li's archetypal exploration of characters in Heartbreak House *The Columbia Guide to Hiroshima and the Bomb* Michael Kort,2007-04-10 Few aspects of American military history have been as vigorously debated as Harry Truman's decision to use atomic bombs against Japan In this carefully crafted volume Michael Kort describes the wartime circumstances and thinking that form the context for the decision to use these weapons surveys the major debates related to that decision and provides a comprehensive collection of key primary source documents that illuminate the behavior of the United States and Japan during the closing days of World War II Kort opens with a summary of the debate over Hiroshima as it has evolved since 1945 He then provides a historical overview of the events in question beginning with the decision and program to build the atomic bomb Detailing the sequence of events leading to Japan's surrender he revisits the decisive battles of the Pacific War and the motivations of American and Japanese leaders Finally Kort examines ten key issues in the discussion of Hiroshima and guides readers to relevant primary source documents scholarly books and articles Masters of the Air MTI Donald L. Miller,2024-01-23 A history recounting the events and experiences of the World War II bomber pilots of the U S Eighth Air Force the armed forces group that conducted daytime bombing of Germany in advance of the Allied soldiers arrival on the ground **The Timberclads in the Civil War** Myron J. Smith, Jr.,2008-10-07 In the most detailed history ever of Union warships on the western waters of the Civil War the author recounts the exploits of the timberclad ships Lexington Tyler and Conestoga Converted to warships from commercial steamboats at the beginning of the conflict the three formed the core of the North's Western Flotilla later the Mississippi Squadron The book focuses on the activities of these wooden warriors while providing context for the greater war including accounts of their famous commanders their roles in both large and small battles ship to ship combat and support for the armies of Gen U S Grant and Gen William T Sherman
