**Casualties of the New World Order** M. Wesley, 1997-07-14 Casualties of the New World Order contends that the high rate of failure among post Cold War UN missions are attributable to common weaknesses which are vulnerable to civil war dynamics These mission weaknesses derive from the high level of control over the missions mandates and operations wielded by combinations of self interested and distracted UN member states The effects of these weaknesses are examined in the failed missions in Bosnia Somalia and Angola while their absence is observed in the successful missions to El Salvador Mozambique and Cambodia

*Treason From Within* Donald T Phillips, 2023-10-03 The First Comprehensive Treatment of the Kennedy Assassination The US government lied to the American people about President Kennedy's death But ironically it was the American people who solved the crime Over the past half century hundreds of researchers investigated one or more parts of the murder often using their own expertise such as photography computers science medical expertise and analytical skills Taken together their detailed work illuminated what really happened Author Donald T Phillips has been following the Kennedy assassination since it happened This book begins at the end of World War II and concludes when the Warren Commission was formed Revealed along the way is the truth about the Bay of Pigs the Cuban Missile Crisis the ambush in Dealey Plaza and JFK's fraudulent autopsy During his two years and eight months in office President Kennedy prevented the US government from instigating a war that could have involved nuclear weapons in Vietnam Laos Berlin the Soviet Union and Cuba He was leading the nation away from armed conflict ending the Cold War and setting the stage for a lasting peace with all nations IN doing so however JFK was threatening long established kopek structures within the government So on November 22 1963 in broad daylight they shot him in the back and blew his brains out It was a pre meditated deliberate willful act of murder with malice aforethought And they got away with it No one who participated in the crime was ever brought to justice *Treason From Within* answers the questions Who killed President Kennedy Why was he killed How was he killed

*The Fires of October: The Planned US Invasion of Cuba During the Missile Crisis of 1962* Blaine Pardoe, 2014-03-26 It was the closest we ever came to unleashing the Third World War The image of that world was so horrible to contemplate that both sides stepped away from that precipice and opted for peace *Fires of October* is the exhilarating military history of the Cuban Missile Crisis exploring in detail the strategic plans implemented by American Armed Forces as they headed towards a catastrophic nuclear collision with Cuba and the USSR Using recently declassified material Blaine Pardoe systematically recounts the origins of the crisis from the Berlin Crisis of 1961 and Cuba's

military metamorphosis to the internal disorganization of the US military which exacerbated tensions between the USA Cuba and the USSR Pardoe reveals that the invasion plans were based on old intelligence outdated maps and misconceptions about the size strength and composition of the Soviet forces in Cuba for the first time and with harrowing results he scrutinizes the potential fallout had the invasion gone ahead Gripping and unnerving Fires of October shows us just how close the world came to nuclear war

**Ulysses S. Grant: A Victor, Not a Butcher** Edward H. Bonekemper, III, 2010-10-11 Ulysses S Grant is often accused of being a cold hearted butcher of his troops In Ulysses S Grant A Victor Not a Butcher historian Edward H Bonekemper III proves that Grant s casualty rates actually compared favorably with those of other Civil War generals His perseverance decisiveness moral courage and political acumen place him among the greatest generals of the Civil War indeed of all military history Bonekemper proves that it was no historical accident that Grant accepted the surrender of three entire Confederate armies and won the Civil War Bonekemper ably silences Grant s critics and restores Grant to the heroic reputation he so richly deserves

*Hiding in Plain Sight* Christian P. Potholm, 2021-10-22 Hiding in Plain Sight Women Warriors throughout Time and Space takes the many long standing dimensions of military history including the various modalities of warfare across cultures and periods and integrates them with the more recent and very substantial contributions of social history women s history black history feminist theory LGBTQ community and other perspectives By providing an extensive annotated bibliography of the new findings the work provides the reader with an exciting compilation of new knowledge placed within a longstanding military historical framework one which provides a broader study and understanding of warfare into which to put the very recent disparate findings culled from many disciplines The book reaffirms that women have long been deeply embedded in the practice of warfare not simply as victims or minor curiosities but as important actors tactically strategically in combat and directing warfare from afar just as their male counterparts The concomitant amalgam also shows that certain types and patterns of warfare such as the defense of castles and fortresses commanding a ship or a fleet revolutionary warfare and today s drone and cyber forms of warfare have been more conducive to female activity than other forms of warfare even as women are also present in a wider variety of other broader temporal and geographical dimensions of the history of warfare Hiding in Plain Sight is the only extensive annotated bibliography currently available which provides such a holistic overview of recent scholarship by grounding that scholarship in the existing military canon and history

Swedin, 2010 In 1961 at the Bay of Pigs CIA trained and organized Cuban exiles aiming to overthrow Fidel Castro were soundly defeated Most were taken prisoner by Cuban armed forces Fearing another U S invasion of its new ally the Soviet Union sneaked into Cuba strategic missiles tipped with nuclear warheads and Soviet troops armed with tactical nuclear weapons However a U 2 spy plane flight would soon find the Soviet missile sites thus sparking the famous missile crisis For thirteen terrifying days the world watched nervously as the two superpowers moved toward escalation holding the world s fate in their hands Finally Nikita Khrushchev blinked He agreed to withdraw the weapons from Cuba in return for John F Kennedy s pledge not to invade the island But what if it had not turned out this way What if the U 2 flight had been delayed If the confrontation had set off a nuclear war what would have happened to the United States and Soviet Union in 1962 What kind of account would a historian have written in a world scarred by nuclear war Eric G Swedin draws on research made available after the Soviet Union s collapse to examine what could have happened Top U S military officers all urged stronger action against Cuba than the naval blockade including a bombing campaign and even a full scale invasion Unknown to the Americans meanwhile the Soviet Union had tactical nuclear weapons in Cuba and were prepared to use them The 1962 crisis had many possible outcomes Positing an alternate history helps us better appreciate the dangers of that tense time Such counterfactual speculation shows what the Cuban missile crisis could have wrought and how it was truly one of the most important moments of the twentieth century
